The Ambiguity of Justice: New Perspectives on Paul Ricoeur's Approach to Justice, 2020-07-13 The Ambiguity of Justice offers a collection of essays on Ricoeur s thought on justice and on the different views that influenced this thought in particular those of Arendt Honneth H naff Rawls Levinas and Boltanski Although Ricoeur s idea of justice has undoubtedly caught much attention already only a few monographs have been published so far that explicitly address this topic The contributors of this book a mix of both well established Ricoeur scholars and young promising scholars in this field address the difficulties in Ricoeur s thought on justice by maintaining his spirit of dialogue not only by showing how Ricoeur himself repeatedly searches for dialogue in his writings on justice but also by arguing that Ricoeur s thought allows contributions to contemporary debates about justice

Love of Friendship in the Christian Life Jonathan Sammut, 2019-12-27 Theological reflection on friendship as a particular form of Christian love emerges in Holy Scripture and continues to be elaborated in the Christian tradition However love of friendship was at times absorbed into the other traditional understanding of love love of God and of neighbor After a philosophical historical study of the Greco Roman roots of friendship in moral reflection and how and to what extent this was appropriated in the Christian tradition this book illustrates the transcendental character and the novelty of the Christian understanding of friendship found in Holy Scripture focusing particularly on the most relevant texts in the Fourth Gospel where love and friendship stand to be important themes It also shows how Saint Thomas Aquinas through his exegesis of the

Fourth Gospel his synthesis of the Christian tradition and his ability to rearticulate Christian theology through Aristotelian philosophy inimitably defines the theological virtue of *caritas* as friendship with God In so doing he depicts friendship as the finality the *telos* of the Christian life Finally the book aims to show how the retrieval of a proper theology of friendship rooted in Holy Scripture and Christian tradition can enrich the life of an authentic Christian and contribute to the ongoing process of renewing moral theology

The Ethical Dimensions of School Leadership P.T. Begley, Olof Johansson, 2006-04-11 Among the many significant features of this volume is the dedication to the late Don Willower Professor of Education at Pennsylvania State University It is significant in light of Willower's long record of major contributions to the empirical literature in Educational Administration and his mentorship of many students steeped in the tradition of the so called science of administration These include scholars like Wayne Hoy and Peter Cistone who readily acknowledge their personal and intellectual debt to Willower How is it then that Willower a colleague of the giants of Educational Administration in the 60s and 70s people such as Dan Griffiths Jack Culbertson and Roald Campbell to name just a few came to associate himself with this relatively upstart group of academics and practitioners interested in values of all things As an inheritor of the mantle thrown down by Getzels and Guba all those years ago it might seem strange to see Willower consorting with people who argue about the distinction between fact and value It is true of course that Willower majored in philosophy at the State University of New York at Buffalo as an undergraduate So the language and the ways of thinking among many of those interested in values and ethics were not all that foreign to him He could certainly hold his own in debate with his friend Chris Hodgkinson the foremost philosopher of Educational Administration in the field today and a contributor to this volume
