Lassiter Jr.,2011-09-27 The largest room in any house is the room for improvement Life is a series of progressions we graduate from

one level to the next and with each level we experience not an end but a beginning of the next part of a life or an experience. Whatever life brings it is important to remember life is a journey. Keep studying and learning. Commencement Messages offers a collection of addresses delivered to graduating classes at high schools, community colleges, and four-year colleges and universities by the educator Dr. Wright L. Lassiter Jr. This collection of addresses spans the career of an educator who has served as president of three colleges and now serves as the chancellor of the seven-college Dallas County Community College District. While all of the materials in his addresses are for the most part his own work, he does not claim total originality in what he has done. He acknowledges his indebtedness to too many sources, known and unknown to him. From the importance of Education and Values to his challenge to Dare to Follow Your Dreams, Dr. Lassiter's inspiring messages offer words of wisdom that have opened the door to the future for many graduates over the years.

My Life and Career as a Biblical Scholar John Van Seters, 2018-10-31. Despite growing up in a poor family during the 1930s and 40s, Van Seters eventually excelled at the University of Toronto and earned a PhD at Yale University in ancient Near Eastern and Hebrew studies. Before Van Seters became a teacher, he and his wife spent three quarters of a year in Palestine, becoming familiar with the whole region. Later in his career, Van Seters assisted in archaeological expeditions in Jordan and Egypt. Visits to the Near East across his career broadened his understanding and appreciation of the biblical texts he studied professionally. Van Seters spent most of his working life teaching in universities, first at the University of Toronto and then for over twenty years at the University of North Carolina, Chapel Hill. This book not only chronicles what Van Seters has accomplished as a biblical scholar but also tells how he has become such a scholar. He hopes that experiences recorded here may guide young scholars to develop fruitful careers in biblical studies.

Economic Careers Keith Tribe, 2002-09-11. In this volume, fourteen senior economists describe their early introduction to the study of economics and their contribution to the development of academic economics in Britain. With experience covering a period stretching from the mid 1920s to the late 1960s, many of the contributors not only provide an insight into the role of university disciplines in the education system but describe their experience in wartime administration or as government advisors. The interview format of the work makes for accessibility and readability in a sometimes arcane area of work.

investigation would change the way the state fire agency operated on area wildfires Area Ignition looks back 30 years to honor the men who fought and died in the Spanish Ranch Fire It recreates the courage emotion and human frailties that are interwoven from the initial ignition point to the final survivors thoughts as they proceeded past a solitary CDF fire engine Although much has changed since then young firefighters still go out every year to battle California wildfires just like their brothers of the past We owe it to them to understand a little bit of the awesome power of wildfires and the people who fight them
