Of Kennedys And Kings Making Sense Of The Sixties

Richard D. Mahoney

Of Kennedys And Kings Making Sense Of The Sixties:

Of Kennedys and Kings Harris Wofford, 1992 When former public servant and college president Harris Wofford soundly defeated former governor and U S Attorney General Dick Thornburgh for the U S Senate in a 1991 special Pennsylvania election it made national and international news but few Pennsylvanians or Americans recognized his name Yet Wofford had been a special assistant to President John F Kennedy and was one of the founders of the Peace Corps During the decade of struggle from Montgomery to Memphis he was and advisor to Martin Luther King Jr With independent views of his own Harris Wofford was witness from within the White House to the bright and the dark side of the Kennedy administration Focusing on how the politics and ideas came together to shape critical decisions Wofford s memoir captures the personal drama of the Kennedys and Martin Luther King as their characters were tested Of Kennedys and Kings not only makes sense of the sixties but gives us a glimpse into the issues closest to the heart of one of America s most interesting senators Wofford s vivid recollections and reflections shed light on the sixties and on the dramatic domestic and international politics of the era Of Kennedys and Kings provides a timely reminder of what can be accomplished with leaders who are with all their human feelings committed to public service and responsible political action

Guarding the Golden Door Roger

Daniels, 2005-01-12 Arguably the most useful for general readers Clearly written reasonably lean and on the whole balanced in its assessments it is an excellent primer Los Angeles Times The federal government s efforts to pick and choose among the multitude of immigrants seeking to enter the United States began with the Chinese Exclusion Act of 1882 Conceived in ignorance and falsely presented to the public it had undreamt of consequences and this pattern has been rarely deviated from since As renowned historian Roger Daniels shows in this brilliant new work America s inconsistent often illogical and always cumbersome immigration policy has profoundly affected our recent past Immigration policy in Daniels skilled hands shows Americans at their best and worst from the nativist violence that forced Theodore Roosevelt s 1907 gentlemen s agreement with Japan to the generous refugee policies adopted after World War Two and throughout the Cold War And in a conclusion drawn from today s headlines Daniels makes clear how far ignorance partisan politics and unintended consequences have overtaken immigration policy during the current administration s War on Terror Irreverent deeply informed and authoritative Guarding the Golden Door presents an unforgettable interpretation of modern American history

The Other Side of the Sixties John A. Andrew, 1997 Contains primary source documents The Kennedy Brothers

Richard D. Mahoney, 2011-05-01 Eight years apart in age John F and Robert F Kennedy were wildly different in temperament and sensibility Jack was the leader charismatic ironic capable of extraordinary growth and reach yet also reckless Bobby was the fearless hardworking Boy Scout unafraid of dirty work and ruthless about protecting his brother and destroying their enemies Jack it was said was the first Irish Brahman Bobby the last Irish Puritan As Richard D Mahoney demonstrates with brilliant clarity in this impeccably documented magisterial book the Kennedys lived their days of power in dangerous

trackless territory Mahoney gives us the Kennedy days and years as we have never before seen them Here are Jack and Bobby in all their hubris and humanity youthfulness and fatalism Here also is American history as it unfolds With a new foreword by David Talbot The Kennedy Brothers is a masterful account of two men whose legacy continues to hold the American imagination [JFK, Conservative](#) Ira Stoll,2017-11-01 In an era of partisanship and shifting political labels a fascinating look at just how liberal President John F Kennedy actually was or wasn't America meet the real John F Kennedy Washington Times John F Kennedy is lionized by liberals He inspired Lyndon Johnson to push Congress to pass the Civil Rights Act His New Frontier promised increased spending on education and medical care for the elderly He inspired Bill Clinton to go into politics His champions insist he would have done great liberal things had he not been killed by Lee Harvey Oswald But what if we've been looking at him all wrong Indeed JFK had more in common with Ronald Reagan than with LBJ After all JFK's two great causes were anticommunism and tax cuts His tax cuts domestic spending restraint military buildup pro growth economic policy emphasis on free trade and a strong dollar and foreign policy driven by the idea that America had a God given mission to defend freedom all make him by the standards of both his time and our own a conservative This widely debated book is must reading for conservatives and liberals alike Provocative and compelling Ira Stoll has succeeded in changing our very perception of Kennedy as one of liberalism's heroes Weekly Standard An informative analysis of the ways in which JFK did indeed evince his conservative side he was very religious open to a free market unencumbered by governmental interference and staunchly anti Communist Publishers Weekly

The Revolution of Robert Kennedy John R. Bohrer,2017-06-06 A groundbreaking account of how Robert F Kennedy transformed horror into hope between 1963 and 1966 with style and substance that has shaped American politics ever since On November 22nd 1963 Bobby Kennedy received a phone call that altered his life forever The president his brother had been shot JFK would not survive In The Revolution of Robert Kennedy journalist John R Bohrer focuses in intimate and revealing detail on Bobby Kennedy's life during the three years following JFK's assassination Torn between mourning the past and plotting his future Bobby was placed in a sudden competition with his political enemy Lyndon Johnson for control of the Democratic Party No longer the president's closest advisor Bobby struggled to find his place within the Johnson administration eventually deciding to leave his Cabinet post to run for the U S Senate and establish an independent identity Those overlooked years of change from hardline Attorney General to champion of the common man helped him develop the themes of his eventual presidential campaign The Revolution of Robert Kennedy follows him on the journey from memorializing his brother's legacy to defining his own John R Bohrer's rich insightful portrait of Robert Kennedy is biography at its best inviting readers into the mind and heart of one of America's great leaders [Robert Kennedy](#) James Hilty,2000-04 For most of his life Robert Kennedy stood in the shadow cast by his older brother John only after President Kennedy's assassination did the public gain a complete sense of Robert Bobby we called him as a committed advocate for social justice and a savvy politician in his own right In this

comprehensive biography James W Hilty offers a detailed and nuanced account of how Robert was transformed from a seemingly unpromising youngster unlikely to match the accomplishments of his older brothers to the forceful man who ran the family business orchestrating the Kennedy quest for political power **When the World Calls** Stanley

Meisler,2012-02-07 *When the World Calls* is the first complete and balanced look at the Peace Corps s first fifty years Revelatory and candid journalist Stanley Meisler s engaging narrative exposes Washington infighting presidential influence and the Volunteers unique struggles abroad He deftly unpacks the complicated history with sharp analysis and memorable anecdotes taking readers on a global trek starting with the historic first contingent of Volunteers to Ghana on August 30 1961 In the years since in spite of setbacks the ethos of the Peace Corps has endured largely due to the perseverance of the 200 000 Volunteers themselves whose shared commitment to effect positive global change has been a constant in one of our most complex and valued institutions *JFK in the Senate* John T. Shaw,2025-09-23 Before John F Kennedy became a legendary young president he was the junior senator from Massachusetts The Senate was where JFK s presidential ambitions were born and first realized In the first book to deal exclusively with JFK s Senate years author John T Shaw looks at how the young Senator was able to catapult himself on the national stage Tip O Neill once quipped that Kennedy received more publicity for less accomplishment than anyone in Congress But O Neill didn t understand that Kennedy saw a different path to congressional influence and ultimately the presidency Unlike Lyndon Johnson the Democratic leader in the Senate JFK never aspired to be The Master of the Senate who made deals and kept the institution under his control Instead he envisioned himself as a Historian Scholar Statesman in the mold of his hero Winston Churchill which he realized with the 1957 publication of *Profiles of Courage* that earned JFK a Pulitzer Prize and public limelight Smart dashing irreverent and literary the press could not get enough of him Yet largely overlooked has been Kennedy s tenure on a special Senate committee to identify the five greatest senators in American history JFK s work on this special panel coalesced his relationships in Congress and helped catapult him toward the presidency Based on primary documents from JFK s Senate years as well as memoirs oral histories and interviews with his top aides *JFK in the Senate* provides new insight into an underappreciated aspect of his political career **John F. Kennedy** Michael E. Meagher Ph.D.,Larry D. Gragg,2011-07-22 This biography examines the life and political career of a president whose idealism and policies continue to impact the world today despite his brief time in office John F Kennedy is revered as one of the United States most iconic and inspirational presidents Among his historic accomplishments however Kennedy was also a human being who made tragic miscalculations in the Bay of Pigs fiasco publicly expressed doubts about democracy and supported the use of fear based tactics to manipulate the American people *John F Kennedy A Biography* provides background information about the Kennedy family in the early 20th century describes the rise of Joseph P Kennedy as a major figure in American life and chronicles the subsequent emergence of his second son John F Kennedy as a leading figure in American politics The authors provide a

fascinating look at how the characteristics of a 23 year old John F Kennedy in 1940 were borne out in his performance as president two decades later
