Encyclopedia of Military Science G. Kurt Piehler, 2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose

and functions of today's military. Entries in this four volume work include coverage of the duties, responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political, social, legal, economic and technological factors. A large component is devoted to issues of leadership, group dynamics, motivation, problem solving and decision making in the military context. Finally, this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations, the First Persian Gulf War, the events surrounding 9/11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events.

Quarterly Review of Military Literature, 1975 **All for the Regiment** Gerald J. Prokopowicz, 2014-03-24

Despite its important role in the early years of the Civil War, the Army of the Ohio remains one of the least studied of all Union commands. With *All for the Regiment*, Gerald Prokopowicz deftly fills this surprising gap. He offers an engaging history of the army from its formation in 1861 to its costly triumph at Shiloh and its failure at Perryville in 1862. Prokopowicz shows how the amateur soldiers who formed the Army of the Ohio organized themselves into individual regiments of remarkable strength and cohesion. Successive commanders Robert Anderson, William T. Sherman and Don Carlos Buell all failed to integrate those regiments into an effective organization; however, the result was a decentralized and elastic army that was easily disrupted and difficult to command but also nearly impossible to destroy in combat. Exploring the army's behavior at minor engagements such as Rowlett's Station and Logan's Cross Roads as well as major battles such as Shiloh and Perryville, Prokopowicz reveals how its regiment-oriented culture prevented the army from experiencing decisive results, either complete victory or catastrophic defeat on the battlefield. Regimental solidarity was at once the Army of the Ohio's greatest strength, he argues, and its most dangerous vulnerability.

The Congressional Globe United States.

Congress, 1868 *The Encyclopedia of Nineteenth-century Land Warfare* Byron Farwell, 2001. This definitive one volume reference tells of the armies, arms and actions of the century that defined modern warfare. It's comprehensive coverage includes weapons development, battles, campaigns, military leaders, medicine and wartime journalism. Contains nearly 1,000 illustrations reproduced from period sources. Maps.
