The Truth About Roman Catholicism Steve Urick,2014-08-29 Catholic popes and Vatican councils have pronounced many teachings which they say are necessary to believe such as It is necessary for salvation to submit to the Roman Pontiff Christians must keep the law and do good works to be saved Anyone who says they are certain they are saved and going to heaven is anathema cursed damned as a heretic Mary was immaculately conceived remained a virgin her whole life never sinned was taken up body and soul into heaven and exalted as the Queen of Heaven Only priests can forgive sins after one confesses to them Christians must purge some of their sins in Purgatory Some people in non Christian religions will be saved But are these and many other Catholic dogmas biblical The Truth About Roman Catholicism examines several key doctrines of the Catholic Church as stated in the official Catechism of the Catholic Church in light of the Bible The reader will be shown the difference between the gospel of Christ and the gospel of Rome and the crucial choice that must be made to obtain eternal life

Whatever Happened to Sherlock Holmes Robert S. Paul,1991 Robert S Paul suggests that the reason detective fiction has won legions of readers may be that the writer of detective fiction without conscious intent appeals directly to those moral and spiritual roots of society unconsciously affirmed and endorsed by the readers Because detective stories deal with crime and punishment they cannot help dealing implicitly with theological issues such as the reality of good and evil the recognition that humankind has the potential for both the nature of evidence truth and error the significance of our existence in a rational order and hence the reality of truth and the value of the individual in a civilized society Paul argues that the genre traces its true beginning to the Enlightenment and documents two related but different reactions to the theological issues involved first a line of writers who are generally positive in relation to their cultural setting such as Edgar Allan Poe Wilkie Collins Conan Doyle and second a reactionary strain critical of the prevailing culture that begins in William Godwin s Caleb Williams and continues through the anti heroic writers like Ars ne Lupin to Raymond Chandler Dashiell Hammett and John MacDonald
