## **Matters Of Faith And Morals:**

**Matters of Faith and Morals** James Gaffney, 1987 *Matters of Faith and Morals* brings together a number of original essays on ethics and on relationships between ethics and other disciplines pertaining to religion and social sciences. They are not expositions of recognized positions within established schools of thought but exploratory and controversial. They are intended not to transmit a traditional body of doctrine but to foster discussion and encourage argument in the interest of intellectual progress.

Issues of Faith and Morals Cardinal George Pell, 1997 *Issues of Faith and Morals* encourages senior secondary students to examine contemporary issues from a Catholic perspective. Designed to inspire both group discussion and individual thought, it challenges students to discover central truths.

**The Faith Explained Today** Joe Babendreier, 2017-03-31 Written in the same style and spirit as the classic best seller *The Faith Explained* by Leo Trese, *The Faith Explained Today* by Joe Babendreier offers an explanation of the faith that is easily accessible to modern readers, especially students and young adults. The book is in six parts and covers the full spectrum of Church teaching over the last 2000 years. These parts include: What Christians Believe, How God Reveals Morality, The Way Christians Worship, The Human Person, Prayer. Complete with review questions at the end of each chapter and frequent use of writings from Sacred Scripture, the saints, spiritual writers, and the Magisterium, this book will help you understand what God revealed through Jesus Christ as the Church has believed, preserved it, and treasured it from the beginning.

Faith and Reason Anthony Fisher, Hayden Ramsay, 2004 The first in a new series with Australian Catholic University, this collection of essays deals with two important themes: Faith and reason are heavily weighted words. They point to elemental aspects of human existence. The papers and discussions presented strive to clarify and correlate these basic activities or dimensions of human beings. In all the complexities of the possible relationships and interweaving of faith and reason, two kinds of questions keep recurring. On the one hand, what is the value of human intelligence and how is it endorsed and supported by faith? On the other hand, what is the distinctive intelligence or rationality of faith and how does it relate to the perennial search for wisdom represented in its various philosophical forms? Contributors include Marilyn McCord Adams, Raimond Gaita, John Haldane, John McDermott SJ, Kevin Hart, and Anthony Kelly.

*Faith's Defenders* Dr. Octavian Caius Obeada, 2024-07-28 *Faith's Defenders* The Christian Apologetic Mission offers a comprehensive exploration of the crucial role of apologetics in the Christian Church. It examines the foundational beliefs, historical challenges, and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present. The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture, address doubts, and reinvigorate faith. Drawing on insights from renowned defenders of the faith, it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue, making a compelling call for the Church to present the gospel with confidence, clarity, and compassion.
