Louis Xiv Lenvers Du Soleil:

The Fabrication of Louis XIV Peter Burke, 1994-01-01 Louis XIV was a man like any other but the money and attention lavished on his public image by the French government transformed him into a godlike figure In this engrossing book an internationally respected historian gives an account of contemporary representations of Louis XIV and shows how the making of the royal image illuminates the relationship between art and power Images of Louis XIV included hundreds of oil paintings and engravings three hundred odd medals struck to commemorate the major events of the reign sculptures and bronzes as well as plays ballets in which the king himself sometimes appeared on stage operas odes sermons official newspapers and histories fireworks fountains and tapestries Drawing on an analysis of these representations as well as on surviving documentary sources Peter Burke shows the conscious attempt to invent the image of the king and reveals how the supervision of the royal image was entrusted to a committee the so called small academy This book is not only a fascinating chronological study of the mechanics of the image making of a king over the course of a seventy year reign but is also an investigation into the genre of cultural construction Burke discusses the element of propaganda implicit in image making the manipulation of seventeenth century media of communication oral visual and textual and their codes literary and artistic and the intended audience and its response He concludes by comparing and contrasting Louis s public image with that of other rulers ranging from Augustus to contemporary American presidents

The Powers of Sound and Song in Early Modern Paris Nicholas Hammond, 2019-11-11 The long and spectacular reign of Louis XIV of France is typically described in overwhelmingly visual terms In this book Nicholas Hammond takes a sonic approach to this remarkable age opening our ears to the myriad ways in which sound revealed the complex acoustic dimensions of class politics and sexuality in seventeenth century Paris The discovery in the French archives of a four line song from 1661 launched Hammond s research into the lives of the two men referenced therein Jacques Chausson and Guillaume de Guitaut In retracing the lives of these two men one sentenced to death by burning and the other appointed to the Ordre du Saint Esprit Hammond makes astonishing discoveries about each man and the ways in which their lives intersected all in the context of the sounds and songs heard in the court of Louis XIV and on the streets and bridges of Paris Hammond s study shows how members of the elite and lower classes in Paris crossed paths in unexpected ways and moreover how noise in the ancien r gime was central to questions of crime and punishment street singing was considered a crime in itself and yet street singers flourished circulating information about crimes that others may have committed while political and religious authorities wielded the powerful sounds of sermons and public executions to provide moral commentaries to control crime and to inflict punishment This innovative study explores the theoretical social cultural and historical contexts of the early modern Parisian soundscape It will appeal to scholars interested in sound studies and the history of sexuality as well as those who study the culture literature and history of early modern France

Louis XIV. L'envers du soleil Michel de Grece, 1979 *Louis XIV* Michel (Prince of Greece), 1983 Louis

XIV whose great prestige earned him the title of the Sun King is the most famous of all the French kings He ruled France in one of its most glorious periods and remains to this day the supreme symbol of absolute monarchy Now in a brilliant new biography Prince Michael of Greece has revealed a darker side to the Sun King Drawing on detailed evidence from contemporary records letters and memoirs he explored the possibility that underneath it all this epitome of kingship was a shy weak unstable man of unexpected and intriguing complexity Prince Michael assesses the continued and enduring influence of Cardinal Mazarin and Louis mother Anne of Austria on the little boy who came to the throne at the age of five but who learned early on to hide his profound insecurity behind the ever more elaborate trappings of monarchy Here then is a vivid portrait of a not particularly intelligent king secretly poring over textbooks preferring to command sieges rather than battles because they were more convenient whose voracious sexual appetite right into his seventies flouted the very conventions he himself tried to impose on a reluctant court at Versailles Without simply debunking Louis Prince Michael of Greece succeeds in presenting an iconoclastic biography which shatters many of the accepted myths about the man and his century The result is a glimpse of the human frailties and inadequacies that lay behind the arrogance protocol and pageantry of France s greatest king Jacket flap **L'Envers du soleil** Michel de Grèce,1984 **L'envers du soleil** Michel ((prince de Grèce ;),Michel de Grèce,1988 *Molière* Jürgen Grimm,2017-02-18 Los reyes solares Víctor Mínguez,2001 The slogan of Carlos V Plus Ultra manifested his intention to build a Christian empire extended from Europe to America Africa and Terra Santa Felipe II s emblem Iam illustrabit omnia reaches the highest point of this intention From Renaissance to the beginnings of the 19th century Spanish kings were represented by means o the Sun symbolic expression of the universal order **Le Destin Tragique D'henriette D'angleterre , El retorno de la Dama de Elche** Cédric Gruat,Lucía Martínez,2015-02-26 Madrid junio de 1941 Francia y Espa a firman un acuerdo relativo a un intercambio de archivos y obras de arte de gran valor entre los que figura un Murillo La Inmaculada Concepci n un Vel zquez un Greco y la c lebre Dama de Elche Esta negociaci n fruto de largos y dif ciles acuerdos iniciados por lo menos un a o antes entre los gobiernos de P tain y Franco se present como una muestra de la amistad franco espa ola En realidad se inscribe en una verdadera tensi n de fuerzas entre dos posturas opuestas Para Francia se trata de asegurar la neutralidad de Espa a e impedir su acercamiento a la Alemania nazi Por el otro lado Espa a busca resolver un antiguo contencioso con su vecina y afianzarse como una naci n fuerte Esta obra ha recibido una ayuda a la edici n del Ministerio de Educaci n Cultura y Deporte Secretar a de Estado de Cultura **Französische Klassik** Jürgen Grimm,2017-01-09 Moli re Racine Corneille Boileau und La Fontaine dies sind die heute noch bekannten Vertreter der franz sischen Literatur des 17 Jahrhunderts das allgemein als das Klassische bezeichnet wird In einem langen Rezeptionsprozess wurden diese Autoren zu Klassikern und ihre Werke zu einem f r die franz sische Nation wertvollen Bildungsgut Im Mittelpunkt steht das historische gesellschaftliche theologische philosophische und naturwissenschaftliche Umfeld aus dem die K nstler hervorgegangen sind Besondere Bedeutung kommt dem Sonnenk nig
