Love Anarchy:

Italian Film in the Light of Neorealism Millicent Marcus, 2020-03-31 The movement known as neorealism lasted seven years generated only twenty one films failed at the box office and fell short of its didactic and aesthetic aspirations Yet it exerted such a profound influence on Italian cinema that all the best postwar directors had to come to terms with it whether in seeming imitation the early Olmi in commercial exploitation the middle Comencini or in ostensible rejection the recent Taviani Despite the reactionary pressures of the marketplace and the highly personalized visions of Fellini Antonioni And Visconti Italian cinema has maintained its moral commitment to use the medium in socially responsible ways if not to change the world as the first neorealists hoped then at least to move filmgoers to face the pressing economic political and human problems in their midst From Rossellini's *Open City* 1945 to the Taviani brothers *Night of the Shooting Stars* 1982 The author does close readings of seventeen films that tell the story of neorealism's evolving influence on Italian postwar cinematic expression Other films discussed are De Sica's *Bicycle Thief* and Umberto D De Santis's *Bitter Rice* Comencini's *Bread Love and Fantasy* Fellini's *La strada* Visconti's *Senso* Antonioni's *Red Desert* Olmi's *Il Posto* Germi's *Seduced and Abandoned* Pasolini's *Teorema* Petri's *Investigation of a Citizen above Suspicion* Bertolucci's *The Conformist* Rosi's *Christ Stopped at Eboli* and Wertmüller's *Love and Anarchy* Scola's *We All Loved Each Other So Much* provides the occasion for the author's own retrospective consideration of how Italian cinema has fulfilled or disappointed the promise of neorealism

Nielsen, 2001 This book studies the Red Scare of the 1920s through the lens of gender The author describes the methods antifeminists used to subdue feminism and other movements they viewed as radical The book also considers the seeming contradictions of outspoken antifeminists who broke with traditional gender norms to assume forceful and public roles in their efforts to denounce feminism Polyamory, Monogamy, and American Dreams Mimi Schippers, 2019-10-28 This book introduces the poly gaze as a cultural tool to examine how representations of polyamory and poly lives reflect or challenge cultural hegemonies of race class gender and nation What role does monogamy play in American Identity the American dream and U S exceptionalism How do the stories we tell about intimate relationships do cultural and ideological work to maintain and legitimize social inequalities along the lines of race ethnicity nation religion class gender and sexuality How might the introduction of polyamory or consensually non monogamous relationships in the stories we tell about intimacy confound disrupt or shift the meaning of what constitutes a good American life These are the questions that Mimi Schippers focuses on in this original and engaging study As she develops the poly gaze Schippers argues for a sociologically informed and cultivated lens with which anyone regardless of their experiences with polyamory or consensual non monogamy can read culture media images and texts against hegemony This will be a key text for researchers and students in Gender Studies Queer Studies Cultural Studies Critical Race Studies Media Studies American Studies and Sociology This book is accessible and indispensable reading for undergraduate student and postgraduates wanting to gain greater understanding of debates around the key concept of heteronormativity *Making Marriage Modern* Christina Simmons, 2009-04-10 The nineteenth century middle class ideal of the married woman was of a chaste and diligent wife focused on being a loving mother with few needs or rights of her own The modern woman by contrast was partner to a new model of marriage one in which she and her husband formed a relationship based on greater sexual and psychological equality In *Making Marriage Modern* Christina Simmons narrates the development of this new companionate marriage ideal which took hold in the early twentieth century and prevailed in American society by the 1940s The first challenges to public reticence to discuss sexual relations between husbands and wives came from social hygiene reformers who advocated for a scientific but conservative sex education to combat prostitution and venereal disease A more radical group of feminists anarchists and bohemians opposed the Victorian model of marriage and even the institution of marriage Birth control advocates such as Emma Goldman and Margaret Sanger openly championed women's rights to acquire and use effective contraception The companionate marriage emerged from these efforts This marital ideal was characterized by greater emotional and sexuality intimacy for both men and women use of birth control to create smaller families and destigmatization of divorce in cases of failed unions Simmons examines what she calls the flapper marriage in which free spirited young wives enjoyed the early years of marriage postponing children and

domesticity She looks at the feminist marriage in which women imagined greater equality between the sexes in domestic and paid work and sex And she explores the African American partnership marriage which often included wives employment and drew more heavily on the involvement of the community and extended family Finally she traces how these modern ideals of marriage were promoted in sexual advice literature and marriage manuals of the period Though male dominance persisted in companionate marriages Christina Simmons shows how they called for greater independence and satisfaction for women and a new female heterosexuality By raising women s expectations of marriage the companionate ideal also contained within it the seeds of second wave feminists demands for transforming the institution into one of true equality between the sexes
