Navajo Shepherd Weaver:

Navajo Shepherd and Weaver Gladys Amanda Reichard, 1968 *Navajo shepherd and weaver* Gladys A. Reichard, 1968 **Navajo Shepherd and Weaver** Gladys Amanda Reichard (ethnologue.), 1968 Navajo Weavers of the American Southwest Peter Hiller, Ann Lane Hedlund, Ramona Sakiestewa, 2018-10-08 From the mid 17th century to the present day herding sheep carding wool spinning yarn dyeing with native plants and weaving on iconic upright looms have all been steps in the intricate process of Navajo blanket and rug making in the American Southwest Beginning in the late 1800s amateur and professional photographers documented the Din Navajo weavers and their artwork and the images they captured tell the stories of the artists their homes and the materials techniques and designs they used Many postcards illustrate popular interest surrounding weaving as an indigenous art form even as economic social and political realities influenced the craft These historical pictures illuminate perceived traditional weaving practices The authors accompanying narratives deepen the perspective and relate imagery to modern life Weavers and Other Workers Jennie Hall, 1917 *Collecting the Weaver's Art* Laurie D. Webster, Peabody Museum of Archaeology and Ethnology, 2003-12-09 This is the first publication on a remarkable collection of 66 outstanding Pueblo and Navajo textiles donated to the Peabody Museum in the 1980s by William Claflin Jr Claflin also bequeathed to the museum his detailed accounts of their collection histories included here *A New Deal for Navajo Weaving* Jennifer McLerran, 2022-05-10 Introduction The problem 1 Reformers and revivalists 2 Indian traders and government agents early twentieth century improvement projects 3 Federal programs to improve Navajo weaving 4 The Southwestern Range and Sheep Breeding Laboratory Wingate Vocational High School and the Navajo Arts and Craft Guild Conclusion **Traders, Agents, and Weavers** Robert S. McPherson, 2020-03-12 For travelers passing through northern Navajo country the desert landscape appears desolate The few remaining Navajo trading posts once famous for their bustling commerce seem unimpressive Yet a closer look at the economic and creative activity in this region which straddles northeastern Arizona northwestern New Mexico and southeastern Utah belies a far more interesting picture In *Traders Agents and Weavers* Robert S McPherson unveils the fascinating and at times surprising history of the merging of cultures and artistic innovation across this land McPherson the author of numerous books on Navajo and southwestern history narrates here the story of Navajo economic and cultural development through the testimonies of traders government agents tribal leaders and accomplished weavers For the first half of the twentieth century trading posts dominated the Navajo economy in northwestern New Mexico McPherson highlights the Two Grey Hills post and its sister posts Toadlena and Newcomb which encouraged excellence among weavers and sold high quality rugs and blankets Parallel to the success of the trading industry was the establishment of the Northern Navajo or Shiprock Agency and Boarding School The author explains the pivotal influence on the area of the agency's stern and controversial founder William T Shelton known by Navajos as Tall Leader Through cooperation with government agents American settlers and traders Navajo

weavers not only succeeded financially but also developed their own artistic crafts Shunning the use of brightly dyed yarn and opting for the natural colors of sheep s wool these weavers primarily women developed an intricate style that has few rivals Eventually economic shifts including oil drilling and livestock reduction eroded the traditional Navajo way of life and led to the collapse of the trading post system Nonetheless as McPherson emphasizes Navajo weavers have maintained their distinctive style and method of production to this day **Made in Mexico** W. Warner Wood,2008 The story behind the international trade in Oaxacan textiles **Uncommon Anthropologist** Nancy Mattina,2019-10-10 A trailblazer in Native American linguistics and anthropology Gladys Reichard 1893 1955 is one of America s least appreciated anthropologists Her accomplishments were obscured in her lifetime by differences in intellectual approach and envy as well as academic politics and the gender realities of her age This biography offers the first full account of Reichard s life her milieu and most important her work establishing once and for all her lasting significance in the history of anthropology In her thirty two years as the founder and head of Barnard College s groundbreaking anthropology department Reichard taught that Native languages written or unwritten sacred or profane offered Euro Americans the least distorted views onto the inner life of North America s first peoples This unique approach put her at odds with anthropologists such as Edward Sapir leader of the structuralist movement in American linguistics Similarly Reichard s focus on Native psychology as revealed to her by Native artists and storytellers produced a dramatically different style of ethnography from that of Margaret Mead who relied on western psychological archetypes to crack alien cultural codes often at a distance Despite intense pressure from her peers to conform to their theories Reichard held firm to her humanitarian principles and methods the result as Nancy Mattina makes clear was pathbreaking work in the ethnography of ritual and mythology Wiyot Coeur d Alene and Navajo linguistics folk art gender and language amplified by an exceptional career of teaching editing publishing and mentoring Drawing on Reichard s own writings and correspondence this book provides an intimate picture of her small town upbringing the professional challenges she faced in male centered institutions and her quietly revolutionary contributions to anthropology Gladys Reichard emerges as she lived and worked a far sighted self reliant humanist sustained in turbulent times by the generous egalitarian spirit that called her yearly to the far corners of the American West
