Odyssey With The Goddess A Spiritual Quest In Crete

Joan M. Cichon

Odyssey With The Goddess A Spiritual Quest In Crete:

Odyssey with the Goddess Carol P. Christ, 1995 *Odyssey with the Goddess* depicts a spiritual journey from death and despair to healing and rebirth At its deepest level it is a story with universal resonance But it is also a woman s story and a spiritual quest from a particular point of view It begins with a very simple experience of despair abandonment in a love relationship What follows is a journey not willingly or consciously chosen The author is present as her mother dies and glimpses the mystery of love She is taken to Crete a land where the Goddess once reigned in peace and harmony There she descends into the darkness of a cave finds the tree of life in the center of a garden and dances to the strange rhythms of mountain goat songs Eventually she comes to understand that life is not a goal to be achieved by effort and will It is a dance along a serpentine path offering many gifts at every turn

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Rebirth of the Goddess Carol P. Christ, 1998-10-15 First published in 1999 One of the most unexpected developments of the late twentieth century is the rebirth of the religion of the Goddess in western cultures Though we were taught that the Gods and Goddesses died with the triumph of Christianity the re emergence of the Goddess is not as surprising as it might seem This book explores the meaning of the Goddess and the questions we ask as well as the ways we answer them

Goddesses and the Divine Feminine Rosemary Ruether, 2006-11-20 Gender and the problem of prehistory Goddesses and world renewal in the ancient mediterranean The Hebrew God and gender Savior goddesses in the mystery religions and gnosticism The spiritual feminine in New Testament and patristic Christianity Feminine symbols in medieval religious literature Tonantzin Guadalupe the meeting of Aztec and Christian female symbols in Mexico Mary and wisdom in protestant mystical millennialism Contested gender status and imagining ancient matriarchy The return of the goddess

Matriarchy in Bronze Age Crete Joan M. Cichon, 2022-06-30 This book makes a compelling case for a matriarchal Bronze Age Crete It is acknowledged that the preeminent deity was a Female Divine and that women played a major role in Cretan society but there is a lively ongoing debate regarding the centrality of women in Bronze Age Crete a gap in the scholarly literature which this book seeks to fill

Future Sister's Woman Kathy Reimer, 2005 *Future Sister's Woman* describes women creating a world where they can express their understanding of the meaning of life Women are seeking greater interpretation Women s bodies are celebrated not only for their ability to give birth but also for their vision The body is the source of all creative powers in the universe and includes the web of friends Friendship is an emerging postmodern transformation resisting the idea that women are forever alone The power of female friendship is both magic and medicine what women feel they can say what they say they can manifest Moving mountains is what happens when women look at other women When they see each other as they really are they put the world in perspective and it no longer remains what it was With thoughtfulness and passion they create a world in which they can be truly happy Women can choose Kathy Reimer can be contacted at catspry yahoo com

Goddess and God in the World Carol P.

Christ, Judith Plaskow, 2016-08-01 In Goddess and God in the World leading theologians Carol P Christ and Judith Plaskow debate the nature of divinity proposing a new method called embodied theology They agree that the transcendent omnipotent male God of traditional theology must be reimagined Carol proposes that Goddess is the intelligent embodied love that is in all being Judith counters that God is an impersonal power of creativity that includes both good and evil Rooting their views in experience and questioning each other they offer a fruitful model of theological conversation across difference Women and Reiki Judith MacPherson, 2017-07-05 Women and Reiki is the first ethnographic study of Reiki and energetic healing in Britain The book argues that if we are to build an accurate and comprehensive picture of healing we must examine the role of gender representation and power Although women healers predominate at the grass roots level these factors have been largely ignored in academic studies of New Age and alternative spiritualities The acknowledgement of women's power in these studies is to be found somewhere between male dominated biomedical approaches to health and apparently more egalitarian holistic discourse and practice Using the work of theorists such as Michel Foucault and Meredith McGuire the book shows that women healers are using Reiki and other healing spiritualities to actively engage in a politics of reclamation

Archaeology of Spiritualities Kathryn Rountree, Christine Morris, Alan A. D. Peatfield, 2012-05-23 Archaeology of Spiritualities provides a fresh exploration of the interface between archaeology and religion spirituality Archaeological approaches to the study of religion have typically and often unconsciously drawn on western paradigms especially Judaeo Christian mono theistic frameworks and academic rationalisations Archaeologists have rarely reflected on how these approaches have framed and constrained their choices of methodologies research questions hypotheses definitions interpretations and analyses and have neglected an important dimension of religion the human experience of the numinous the power presence or experience of the supernatural Within the religions of many of the world's peoples sacred experiences particularly in relation to sacred landscapes and beings connected with those landscapes are often given greater emphasis while doctrine and beliefs are relatively less important Archaeology of Spiritualities asks how such experiences might be discerned in the archaeological record how do we recognize and investigate other forms of religious or spiritual experience in the remains of the past The volume opens up a space to explore critically and reflexively the encounter between archaeology and diverse cultural expressions of spirituality It showcases experiential and experimental methodologies in this area of the discipline an unconventional approach within the archaeology of religion Thus Archaeology of Spiritualities offers a unique timely and innovative contribution one that is also challenging and stimulating It is a great resource to archaeologists historians religious scholars and others interested in cultural and religious heritage Book Review Digest, 1997 Mother of the Lamb Matthew J. Milliner, 2022-10-04 Mother of the Lamb tells the remarkable story of a Byzantine image that emerged from the losing side of the Crusades Called the Virgin of the Passion in the East and Our Lady of Perpetual Help in the West the icon has expanded beyond its Byzantine origins to become one of the most pervasive images

of our time It boasts multiple major shrines on nearly every continent and is reflected in every epoch of art history since its origin even making an appearance at the Olympics in 2012 Matthew Milliner first chronicles the story of the icon's creation and emergence in the immediate aftermath of the Third Crusade whereupon the icon became a surprising emblem of defeat its own fame expanding in inverse proportion to Christendom's political contraction Originally born as a Christian response to the Christian violence of the Crusades it marked the moment when Mary's ministry of suffering love truly began Having traced the icon's origin and ubiquity Milliner teases out the painting's theological depth and continues the story of the icon's evolution and significance from its origins to the present day As the story of the icon moves well beyond Byzantine art history both temporally and thematically it engages religion politics contemporary art and feminist concerns at once Always though the icon exemplifies dignity in suffering a lesson that through this image Byzantium bequeathed to the wider world Encapsulating eleven centuries of development of the mourning Mary in Byzantium the Virgin of the Passion emerges as a commendable icon of humility a perennial watchword signaling the perils of imagined political glory The Virgin of the Passion emblemizing political humility the powerful agency of women and the value of inter Christian and extra Christian concord is an exemplary Marian image for the fledgling twenty first century
