Nature's Healing Agents; the Medicines of Nature (or the Natura System) Reuben Clymer Swinburne,2025-10-23
In Nature s Healing Agents The Medicines of Nature or The Natura System Dr Reuben Swinburne Clymer presents a sweeping and visionary synthesis of natural healing spiritual philosophy and medical science First published in the early twentieth century this work reflects Clymer s belief that true health arises from harmony between body mind and spirit a principle that placed him at the forefront of the naturopathic and metaphysical healing movements of his time Clymer explores the hidden intelligence of nature arguing that every plant mineral and elemental force contains within it the capacity to restore balance and vitality to human life His Natura System integrates diet herbal medicine magnetic energy and moral discipline into a holistic framework designed not merely to cure disease but to elevate consciousness Drawing upon ancient hermetic philosophy Rosicrucian thought and early medical research he reveals how the same laws that govern the cosmos also guide the body s innate power to heal itself Written in Clymer s distinctive blend of mysticism and empirical observation Nature s Healing Agents is both a manual of natural therapy and a spiritual treatise on the divine order of life It invites readers to see health not as the absence of illness but as a state of alignment with the universal energies of creation For students of naturopathy esoteric philosophy or holistic wellness this classic remains a cornerstone of integrative healing literature an enduring testament to the unity of science and spirit
