Nautical Quarterly 49 Spring 1990:

Adventures in the Trade Wind Richard Dey, 2009-08-20 This is at once the biography of an Englishman who became the pioneering charterboat skipper of an American yacht and a history of the charterboat business in the islands Morris Nicholson's story reflects a time now all but vanished in the islands beginning when they were neglected colonial outposts and a single yacht meant income for the islanders In no other book is there an account of how skippered yachts bareboats and headboats came to sail the Caribbean Sea and became an economic sector However it is Nicholson's story and his stories of others that drives the narrative and fills it with human interest Nautical Quarterly ,1990 **Nautical Research**

After Vicksburg Myron J. Smith, Jr., 2021-11-01 This is the first published comprehensive survey of naval action on the Mississippi River and its tributaries for the years 1863 1865 Following introductory reviews of the rivers and of the U S Navy's Mississippi Squadron chronological Federal naval participation in various raids and larger campaigns is highlighted as well as counterinsurgency economical support and control and logistical protection The book includes details on units locations and activities that have been previously underreported or ignored Examples include the birth and function of the Mississippi Squadron's 11th District the role of U S Army gunboats and the war on the Upper Cumberland and Upper Tennessee Rivers The last chapter details the coming of the peace in 1865 and the decommissioning of the U S river navy and the sale of its gunboats US-China Rivalry and Taiwan's Mainland Policy Dean P. Chen, 2017-03-21 This book examines changes in

Taiwan's policies toward Mainland China under former Republic of China ROC President Ma Ying jeou 2008 16 and considers their implications for US policy toward the Taiwan Strait In recent years the People's Republic of China PRC's increasingly assertive foreign policy behaviors have heightened tensions with its regional neighbors as well as the United States However under the Kuomintang KMT administration of Ma Ying jeou Taiwan discounted Beijing's coercion and pursued rapprochement on the basis of the 1992 consensus which was a tacit agreement reached between the KMT and Chinese Communist Party in 1992 that both Taiwan and the mainland belong to one China though that China is subjected to either side's different interpretations The author of this volume analyzes why Taipei underreacted towards the security challenges posed by the PRC and chartered policies that sometimes went against the interests of Washington and its allies in the Asia Pacific The KMT was pushing for nation building initiatives to rejuvenate the ROC's one China ruling legitimacy and to supplant pro independence forces within Taiwan The island's deeply fragmented domestic politics and partisanship have led policy elites to choose suboptimal strategy and thereby weakening its security position The implications from this study are equally applicable to Taiwan's newly elected Democratic Progressive Party government that has taken office in 2016
