Love Of Learning And Desire For God A Study Of Monastic Culture:

The Love of Learning and The Desire God Jean Leclercq O.S.B., 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers The Love of Learning and the Desire for God is composed of a series of lectures given to young monks at the Institute of Monastic Studies at Sant Anselmo in Rome during the winter of 1955 56 **The Love of Learning and the Desire for God** Jean Leclercq (O.S.B.), 1962 **The Love of Learning and the Desire for God. A Study of Monastic Culture. Translated by Catharine Misrahi** Jean Leclercq, 1961 **The Library of Paradise** David Allen Michelson, 2023-01-13 Contemplative reading is a spiritual practice developed by Christian monks in sixth and seventh century Mesopotamia The Library of Paradise tells the story of this Syriac tradition in three phases its establishment as an ascetic practice the articulation of its theology and its maturation and spread **The Culture of Medieval English Monasticism** James G. Clark, 2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England s abbey and priory have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and not for the insights they offer into the patterns of life and thought the underlying norms values and mentality of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON War and the Making of Medieval Monastic Culture Katherine Allen Smith, 2013-09-19 Finalist for AAH First Book Prize The monastic life traditionally considered as an area of withdrawal from the world is here shown to be shaped by metaphors of war and to be actively engaged with battle in the world outside An extremely interesting and important book makes an important contribution to the history of medieval monastic spirituality in a formative period whilst also fitting into wider debates on the origins development and impact of ideas on crusading and holy war Dr William Purkis University of Birmingham Monastic culture has generally been seen as set apart from the medieval battlefield as those who prayed were set apart from those who fought However in this first study of the place of war within medieval monastic culture the author shows the limitations of this division Through a wide reading of Latin sermons letters and hagiography she identifies a monastic language of war that presented the monk as the archetypal soldier of Christ and his life of prayer as a continuous

combat with the devil indeed monks claims to supremacy on the spiritual battlefield grew even louder as Church leaders extended the title of soldier of Christ to lay knights and crusaders So while medieval monasteries have traditionally been portrayed as peaceful sanctuaries in a violent world here the author demonstrates that monastic identity was negotiated through real and imaginary encounters with war and that the concept of spiritual warfare informed virtually every aspect of life in the cloister It thus breaks new ground in the history of European attitudes toward warfare and warriors in the age of the papal reform movement and the early crusades Katherine Allen Smith is Assistant Professor of History University of Puget Sound

Approaches to Monasticism in the Context of Christian Responses to Modern Culture Kevin Maddy, 2022 Approaches to Monasticism in the Context of Christian Responses to Modern Culture is a study of how the values and practices of monasticism are being shaped by the shift to a cultural understanding of Christianity in modern times The values and practices of traditional monasticism are contrasted with those of various expressions of new monasticism against the background of a multicultural and fluid social environment in an effort to find some reciprocal illumination The study aims to describe monasticism in terms of authenticity and lived religion

Reading Families Rebecca L. Krug, 2018-09-05 Rebecca Krug argues that in the later Middle Ages people defined themselves in terms of family relationships but increasingly saw their social circumstances as being connected to the written word Complex family dynamics and social configurations motivated women to engage in text based activities Although not all or even the majority of women could read and write it became natural for women to think of writing as a part of everyday life Reading Families looks at the literate practice of two individual women Margaret Paston and Margaret Beaufort and of two communities in which women were central the Norwich Lollards and the Bridgettines at Syon Abbey The book begins with Paston's letters which were written at her husband's request and ends with devotional texts that describe the spiritual daughterhood of the Bridgettine readers Scholars often assume that medieval women's participation in literate culture constituted a rejection of patriarchal authority Krug maintains however that for most women learning to engage with the written word served as a practical response to social changes and was not necessarily a revolutionary act

Thomas Merton—Evil and Why We Suffer David E. Orbertson, 2018-06-18 Thomas Merton is one of the most important spiritual voices of the last century He has never been more relevant as new generations look to him for guidance in addressing some of life's biggest questions how can we find God how should we engage with other faiths and how can we oppose violence and injustice Looking carefully one can find tucked away in Merton's prodigious writings his response to another timeless question Why do we suffer Why does an all powerful and all loving God permit evil and suffering By carefully examining all of Merton's work we find that he repeatedly confronted this question throughout most of his adult life Intriguingly Merton's approach to this question changed dramatically a few years before he died in 1968 An examination of all aspects of his life yields evidence that Merton's immersion in Zen during this time contributed most to that change

Constructing History Across the Norman

Conquest Francesca Tinti, David A. Woodman, 2022 An investigation into the hugely significant works produced by the Worcester foundation at a period of turmoil and change From the mid eleventh to the mid twelfth century Worcester was a monastic community of unparalleled importance Not only was it home to many of the most famous bishops and monks of the period including Bishop Wulfstan II it was also a centre of notable and ambitious scholarly production Under Wulfstan s guidance a number of Worcester brethren undertook historical research that resulted in the writing of such renowned texts as Hemming s Cartulary and the Worcester Chronica Chronicarum Significantly these historical endeavours spanned the political chasm of the Norman Conquest The essays collected here aim to shed new light on different aspects of the Worcester historical workshop whose literary output was in several respects pioneering in contemporary European scholarship Several chapters address the different ways in which the monks organised and updated their archives of documents both via their sequence of cartularies with a special focus on the narrative parts of Hemming s Cartulary and via an interesting and previously unedited prose account of the foundation of the see Others focus on the famous Worcester Chronica Chronicarum attributed both to Florence and to John investigating the major model for its composition and structure the work of Marianus Scotus the stages in which it was completed and its connections with Welsh chronicles as well as the related and fascinating abbreviated version written mostly in the hand of John himself and known as the Chronicula The volume thus elucidates how the Worcester monks navigated the period across the Conquest through the composition of different genres of texts and how these texts shaped their own institutional memory

Mere Christian Hermeneutics Kevin J. Vanhoozer, 2024-10-01 Southwestern Journal of Theology 2024 Book of The Year Christianity Today 2024 Theology Book Award The Gospel Coalition 2024 Biblical Studies Book Award Reading the Bible to the glory of God In 1952 C S Lewis s Mere Christianity eloquently defined the essential tenets of the Christian faith With the rise of fractured individualism that continues to split the church this approach is more important now than ever before for biblical hermeneutics Many Christians wonder how to read the text of Scripture well rightly and faithfully After all developing a strong theory of interpretation has always been presented by two enormous challenges A variety of actual interpretations of the Bible even within the context of a single community of believers The plurality of reading cultures denominational disciplinary historical and global interpretive communities each with its own frame of reference In response influential theologian Kevin J Vanhoozer puts forth a mere Christian hermeneutic essential principles for reading the Bible as Scripture everywhere at all times and by all Christians To center his thought Vanhoozer turns to the accounts of Jesus transfiguration a key moment in the broader economy of God s revelation to suggest that spiritual or figural interpretation is not a denial or distortion of the literal sense but rather its glorification Irenic without resorting to bland ecumenical tolerance Mere Christian Hermeneutics is a powerful and convincing call for both church and academy to develop reading cultures that enable and sustain the kind of unity and diversity that a mere Christian hermeneutic should call for and encourage

The

Practice and Politics of Reading, 650-1500 Daniel G. Donoghue, Daniel Donoghue, James Simpson, Nicholas Watson, Anna Wilson, 2022 A new look at how reading was practised and represented in England from the seventh century to the beginnings of the print era finding many kinships between reading cultures across the medieval longue durée Even as it transforms human cultures routines attention spans and the wiring of our brains the media revolution of the last few decades also urges a reconsideration of the long history of reading The essays in this volume take a new look at how reading was practised and represented in England from the seventh century to the beginnings of the print era using texts from Aldhelm to Malory and Wynkyn de Worde arguing that whether unpicking intricate Latin contemplating image texts or participating in semiotically rich public rituals reading cultivated and energized the subject's values perceptions and attitudes to the world Part I Practices of Reading asks how writers scribes and artists engaged readerly attention through textual layout poetic form hermeneutic difficulty or images while Part II Politics of Reading explores how different textual communities manipulated the anxieties and opportunities for education moral improvement or entertainment associated with reading particular topics addressed include Bible translation and exegesis page layout literary form and readerly practice fiction hermeneutics and performance Although it understands reading as culturally and technologically localized the book finds many kinships between reading cultures across the medieval longue durée and the literatures and literacies that proliferate today Contributors Amy Appleford Michelle De Groot Daniel Donoghue Andrew James Johnston Andrew Kraebel Katherine O'Brien O'Keefe Catherine Sanok Samantha Katz Seal James Simpson Emily V Thornbury Kathleen Tonry Kathryn Mogk Wagner Nicholas Watson Erica Weaver Anna Wilson *The Passionate Intellect* Norman Klassen, Jens Zimmermann, 2006-09-01 Too often Christian college students feel they must either downplay their faith or stick to a small circle of like minded friends and organizations Somewhere along the way assumptions have taken root that intellectual university life and Christian faith cannot be synthesized Klassen and Zimmermann assert that much is at stake for the young university student A worldview takes a lasting shape and faith is usually discovered deepened or discarded during a collegiate journey This new work is designed to give students parents and other interested readers a guide to the intellectual culture of the modern university and its contribution to society helping them to realize the power of the university's influence and discover how to connect Christian belief to cutting edge thinking **The Making of a Medieval Bestseller** Judah D. Galinsky, 2025-05-21 In 1277 Rabbi Isaac of Corbeil produced a concise work of accessible religious law This handbook Amudei Golah Pillars of Exile began as a list of religious commandments mitzvot meant to be recited weekly It was divided into seven pillars drawn primarily from the limbs of the human body and its activities heart hand mouth monetary transactions etc and dealt exclusively with laws relevant to Jews living in the Diaspora in medieval times This handbook of religious law written in Hebrew became the most widespread book of its kind during the late Middle Ages within the various French and German speaking Jewish communities known as Ashkenaz Nearly two hundred medieval copies of the work are

found in public libraries and private collections today an astounding number for a Hebrew work at the time In *The Making of a Medieval Bestseller* Judah Galinsky approaches his study in three parts The first surveys the ideological and cultural reasons that Rabbi Isaac composed the work and describes how the book evolved over time The second part traces the book's impressive circulation and analyzes the various reasons behind the book's success suggesting that readers who were outside the scholarly class may have been key to the work's popularity In the third part Galinsky addresses the readers themselves who ordered copies of the work from a scribe Galinsky discerns the cultural profile of the patrons who commissioned the codex by paying attention to the books they requested to have copied alongside it or its fellow travelers This study is a history of a medieval bestseller It describes how it came into being grew and evolved and also charts its circulation explains its unique appeal and depicts its readers

Medieval Readings of Romans William S. Campbell, Peter S. Hawkins, Brenda Deen Schildgen, 2007-11-15 This sixth volume of the *Romans through History and Culture* series consists of 14 contributions by North American and European medievalists and Pauline scholars who discuss significant readings of Romans through the twelfth and thirteenth centuries to the eve of the Reformation The commentaries of Abelard William of St Thierry Thomas Aquinas and Nicolas of Lyra and the wider influence of Romans as reflected in the letters of Heloise and the works of Dante demonstrate the reception of Romans at this period Starting with an introduction inviting the reader into the biblical environment of the Middle Ages and suggesting the varied ways in which Paul was understood in both high clerical culture and among the people it also offers a summary of the work done by each of the authors This volume attests the dominant role of scripture in communal life and witnesses to the pervasive influence of Paul's letter to the Romans in the flourishing discussions on Scripture and theology

Producing Christian Culture Giles E. M. Gasper, Francis Watson, Matthew R. Crawford, 2017-06-26 *Producing Christian Culture* takes as its thread the interpretative genres within which medieval people engaged with the Bible Contributors to the volume present specific material as a case study illustrative of a specific genre whether devotional homiletical scholarly or controversial The chronological range moves from St Augustine to the use of gospel texts in polemical writing of the first two decades of the 1500s with focal sections on early medieval Anglo Saxon and Carolingian theology the scholastic turn of the High Middle Ages and the influence of vernacular writing in the later Middle Ages The tremendous range and vitality of medieval responses to biblical texts are highlighted within the studies
