Clough, Steven Seidman, 2013-07-24 In the

last decade or so there has been a shift in the popular and academic discussion of our personal lives Relationships and not necessarily marriage have gravitated to the center of our relational lives Many of us feel entitled to seek intimacy an emotionally depthful social bonding rather than simply security or companionship from our relationships Unlike in a marriage centred culture intimacy is today pursued in varied relationships from familial to friends and to romances And intimacies are being forged in multiple venues from face to face to virtual cyber contexts A new scholarship has addressed this changing terrain of personal life there is today a vast literature on cohabitation parenthood without marriage sex and love outside marriage queer families cyber intimacies and friendships However much theorizing and research has focussed either on the interior subjective or sociocultural aspects of intimacies not their interaction This volume aims to break new ground Intimacies explores the psychological terrain of intimacy in depthful ways without abandoning its sociohistorical context and the centrality of power dynamics Drawing on a rich archive that includes the social sciences feminism queer studies and psychoanalysis the contributors examine changing cultures of intimacy fluid and solid attachments and intimacies from hook ups to sibling bonds to erotic love a politics of intimacy that may involve state enforced hierarchies class misrecognition social exclusion and violence embodied experiences of intimacy and dynamics of endings and loss a pluralization of intimacies that challenge established ethical hierarchies This volume aims to define the cutting edge of this emerging field of scholarship and politics It challenges existing paradigms that assume rigid hierarchical approaches to relational life Intimacies will be of interest for psychoanalysts and for students or scholars in sexualities gender studies family studies feminism studies queer studies social class cultural studies and philosophy

THE ART OF LOVE W. F. Forbie M.D> ,1921 *Psychological Perspectives on Sexual Problems* Jane M. Ussher,Christine D. Baker,1993 The regulation of sexuality and the careful distinction between normality and abnormality has a long and checkered history with psychologists at the forefront of this debate Yet any attempt to identify a simple and unitary psychology of sexual problems inevitably becomes the focus of a great deal of criticism particularly from the disciplines of psychoanalysis and feminism The aim of *Psychological Perspectives on Sexual Problems* is both to provoke and to promote a glasnost between those whose work directly involves research and intervention in the arena of sexuality and those who would deconstruct criticize and reframe any understanding of sexuality outside of the dominant discourse of psychology The contributors examine the psychological theories associated with sexuality and sexual problems and at the same time present examples of positive and empowering practice with groups of individuals whose sexuality is often ignored or marginalized These individuals include those with learning difficulties or physical disabilities sex offenders gay men with AIDS and women with eating disorders *Psychological Perspectives on Sexual Problems* is the first text to integrate critical theory and current clinical practice in an attempt to arrive at a revolutionary approach to the psychology of sexuality Om, Baby! a Pilgrimage to the Eternal Self Jack Haas,2005 This is both a remarkable journey through sacred India and a pilgrimage to the immortal self With his ever inexorable determination to pursue his highest path Jack Haas visits many holy areas within the subcontinent of India and communes with numerous masters who have passed from this plane but who remain in the subtle realm to assist mankind in its growth towards freedom and eternity These include Krishna Guru Nanak Ramana Maharishi and Shiva himself Within the pages of this book Haas describes his own evolution towards an expanded unlimited consciousness as well as his unique relationships with many aspects of the divine feminine including Mother Mary Sophia Parvati Gauri Kali Saraswati Durga and Gaia Haas path eventually leads him to the absolute union of spirit and flesh and to the inextinguishable Tao running through all of life
