Earl Hamner James E. Person (Jr.), James E. Person, 2005 Since *Spencer's Mountain* I have followed Earl Hamner's career with much interest and much satisfaction having picked a winner Harper Lee author of *To Kill a Mockingbird* Earl Hamner one of America's best

loved storytellers has never been the subject of a full length study Earl Hamner From Walton s Mountain to Tomorrow fills that gap A native Virginian Hamner once said Even though families are said to be shattered these days and God is said to be dead if people can revisit the scenes and places where these values did exist possibly they can come to believe in them again or to adapt some kind of belief in God or faith in the family unit or just getting home again This vision of what makes for a whole life permeates all of Hamner s work It is present in the novel Spencer s Mountain upon which The Waltons was loosely based and in his screenplays such as the work he is perhaps most proud of Charlotte s Web It is even present in such unlikely places as the eight scripts he contributed to the classic television series The Twilight Zone and the tales of cold blooded betrayal and boundless ambition depicted on Falcon Crest In Earl Hamner From Walton s Mountain to Tomorrow readers will discover the integrated nature of his career finding that there is no real conflict between the warm folksiness of The Waltons the offbeat fantasies of his Twilight Zone scripts the unscrupulous ethics displayed on Falcon Crest and the myriad other novels and scripts he has written and TV programs he has produced Instead readers will find that there is a pervasive theme running throughout Hamner s work that of a man forever taking a backward glance at his roots for direction in finding what makes life worthwhile Upon learning that this book was being written Hamner told one of his friends I can t imagine anyone wanting to read a book about me much less write one about me Readers of this book will find Hamner s doubts indeed misplaced They will also discover a delightful individual who has enjoyed a long accomplished career as a storyteller laboring for a worthy goal that posterity may know of an age and a people whose legacy has not through silence been permitted to pass away as if a dream

Television Directors, Race, and Gender Jonathan J. Cavallero,2024-07-17 This book challenges the predominant framing of US television as a writer s or producer s medium by suggesting that television directors are a vital component of TV artistry Looking beyond a perspective that favors the narrative and economic aspects of television but undervalues the medium s formal elements the book explores how directors use the visual and aural to contribute layers of meaning that add to the thematic development of television texts Starting from the belief that television aesthetics partially reveal the ways in which directors and their collaborators contribute to the overall thematic development of a program the author offers five case studies that map out the ways that directors have contributed to television drama throughout the medium s approximately 80 year history By devoting special attention to the presence and voices of directors from marginalized backgrounds the book creates opportunities to discuss television from perspectives that emphasize issues of diversity equity and inclusion This original and insightful work will appeal to students and scholars of television studies

Murray, Ellen Ann Wartella, 2009-03-04 This seminal volume is a comprehensive review of the literature on children's television covering fifty years of academic research on children and television. The work includes studies of content effects and policy and offers research conducted by social scientists and cultural studies scholars. The research questions represented here consider the content of programming children's responses to television regulation concerning children's television policies, issues of advertising and concerns about sex and race stereotyping, often voicing concerns that children's entertainment be held to a higher standard. The volume also offers essays by scholars who have been seeking answers to some of the most critical questions addressed by this research. It represents the interdisciplinary nature of research on children and television and draws on many academic traditions including communication studies, psychology, sociology, education, economics, and medicine. The full bibliography is included on CD. Arguably the most comprehensive bibliography of research on children and television, this work illustrates the ongoing evolution of scholarship in this area and establishes how it informs or changes public policy as well as defining its role in shaping a future agenda. The volume will be a required resource for scholars, researchers, and policy makers concerned with issues of children and television, media policy, media literacy, and education and family studies Library Journal, 1999

The house was quiet but a little too quiet for any typical weekday morning. What could be the reason behind this **The Ninth Life of a Diamond Miner** Grace Tame, 2022-09-27 Grace Tame has never walked on middle ground. From a young age, her life was defined by uncertainty, by trauma and strength, sadness and hope, terrible lows and wondrous highs. As a teenager, she found the courage to speak up after experiencing awful and ongoing child sexual abuse. This fight to find her voice would not be her last. In 2021, Grace stepped squarely into the public eye as the Australian of the Year and was the catalyst for a tidal wave of conversation and action. Australians from all walks of life were inspired and moved by her fire and passion. She was using her voice and encouraging others to use theirs too. *The Ninth Life of a Diamond Miner* is Grace's story in Grace's words, on Grace's terms. Here she returns again and again to the things that have driven and saved her: love, connection, and radical, unwavering honesty. Like Grace, this book is sharply intelligent, deeply felt, wildly unexpected, and often blisteringly funny. And as with all her work, it offers a constructive and optimistic vision for a better future for all of us. **SHORTLISTED FOR THE INDIE BOOK AWARDS 2023 FOR NON FICTION SHORTLISTED FOR THE ABIA AUDIOBOOK OF THE YEAR 2023**
