## **Reign Of Error:**

*Reign of Error* Diane Ravitch, 2013-09-17 From one of the foremost authorities on education in the United States former U S assistant secretary of education whistle blower extraordinaire The Wall Street Journal author of the best selling The Death and Life of the Great American School System Important and riveting Library Journal The Language Police Impassioned Fiercely argued Every bit as alarming as it is illuminating The New York Times and other notable books on education history and policy an incisive comprehensive look at today s American school system that argues against those who claim it is broken and beyond repair an impassioned but reasoned call to stop the privatization movement that is draining students and funding from our public schools In *Reign of Error* Diane Ravitch argues that the crisis in American education is not a crisis of academic achievement but a concerted effort to destroy public schools in this country She makes clear that contrary to the claims being made public school test scores and graduation rates are the highest they ve ever been and dropout rates are at their lowest point She argues that federal programs such as George W Bush s No Child Left Behind and Barack Obama s Race to the Top set unreasonable targets for American students punish schools and result in teachers being fired if their students underperform unfairly branding those educators as failures She warns that major foundations individual billionaires and Wall Street hedge fund managers are encouraging the privatization of public education some for idealistic reasons others for profit Many who work with equity funds are eyeing public education as an emerging market for investors *Reign of Error* begins where *The Death and Life of the Great American School System* left off providing a deeper argument against privatization and for public education and in a chapter by chapter breakdown putting forth a plan for what can be done to preserve and improve it She makes clear what is right about U S education how policy makers are failing to address the root causes of educational failure and how we can fix it For Ravitch public school education is about knowledge about learning about developing character and about creating citizens for our society It s about helping to inspire independent thinkers not just honing job skills or preparing people for college Public school education is essential to our democracy and its aim since the founding of this country has been to educate citizens who will help carry democracy into the future Diane Ravitch: Reign of error - The hoax of the privatization movement and the danger to America's public schools. New York: Knopf, 2013. [Rezension] Kai S. Cortina, 2014 **Radical Dreamers** Joseph P. Viteritti, Thomas Hunter Professor of Public Policy Joseph P Viteritti, 2025-09-26 In *Radical Dreamers* Joseph P Viteritti presents a wide ranging history of the most controversial educational reform movement in America school choice Using it as a lens for observing the broader history of American educational failure Viteritti traces how the school choice movement emerged to correct disparities in education and help economically disadvantaged students of color but evolved into a mechanism to provide public funding for students irrespective of income to attend private and religious schools Viteritti s story is brought to life by featuring the contributions of six major figures whose careers helped shape this history and the ongoing debate Blunder Book M. H.

Goldberg,1988-02-25 The Blunder Book Colossal Errors Minor Mistakes and Surprising Slipups that have changed the course of history The pantheon of error making is large and always growing History is replete with notables who have made serious mistakes who have every right to hide their red faces from the limelight people like Columbus Gutenberg Washington Einstein All of them and many others have had to overcome the errors of their ways to make their marks in the world This book presents the many ways in which error has become ingrained in our government science medicine and the arts how error has changed history crept into our libraries altered our thoughts and affected our daily existence **God in Shakespeare** Charles Downing,1890 **Reasons for rejecting the Creed and asking a dismissal from the Shawmut Congregational Church, Boston, by two of its members [Mr. and Mrs. S.
