Offering Flowers Feeding Skulls:

Offering Flowers, Feeding Skulls June McDaniel, 2004-08-05 The Indian state of West Bengal is home to one of the world's most vibrant traditions of goddess worship. The year's biggest holidays are devoted to the goddesses Durga and Kali with lavish rituals, decorated statues, fireworks, and parades. In *Offering Flowers Feeding Skulls* June McDaniel provides a broad, accessibly written overview of Bengali goddess worship. McDaniel identifies three major forms of goddess worship and examines each through its myths, folklore, songs, rituals, sacred texts, and practitioners. In the folk/tribal strand, which is found in rural areas, local tribal goddesses are worshipped alongside Hindu goddesses with an emphasis on possession, healing, and animism. The tantric/yogic strand focuses on ritual, meditation, and visualization as ways of experiencing the power of the goddess directly. The devotional or bhakti strand, which is the most popular form, involves the intense love and worship of a particular form of the goddess. McDaniel traces these strands through Bengali culture and explores how they are interwoven with each other as well as with other forms of Hinduism. She also discusses how these practices have been reinterpreted in the West, where goddess worship has gained the values of sexual freedom and psychological healing but lost its emphases on devotion and asceticism. *Offering Flowers Feeding Skulls* takes the reader inside the lives of practicing Shaktas, including holy women, hymn singers, philosophers, visionaries, gurus, ascetics, healers, musicians, and businessmen, and offers vivid descriptions of their rituals, practices, and daily lives. Drawing on years of fieldwork and extensive research, McDaniel paints a rich, expansive portrait of this fascinating religious tradition.

portrait of this fascinating religious tradition *Offering Flowers, Feeding Skulls* June McDaniel, 2004 In *Offering Flowers Feeding Skulls* June McDaniel provides an overview of Bengali goddess worship or Shakti She identifies three major forms of goddess worship and examines each through its myths folklore songs rituals sacred texts and practitioners tracing these strands through Bengali culture *Hindu Goddesses* Lynn Foulston, 2009-07-03 Explores the diversity of Hindu goddesses and the variety of ways in which they are worshipped Although they undoubtedly have ancient origins Hindu goddesses and their worship is still very much a part of the fabric of religious engagement in India today This book offers an introduction to a complex and often baffling field of study *Religious Individualisation* Martin Fuchs, Antje Linkenbach, Martin Mulsow, Bernd-Christian Otto, Rahul Bjørn Parson, Jörg Rüpke, 2019-12-16 This volume brings together key findings of the long term research project Religious Individualisation in Historical Perspective Max Weber Centre for Advanced Cultural and Social Studies Erfurt University Combining a wide range of disciplinary approaches methods and theories the volume assembles over 50 contributions that explore and compare processes of religious individualisation in different religious environments and historical periods in particular in Asia the Mediterranean and Europe from antiquity to the recent past Contrary to standard theories of modernisation which tend to regard religious individualisation as a specifically modern or early modern as well as an essentially Western or Christian phenomenon the chapters reveal processes of religious individualisation in a large variety of non Western and pre modern scenarios Furthermore the volume challenges prevalent views that regard religions primarily as collective phenomena and provides nuanced perspectives on the appropriation of religious agency the pluralisation of religious options dynamics of de traditionalisation and privatisation the development of elaborated notions of the self the facilitation of religious deviance and on the notion of dividuality **Religion and Myth in the Marvel Cinematic Universe** Michael D. Nichols, 2021-02-11 Breaking box office records the Marvel Cinematic Universe has achieved an unparalleled level of success with fans across the world raising the films to a higher level of narrative myth This is the first book to analyze the Marvel output as modern myth comparing it to epics symbols rituals and stories from world religious traditions This book places the exploits of Iron Man Captain America Black Panther and the other stars of the Marvel films alongside the legends of Achilles Gilgamesh Arjuna the Buddha and many others It examines their origin stories and rites of passage the monsters shadow selves and familial conflicts they contend with and the symbols of death and the battle against it that stalk them at every turn The films deal with timeless human dilemmas and questions evoking an enduring sense of adventure and wonder common across world mythic traditions **Hindu Images and their Worship with special reference to Vaisnavism** Julius Lipner, 2017-04-21 Hinduism comprises perhaps the major cluster of religious cultural traditions of India and it can play a valuable role in helping us understand the nature of religion and human responses to life Hindu image worship lies at the core of what counts for Hinduism up front and subject to much curiosity and misunderstanding yet it is a defining feature of this phenomenon This book focuses on Hindu images and their worship

with special reference to Vai avism a major strand of Hinduism Concentrating largely but not exclusively on Sanskritic source material the author shows in the course of the book that Hindu image worship may be understood via three levels of interpretation the metaphysical theological the narrativ or mythic and the performative or ritual Analysing the chief philosophical paradigm underlying Hindu image worship and its implications the book exemplifies its widespread application and tackles among other topics such as the origins of image worship in Hinduism the transition from Vedic to image worship a distinguishing feature of Hindu images their multiple heads and limbs Finally with a view to laying the grounds for a more positive dialogic relationship between Hinduism and the Abrahamic faiths which tend to condemn Hindu image worship as idolatry the author examines the theological explanation and justification for embodiment of the Deity in Hinduism and discusses how Hinduism might justify itself against such a charge Rich in Indological detail and with an impressive grasp of the philosophical and theological issues underlying Hindu material culture and image worship this book will be of interest to academics and others studying theology Indian philosophy and Hinduism **Indian Asceticism** Carl Olson,2015

Throughout the history of Indian religions the ascetic figure is most closely identified with power A by product of the ascetic path power is displayed in the ability to fly walk on water or through dense objects read minds discern the former lives of others see into the future harm others or simply levitate one s body These tales give rise to questions about how power and violence are related to the phenomenon of play Indian Asceticism focuses on the powers exhibited by ascetics of India from ancient to modern time Carl Olson discusses the erotic the demonic the comic and the miraculous forms of play and their connections to power and violence He focuses on Hinduism but evidence is also presented from Buddhism and Jainism suggesting that the subject matter of this book pervades India s major indigenous religious traditions The book includes a look at the extent to which findings in cognitive science can add to our understanding of these various powers Olson argues that violence is built into the practice of the ascetic Indian Asceticism culminates with an attempt to rethink the nature of power in a way that does justice to the literary evidence from Hindu Buddhist and Jain sources *Puṣpikā: Tracing Ancient*

India Through Texts and Traditions Robert Leach,Jessie Pons,2015-03-05 Pu pik 3 is the outcome of the third and fourth International Indology Graduate Research Symposiums held in Paris and Edinburgh in 2011 and 2012 This volume presents the results of recent research by early career scholars into the texts languages and literary philosophical and religious traditions of South Asia The articles offer a broad range of disciplinary perspectives on a wide array of subjects including classical and medieval philosophy esoteric knowledge and practices in the Vedas K lid sa s great poem Meghad ta The Cloud Messenger soteriology in a 17th century Jain text identity orality and the songs of the Bauls in 20th century Bengal and Sanskrit pedagogy *An Empire of Touch* Poulomi Saha,2019-04-16 In today s world of unequal globalization Bangladesh has drawn international attention for the spate of factory disasters that have taken the lives of numerous garment workers mostly young women The contemporary garment industry and the labor organizing pushing back draws on a long history of

gendered labor division and exploitation in East Bengal the historical antecedent of Bangladesh Yet despite the centrality of women s labor to anticolonial protest and postcolonial state building historiography has struggled with what appears to be its absence from the archive Poulomi Saha offers an innovative account of women s political labor in East Bengal over more than a century one that suggests new ways to think about textiles and the gendered labors of their making *An Empire of Touch* argues that women have articulated in writing in political action in stitching their own desires in their own terms They produce narratives beyond women s empowerment and independence as global and national projects they refuse critical pronouncements of their own subjugation Saha follows the historical traces of how women have claimed their own labor contending that their political commitments are captured in the material objects of their manufacture Her analysis of the production of historical memory through and by the bodies of women spans British colonialism and American empire anticolonial nationalism to neoliberal globalization depicting East Bengal between development economics and postcolonial studies Through a material account of text and textile *An Empire of Touch* crafts a new narrative of gendered political labor under empire
