Entertainment Science Thorsten Hennig-Thurau,Mark B. Houston,2018-08-01 The entertainment industry has long been dominated by legendary screenwriter William Goldman s Nobody Knows Anything mantra which argues that success is the result of managerial intuition and instinct This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage the same recipe for success that is behind the rise of firms such as Netflix and Spotify but has also fueled Disney s recent success Unlocking a large repertoire of scientific studies by business scholars and entertainment economists the authors identify essential factors mechanisms and methods that help a new entertainment product succeed The book thus offers a timely alternative to Nobody Knows decision making in the digital era while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit it systematically and substantially increases the probability of success in the entertainment industry Entertainment Science is poised to inspire fresh new thinking among managers students of entertainment and scholars alike Thorsten

Hennig Thureau and Mark B Houston two of our finest scholars in the area of entertainment marketing have produced a definitive research based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences Morris B Holbrook W T Dillard Professor Emeritus of Marketing Columbia University Entertainment Science is a must read for everyone working in the entertainment industry today where the impact of digital and the use of big data can't be ignored anymore Hennig Thureau and Houston are the scientific frontrunners of knowledge that the industry urgently needs Michael K Imel media entrepreneur and Honorary Professor of Media Economics at University of Leipzig Entertainment Science's winning combination of creativity theory and data analytics offers managers in the creative industries and beyond a novel compelling and comprehensive approach to support their decision making This ground breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars managers and artists All gre Hadida Associate Professor in Strategy University of Cambridge

Principles of Institutional and Evolutionary Political Economy Phillip Anthony O'Hara, 2022-08-29 This is the very first book to explicitly both detail the core general principles of institutional and evolutionary political economy and also apply the principles to current world problems such as the coronavirus crisis climate change corruption AI Robotics policy governance money and financial instability terrorism AIDS HIV and the nurturance gap No other book has ever detailed explicitly such core principles and concepts nor ever applied them explicitly to numerous current major problems The core general principles and concepts in this book which are outlined and detailed include historical specificity hegemony circular heterogeneous groups contradiction uncertainty innovation and policy as well as a Presidential address to the Association for Evolutionary Economics AFEE on corruption The structure of the book starts with two chapters on the principles of institutional and evolutionary political economy firstly their history and secondly a chapter on the contemporary nature of the principles and concepts This is followed by nine chapters applying some of the core principles to current world problems such as the coronacrisis climate change corruption AI robotics policy money financial instability terrorism HIV AIDS and the nurturance gap The book finishes with a conclusion a glossary of major terms and an index The author's principles are well established in the literature and this book provides a detailed exposition of them and their application
