Of Murderous Intent:

Of Murderous Intent Donald N. Isaac DMD,2001-11 Of Murderous Intent the second novel of a mystery trilogy evolves around a great many shady happenings going on in Las Vegas that consistently wind up on the doorstep of Case Diamond Private Investigator Wouldn't you be overly concerned if you came into a great deal of wealth and then became the target of a criminal mindset wanting to take it from you to the extent of actually making attempts on your life Case Diamond and company would no doubt become your first option for assistance Circumstances erupt into an ongoing series of varied attacks against his clients friends associates and relatives Dealing with this kind of ongoing trauma is bound to be challenging and exciting at the same time Travel with us through the intriguing twists and turns of these adventures and test your powers of deduction to discover just who really is responsible for all this mayhem The Oxford Handbook of Language and Law Peter M. Tiersma, Lawrence M. Solan,2012-03-08 This book provides a state of the art account of past and current research in the interface between linguistics and law It outlines the range of legal areas in which linguistics plays an increasing role and describes the tools and approaches used by linguists and lawyers in this vibrant new field Through a combination of overview chapters case studies and theoretical descriptions the volume addresses areas such as the history and structure of legal language its meaning and interpretation multilingualism and language rights courtroom discourse forensic identification intellectual property and linguistics and legal translation and interpretation Encyclopaedic in scope the handbook includes chapters written by experts from every content area who are familiar with linguistic issues that arise in diverse legal systems including both civil and common law jurisdictions mixed systems like that of China and the emerging law of the European Union When Deadly Force Is Involved Bruce M. Lawlor,2017-03-17 Self defense as a legal concept is easy to describe but difficult to apply Generally a person who is without fault may use reasonable force or defensive force for the purpose of defending one's own life or the lives of others including in certain circumstances the use of deadly force provided there is no reasonable alternative to avoid it When someone begins to parse the words of this description however he or she runs immediately into a maze of self defense laws that appear to be at odds with each other Bruce Lawlor clears up the confusion by identifying the major issues that surface in most self defense cases and by describing how the law has dealt with them historically Its purpose is not to provide legal advice but to illuminate the path that must be taken to decide whether a claim of self defense is valid It examines a variety of issues including the duty to retreat and stand your ground laws what is a deadly threat when is fear of mortal danger reasonable and even what happens when a person mistakenly shoots someone in self defense When Deadly Force Is Involved A Look at the Legal Side of Stand Your Ground Duty to Retreat and Other Questions of Self Defense brings a bit of order to the confusion behind self defense **Louisiana Reports** ,1854 **North Carolina Reports** North Carolina.
