Nature Gone Wild:

Nature, Value, Duty Christopher J. Preston, Wayne Ouderkirk, 2006-11-17 Gifford Lecturer and Templeton Prize winner Holmes Rolston III is widely known as the father of environmental ethics His writings range between natural philosophy and theology and include detailed presentations of an interlocking position that includes aesthetics value theory natural resource policy wilderness advocacy and sustainable development *Nature Value and Duty* Life on Earth with Holmes Rolston III is a collection of contemporary writings on the work of Holmes Rolston III The authors contributing to this volume are a mixture of senior scholars in environmental ethics and new voices in philosophy and in literature Together they provide an in depth evaluation of many of the topics discussed by Rolston They probe the strengths and weaknesses of his work and suggest valuable correctives Rolston himself in a detailed reply to each of his critics at the end of the volume reveals where some of these criticisms sting him the most and in the process provides one of the most detailed and articulate defenses of his position ever offered

Nature Ethics Marti Kheel, 2008 In *Nature Ethics An Ecofeminist Perspective* Marti Kheel explores the underlying worldview of nature ethics offering an alternative ecofeminist approach Seeking to heal the divisions between the seemingly disparate movements and philosophies of feminism animal advocacy environmental ethics and holistic health Kheel proposes an ecofeminist philosophy that underscores the importance of empathy and care for individual beings as well as larger wholes

The Haunted Screen Lee Kovacs, 2005-11-21 While ghosts often inhabit films and literature devoted to the horror genre a group of literature based films from the 1930s and 1940s presents more human and romantic apparitions These films provide the underpinnings for many of the gentle supernatural films of the 1990s Tracing the links between specters as diverse as Rex Harrison's Captain Gregg and Patrick Swazey's Sam Wheat the text presents the evolution of the cinematic literary ghost from classic Gothic to the psychological sociological and political ideologies of today Included are analyses of the literary and film versions of classic ghost stories *Wuthering Heights* *The Ghost and Mrs Muir* *Portrait of Jennie* *Letter from an Unknown Woman* *The Uninvited* *Liliom* and *Our Town* as well as interpretations of modern films not based on literary works that show the influence of these predecessors *Ghost* and *Truly Madly Deeply* The text includes stills a bibliography and an index

The Overcomers Matt Chandler, 2024-05-07 Are you ready to live with intention and adjust your mindset to be fully equipped to handle anything life throws at you Join Pastor Matt Chandler as he leads you through the book of Revelation chapter by chapter and encourages Christians to build mental fortitude knowing that God called you for such a time as this Using historical examples *The Overcomers* will put steel in the spines of believers and remind them of the fierce conquering commanding authority of God over all the earth You were made for this exact moment in human history Things may look gloomy and you may feel discouraged but because of the promise and hope found in Scripture you can be brave confident and victorious today The apostle John wrote his letter to a certain group of people in a particular place at a specific time Although it was written to them it was also written for us *The Overcomers* takes a chapter by chapter view of

Revelation rather than a line by line deep dive helping readers practically understand what God wants to say to us today through this extraordinary book written thousands of years ago He also talks about how we should view current events knowing that the writers of the New Testament understood themselves to be living in the end times or last days Believers will be reminded that they are uniquely wired and uniquely placed in this moment in history as part of God's big plan to push back darkness and to establish light Christ has overcome and in Him we too are the overcomers In this book believers will find courage and confidence from fellow believers who have gone before us Feel empowered as God reminds them of His promises fulfilled and yet to come Understand the strategies tactics and deceptions Satan uses to try to keep us paralyzed with anxiety and fear Build up their mental strength by intentionally living their life for God and mindfully pursuing the light of the world Study the book of Revelation and how God uses it to encourage His people through dark times and hardships In *The Overcomers* Matt Chandler reminds readers that they don't have to be anxious or afraid of anything in the present or in the future because both have already been won We are not victims but overcomers and we are a key part of what God is working out in our day God is at work in the mess just as He has always been and He continues to accomplish His purpose of seeking and saving the lost

Design Like Nature Megan Clendenan, Kim Ryall Woolcock, 2021-03-16 Fascinating An appealing resource sure to spark an interest in biomimicry from casual readers to budding scientists Recommended for all libraries School Library Journal starred review Did you know that lamps can be powered by glowing bacteria instead of electricity That gloves designed like gecko feet let people climb straight up glass walls Or that kids are finding ways to make compostable plastic out of banana peels Biomimicry the scientific term for when we learn from and copy nature is a revolutionary way to look to nature for answers to environmental problems such as climate change In *Design Like Nature* young readers discover innovations and inventions inspired by the environment Nature runs the entire planet with no waste and no pollution Can humans learn to do this too It's time to step outside and start designing like nature

Walking with Nature Spirits Taylor Ellwood, 2023-06-27 In *Walking with Nature Spirits* I share how to develop a collaborative relationship with nature spirits and nature in order to create a rooted and embodied life Nature spirits are unlike any other kind of spirit you can work with They don't care about making pacts or bargains Their focus is on taking care of nature and if you want to work with them you have to shift your approach to spirit work in a way that will seem radical and yet can help you develop a deeper relationship with the world around you In this book you will also learn the following How to meet and recognize the spirit and character of the land and communicate with it How to identify power spots and ley lines and form a bond with them How to work with the land you live on and make it into a place of power How to use all of your senses psychic and physical to work with nature spirits and much more If you're ready to develop a deeper relationship with nature and nature spirits this book will teach you a new approach to working with nature that will help you develop bond with the land

Securitizing Global Warming Delf Rothe, 2015-11-19 This book explores the reasons for a recent securitization of climate

change and reveals how the understanding of climate change as a security threat fuels resilience as a contemporary political paradigm Since 2007 political and public discourse has portrayed climate change in terms of international or national security This increasing attention to the security implications of climate change is puzzling however given the fact that linkages between climate change and conflict or violence are heavily disputed in the empirical literature This book explains this trend of a securitization of global warming and discusses its political implications It traces the actor coalition that promoted the idea of climate change as a security issue and reveals the symbols narratives and storylines that make up this discourse Drawing on three detailed case studies at the international level of the United Nations the regional level of the Euro Mediterranean and the national level of the UK the book reveals how climate change is turned into a non linear and unpredictable threat The resulting complexity discourse prevents the adoption of any exceptional measures and instead presents resilience as the only way to cope with the climate threat This book shows that we can only grasp the complexity of the securitization process and its implications in the climate change case by comparing it at different political levels over a longer period By developing a securitization framework the book makes an important contribution to the ongoing debate on security and resilience in critical security studies This book will be of much interest to students of critical security studies resilience environmental studies global governance and IR in general

Nature Girl Carl Hiaasen, 2021-03-23 Passionate and willful Honey Santana is taking rude gullible telemarketer Boyd Shreve and his less than enthusiastic mistress Eugenie Fonda into the mangroves of Florida's Ten Thousand Islands for a gentle lesson in humility What Honey doesn't know is that she's being followed by her obsessed former employer Piejack and her still smitten ex husband Perry with their protective and wise beyond his years twelve year old son Fry And when they all arrive on Dismal Key they don't know the island is occupied by Sammy Tigertail a failed alligator wrestler trying like hell to be left alone despite the Florida State coed clinging to his side South Florida has never been quite so hilarious as it is in this outrageous tale of one woman's single handed quest to eradicate greed and enforce civility in her corner of the Sunshine State

Nature as Subject Eric Katz, 1997 Written by one of the instrumental figures in environmental ethics Nature as Subject traces the development of an ethical policy that is centered not on human beings but on itself Katz applies this idea to contemporary environmental problems introducing themes of justice domination imperialism and the Holocaust This volume will stand as a foundational work for environmental scholars government and industry policy makers activists and students in advanced philosophy and environmental studies courses
