Mothman Prophecies 1st Edition:

Mothman Loren Coleman, 2017-12-18 Loren Coleman has taken a hard look at one of America's most haunting monsters and discovered that it's more terrifying than we ever knew. Read this book now before it's too late. You've been warned. Richard Hatem, screenwriter of *The Mothman Prophecies*. *Mothman Evil Incarnate* by cryptozoologist Loren Coleman is a brand new companion title to the late John Keel's *The Mothman Prophecies* 1975, which investigated the sightings of a winged creature called Mothman and became popularized in the 2002 movie of the same name starring Richard Gere. With new material by Loren Coleman, extensive annotations on each chapter of *The Mothman Prophecies*, a detailed Mothman death list and a gallery of images, *Mothman Evil Incarnate* comprises the most up-to-date information on Mothman phenomena. In addition to providing context to John Keel's cult classic, Coleman expands on missing details from the movie, explores the deaths that followed the West Virginia incident, describes the recent Chicago Mothman sightings, and delves into the life of John Keel. This companion book should find its place on every Mothman aficionado and cryptozoology fan's bookshelf. The mystery continues.

High Strangeness: Book One: 1967 Issue Chris Condon, Daniel Noah, 2025-10-08 SpectreVision, the genre-distorting production company co-founded by Elijah Wood and Daniel Noah, joins forces with Oni Press and a rotating cast of premier comics talents for an unprecedented excursion into HIGH STRANGENESS, a brand new series influenced by real documented cases of paranormal phenomena to reveal the liminal spaces where reality and hallucination and science and mythology give way to cosmic wonder and existential terror. In the first double-sized prestige format chapter, Writer, producer, and real-life experimenter Daniel Noah joins acclaimed writer Chris Condon, *Ultimate Wolverine* artist Dave Chisholm, *Plague House* artist Ringo Award-winning artist Dave Chisholm, and *Plague House* artist Harry Kean is dispatched to rural Indiana to investigate the sudden disappearance of Becky Plume, a local teenager who stepped into the national spotlight with staggering photographic evidence of a recent UFO sighting. Frustrated to leave his developing stories in Chicago and the wife he's hoping to win back, Harry sets off to expose a hoax but instead finds himself in a labyrinth of high strangeness involving a missing girl, her boyfriend, a UFO, and some mysterious black-clad visitors circling at the perimeter of a mystery more vast than Harry could possibly imagine. Told across five interconnected prestige format issues that will interlock to reveal an ambitious dimension spanning finale, each chapter of HIGH STRANGENESS also includes a feature-length essay by podcaster and researcher Jim Perry Euphomet on the historical facts and documentary evidence underpinning the phenomena detailed in each issue.

Heritage Rare Books & Manuscripts Auction Final Session # 683, [True Stories of the Real Men in Black](#) Nick Redfern, 2014-07-15 Men in black, mysterious figures in suits that appear after UFO sightings, have become a familiar part of our popular culture. However, as this book shows, the real men in black may be something much more sinister and terrifying than anything in the movies. The author reviews paranormal history, documenting cases in which UFO witnesses were intimidated and harassed into

silence by unexpressive shadowy individuals After revealing classic cases uncovered in interviews government files and other sources the author explores possible explanations for the creepy visitations Enhanced with a wealth of resources for further information young paranormal fans shouldn't miss this title
