Love Sex And Communication For Everyone:

LoveSex Cabby Laffy,2018-05-08 This book looks at how our brains minds bodies and emotions interact to create our experience of sexuality and how we can create a sense of sexual self esteem and a nutritious sexual diet for ourselves As the author notes in her Introduction we think and talk about sex as something we do rather than sexuality being something that we have and being sexual as something that we are We talk little about feeling sexual or the emotional and relational reasons for sexual desire about the fact that it is usually an other that we want to be sexual with Our focus seems to be on how much sex we can have rather than how we want to express ourselves sexually This book challenges the cultural commodification of sex and sexuality and encourages the reader to experience being sexual rather than doing sex or looking sexy This is crucial to our development of sexual self esteem particularly in an era of ubiquitous online pornography Wild : A COMPILATION

OF SHORT STORIES Book One Tristan Wilde,2023-09-30 Why I write about sex I noticed over many years in my time with others learning people s personal and intimate thoughts that sex is suppressed in most people s eyes They feel it s not to be talked about It s bad It should be hidden People are embarrassed by it Etc Well that s dumb That s a lie It s someone else talking It s dishonest communication Everyone loves sex Everyone Sex is beautiful Sex is the binding of each other It should not be a nervous subject rather we should be comfortable with it Sex is something that we all love so deeply I like to write about it in a loving and beautiful way And sometimes just in a very sexy and creative way only My point is always the same Sex is beautiful and it should be portrayed honestly as such What inspires me to write It s you It s the inclusiveness of others that interests me How will you receive it What words scenarios and twists will pull you in so you feel yourself come to life in the story What makes it yours That s the stuff that makes my mind hum I can t wait to find you in there S.E.X. Love and Work Mieke Polderman,2014-09-01 Is there interaction between love and work If so in what ways does it appear The main incentive for this research is the notable increase of American and Dutch people who wish to spend more and more of their time working and who feel useless and robbed of their identity when separated from their jobs It seems that work is considered more fulfilling and satisfying than love which can be undermined by failing relationships tension depression violence addiction crime or angry and unmanageable children Whereas Proust described love in a milieu where most of the work was done by servants and artists Freud was convinced that love and work were the two main pillars of society This view has been echoed by psychologists sociologists philosophers and novelists However a new phenomenon is that men and women share love and work Finding the right balance between the two is a hot topic in how to books newspaper and magazine articles but the underlying connections have received little if any scrutiny In fact it may well be a mission impossible since as the Frankfurt School asserted the capitalist powers in search of profit urge politicians to lure men women and children onto the work floor by telling them work is a duty that not only will provide disposable income but also happiness and fulfillment in life Hence people internalize this message without asking themselves why continuous consumption is more important than giving and receiving love which they crave but seldom find Although focusing on middle class people between the ages of twenty five and forty who are travelling the highway of life have paid jobs a relationship of at least three years and children this study should be of interest to everyone

Ethan and Troy Rob French,2013-05-10 I asked him if he thought that he might be gay He didn't have a definitive answer to that question All he could tell me was that the night before was the first time he ever had the desire to kiss anyone like that He asked how it made me feel when he did it I told him I didn't understand what I felt I was always brought up that guys didn't do things like that and that it was wrong But I had to admit that even though it shook me up a little there was a tiny part of me that didn't mind what he did Now I was facing the thoughts in my head as to whether that made me gay Apparently we were headed for uncharted territory and the big question was what we were going to do about it Were we going to put it out of mind and pretend like it didn't happen Were we going to discuss it further or were we just going to let it ride and see where things went
