Breidenstein Jr.,2025-09-02 Recent research has revealed a psychedelic inspiration for Nietzsche s philosophy and far from being a novelty in the history of philosophy there is significant evidence that several of the first western philosophers ingested psychedelics as well In his first book Joseph I Breidenstein Jr PhD maintained that western philosophy began as what we today would call a feminist religious reformation in the sense that many prominent presocratic philosophers were reviving a paleo neolithic goddess centered religiosity of rebirth within the largely patriarchal and death glorifying culture of archaic Greece And in this book Dr Breidenstein Jr proposes that the presocratics psychedelic reincarnationist feminine model of education and or worldview is better suited for democracy in the twenty first century than the economic model of education that takes the west s mainstream materialistic secular worldview for granted For several decades now researchers have acknowledged both that the empirical evidence for reincarnation is overwhelming and that psychedelics can evoke past life recollections but explanations for either reincarnation or how psychedelics do this have yet to be offered By combining Nietzsche s philosophy with the work of other thinkers Psychedelic Immortality both provides explanations for each of these phenomena and explores how situating education and democracy within the context of reincarnation can incite a renaissance of American culture and politics For Nietzscheans and philosophers in particular this book illustrates the contemporary relevance of two neglected aspects of Nietzsche scholarship i e psychedelics and reincarnation and for researchers in such fields as feminist philosophy of religion ecotheology philosophy of education social political philosophy and eastern philosophy it offers a more plausible and healthier worldview in which to explore possibilities in their respective fields that are diminished by the mainstream paradigm For spiritual seekers of all paths it offers a conception of philosophy as a practice of awakening goddess consciousness that unfolds over the course of successive lifetimes The Spectator ,1921 A weekly review of politics literature theology and art The National Union Catalog. Zonca, 2020-09-24 The Journey of Truth is a Divinely directed true story You are invited to learn and grow with Ray as you travel with him through the turning points of life His near death experience as a young boy set the stage for the journey to come As a young man Ray s struggles with drug addiction and despair become the catalyst for his desperate cry for help A moment of truth that would change everything It delivered him to the love of his life his spiritual awakening and newfound faith and in time visitations from Jesus which he is now directed to share with the world *The Angel Chronicles* GD Thompson Sr., 2010-04-22 Disguised as fiction The Angel Chronicles takes you to a world undiscovered the real world and a world of personal discovery It chronicles the life of Rene Thomas Colby Just a man or so he thought Until he discovers how to start believing and understanding his feelings for what he feels at the deepest reaches of his heart He battles problems of the mind fears and doubts to discover what he doubted was his truth and the truth of so many Through his trials and tribulations he discovers the one thing he had lost for so long his heart On his journey of self discovery he finds out there is another like him only she doesn t realize the journey in which she is partaking It becomes a battle to aid her into coming out of the darkness as he is attempting He realizes a mission If she could only open up to the truth and gather the knowledge he tries to give her She too might really enjoy her purpose and that she actually has purpose and her existence accounts for something in the multitudes of what is abnormal In addition just how important she really is to the others who are a lot like her but do not realize it yet Can Rene find the strength to understand his feelings Will Rene seek to fight for those who really need him Can Rene bring her out of the darkness while he too stands in that darkness Can he find a way to understand its limits walk out of that darkness and be the abnormal thing he knows deep down he is Can he find the strength to admit it and believe it without doubting his heart again After all why are humans humans The reason is simple That is what they want to be known as with their presence on earth However if they have a concept of angels or aliens then they must be aware that they were once part of the angels or aliens somewhere What the supposed humans do not realize is that they were from another planet as well This is something Rene understands or remembers which many do not Unfortunately
