## **Love In Action A Practical Study Of Christian Ethics:**

*Love in Action* Michael C. Armour, 2000-10-01 Love God and love your neighbor These are the two greatest commands according to Jesus But how do you do that and what does it mean in real life terms This well written study will help your group members see practical ways to carry out these commands and will help them become people that truly love **Love and Christian Ethics** Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one's neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field **New Dictionary of Christian Ethics & Pastoral Theology** David J. Atkinson, David F. Field, Arthur F. Holmes, Oliver O'Donovan, 2013-11-21 Encompassing a wide range of topics from the timely health care and business ethics to the traditional atonement suffering and the kingdom of God this work features an easy to use reference system and eighteen articles that introduce readers to key themes in moral pastoral and practical theology Edited by David J Atkinson and David F Field with consulting editors Arthur Holmes and Oliver O Donovon **The Routledge Handbook of Research Methods in Spirituality and Contemplative Studies** Bernadette Flanagan, Kerri Clough, 2024-09-03 The Routledge Handbook of Research Methods in Spirituality and Contemplative Studies provides the first authoritative overview of methodology in this growing field Against the background of the pandemic and other global challenges spirituality is expanding as an agreed term with which to discuss the efforts people make to be fully present to deeper invisible dimensions of their personal identity and external reality but until now there have been few resources exploring the different methodological approaches researchers take This book explores the primary methodologies emerging First Person Second Person and Third Person and provides a systematisation of spirituality research in applied contexts for the first time Comprising 33 chapters by a team of international contributors the book is divided into seven parts Foundations Approaches to Contemplative Research Contemplative Research in Education Contemplative Research in Work and Leadership Contemplative Research in Science Health and Healing Contemplative Research in Social Sciences Contemplative Research and the Way Forward The Handbook provides readers practitioners and policymakers with methods and approaches which can facilitate a spiritual and contemplative stance in research activities It

is an essential resource for researchers and students of Religion Spirituality and Research Methods     The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy

and strategy to achieve it      *Passionate Deliberation* M.F. Carr, 2012-12-06 Despite the modern recovery of virtue theory in ethics conceptions of temperance remain largely unexamined In this study I offer an examination of certain interpretive threads of temperance as a virtue beginning in classical philosophy and moving through early to medieval Christian conceptions I find contemporary notions of temperance to be sorely lacking when compared and contrasted to these historical conceptions Aristotelian and Thomistic accounts of temperance are particularly important to the normative statement of temperance I offer here To fully understand temperance one must recognize its place among the moral virtues in particular phronesis or practical judgment Though I place temperance within practical judgment this study stops short of offering a full account of virtue theory and how it may or may not relate to other theories of the moral life While contemporary views of temperance occasionally note its general relevance to the experience of emotion I elaborate upon the work of temperance as an essential part of the effort to include emotion in the moral life In present day studies of the psychology of emotion cognitive theories have reasserted the classical conception of emotion as consisting of both physiological and psychological elements of human personhood Temperance is the primary virtue in the moral agent's effort to appropriately include the entirety of the emotional experience in moral deliberation I find it relevant to a moral response to both the physiological and psychological elements of emotion
