Reinventing New London Images Of America:

Reinventing New London John J. Ruddy, 2000 As the twentieth century dawned New London home to a dying whaling industry was trying to reinvent itself as it had so many times before When the U S Navy and the Coast Guard arrived the city got a new lease on life That is where Reinventing New London begins chronicling the history of the Whaling City through vivid photographs taken over the next sixty years During that time the nation s first submarine base and the U S Coast Guard Academy were established and those who were stationed there helped to win two world wars But just as its future seemed assured New London found itself in ruins after the catastrophic hurricane of 1938 From the ashes of the storm the city built a seaside resort Ocean Beach Park on Long Island Sound Meanwhile New London faced its greatest challenge ever in the changing times after World War II As residents and businesses fled to suburbia the city undertook a bold campaign to reinvent itself yet again and what resulted changed New London forever Mexican National Cinema Andrea Noble, 2005 Examining key film texts and genres and set in a broad historical and theoretical context this student friendly study provides a thorough and detailed account of the vital and complex relationship between cinema and national identity in Mexico

Frick,2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God-fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements **BOOK JACKET**

Images of Blood in American Cinema Kjetil Rødje, 2016-03-09 Through studying images of blood in film from the mid 1950s to the end of the 1960s this path breaking book explores how blood as an audio visual cinematic element went from predominately operating as a signifier providing audiences with information about a film's plot and characters to increasingly operating in terms of affect potentially evoking visceral and embodied responses in viewers Using films such as *The Return of Dracula* *The Tinseltown Girl* *Blood Feast* *Two Thousand Maniacs* *Color Me Blood Red* *Bonnie and Clyde* and *The Wild Bunch* Rødje takes a novel approach to film history by following one audio visual element through an exploration that traverses established standards for film production and reception This study does not heed distinctions regarding to genres horror western gangster or models of film production exploitation independent studio productions but rather maps the operations of cinematic images across marginal as well as more traditionally esteemed cinematic territories The result is a book that rethinks and reassembles cinematic practices as well as aesthetics and as such invites new ways to investigate how cinematic images enter relations with other images as well as with audiences

Philippa Sheppard's *Devouring Time* addresses a wide range of topics including gender ritual music setting rhetoric and editing. She argues that the directors choice to adapt these four hundred year old plays is an act of nostalgia not only for the plays themselves but also for the period in which they were written the association of genius that accompanies them and the medium of theatre. Sheppard contends that millennial anxiety brought on by the social and technological revolutions of the last five decades has generated a yearning for Shakespeare because he is an icon of a literary culture that is often deemed threatened. Authoritative and accessible *Devouring Time*'s investigations of filmmakers nostalgia for the art of the past shed light on Western concepts of gender identity and colonialism.
