Damián J. Fernández

Of Passion Born:

Born of Passion Carla Cassidy, 2010-11-15 The tension between Montebello and Tamir was escalating when Firstborn Son Kyle Ramsey embarked on a special operation to patrol the skies between the two feuding territories His mission Ward off acts of terrorism and stake a claim on his woman and child Three months ago he had shared a stolen night of passion with a mysterious beauty which had stirred Kyle's heart fulfilled his every fantasy and left Joanna Morgan pregnant with his baby Trouble was Joanna had had her fill of rootless military men and now refused to surrender to Kyle's seductive powers of persuasion But this was one battle that Kyle was determined to win **The Psychology of Passion** Dr Robert J.

Vallerand, 2015-05-01 Winner of the 2017 APA William James Book Award The concept of passion is one we regularly use to describe our interests and yet there is no broad theory that can explain the development and consequences of passion for activities across people's lives In *The Psychology of Passion* Robert J Vallerand presents the first such theory providing a complete presentation of the Dualistic Model of Passion and the empirical evidence that supports it Vallerand conceives of two types of passion harmonious passion which remains under the person's control and obsessive passion which controls the person While the first typically leads to adaptive behaviors the obsessive form of passion leads to less adaptive and at times maladaptive behaviors Vallerand highlights the effects of these two types of passion on a number of psychological phenomena such as cognition emotions performance relationships aggression and violence He also discusses the development of passion and reviews a range of literature on passion for activities Cuba and the Politics of Passion

Damián J. Fernández, 2010-01-01 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not *A Woman of Passion* Julia

Briggs, 2000-11-07 In *A Woman of Passion* Julia Briggs chronicles the life of author Edith Nesbit who is credited with being the first modern writer for children and the creator of the children's adventure story Nesbit recorded her life with varying degrees of honesty in verse and prose and while she seldom wrote entirely openly of her own experiences she seldom wrote convincingly of anything else In this fascinating read Julia Briggs attempts to fill in the gaps of Nesbit's autobiographical material painting an intriguing portrait of the famous author The Way of Passion Andrew Harvey, 2013-07-23 A modern

mystic and religious scholar presents a stunning collection of Rumi poems and reveals how the Sufi poet's words can guide us through spiritual and ecological crisis. The minds of two mystics intermingle in a work of inspired vision and clarity. Jalalud Din Rumi, enlightened spiritualist poet of Sufism, has been venerated by Muslims everywhere since his death in 1273. No other poet in history, not even Shakespeare or Dante, has made so exalted and comprehensive an impact on his own civilization. In the latter part of the 20th century he has become for people of every race and creed the poet of the new mystical Renaissance that is slowly but surely coming to its flowering. No one has done more than Andrew Harvey to spread popular awareness of Rumi's message. Himself a charismatic mystic, he has spent the last 20 years of his life in search of the essential truths that could transform the spiritual barrenness at the heart of modern Western civilization. In his books *Love's Fire* and *Speaking Flame*, he has re-created Rumi's poems with a brilliance that speaks eloquently to us today. *The Way of Passion* draws on the poems to present a guide to the contemporary spiritual and ecological crisis. Each chapter, Harvey tells us, is a dance, a dance of mirrors in which essential spiritual themes return to be reflected in different constellations and harmonies, a dance around Rumi and that mystery of Love he lived and expressed so completely. Inspired by Rumi's voice and by his own startling ability to see into the innermost heart of life, Harvey urges us to change, to have faith, and to act through Love to transform this time of Apocalypse into the time of Resurrection. The passion of his words shines from the pages with an intensity that can embrace and inspire us all.

The Politics of Passion Norman Bethune, 1998-05-01 *The Politics of Passion* is the first comprehensive collection of the writing and art of Dr Norman Bethune. A Canadian medical pioneer and a communist, Bethune gained fame during the 1930s while serving in the Spanish Civil War and participating in China's struggle against Japanese invasion. This book sheds light on the man, the artist, and the revolutionary. It uncovers new historical material relating to several controversies surrounding Bethune. A remarkable document obtained from the Communist International Archives in Moscow, for instance, discusses why Bethune was sent home in disgrace from the Spanish Civil War. It refers to a mysterious Swedish woman, Kajsa von Rothman, who was Bethune's lover and who was believed by left-wing Spanish authorities to be politically suspect. This collection of Bethune's writings and art reveals that politics preoccupied him only during the last four years of his life. Earlier, his passionate nature found expression in medical and surgical innovation as well as in painting, sketching, photography, writing, poetry, and short stories, to letters, radio broadcasts, and plays and public speaking. *The Politics of Passion* reveals the many sides of Bethune's identity, exploring not only the life of a revolutionary doctor but of an intense and compassionate artist.

[The Birth and Death of the PreMarkan Passion Narrative](#) Brandon Massey, 2024-07-26 The existence of a source behind the Markan passion narrative was considered one of the assured results of twentieth-century scholarship. Brandon Massey traces the origins and assumptions underlying the existence of this source and shows that it cannot be sustained outside of a form-critical paradigm.
