A decorative graphic element consisting of a light blue horizontal bar with a rounded right end, and a red circular shape partially visible behind it.

Lower Manhattan A History Map:

Extracting Spatial Information from Historical Maps Benedikt Budig, 2018-11-23 Historical maps are fascinating documents and a valuable source of information for scientists of various disciplines. Many of these maps are available as scanned bitmap images but in order to make them searchable in useful ways a structured representation of the contained information is desirable. This book deals with the extraction of spatial information from historical maps. This cannot be expected to be solved fully automatically since it involves difficult semantics but is also too tedious to be done manually at scale. The methodology used in this book combines the strengths of both computers and humans; it describes efficient algorithms to largely automate information extraction tasks and pairs these algorithms with smart user interactions to handle what is not understood by the algorithm. The effectiveness of this approach is shown for various kinds of spatial documents from the 16th to the early 20th century.

A History of America in 100 Maps Susan Schulten, 2018-09-21 Throughout its history America has been defined through maps. Whether made for military strategy or urban reform to encourage settlement or to investigate disease, maps invest information with meaning by translating it into visual form. They capture what people knew, what they thought they knew, what they hoped for, and what they feared. As such, they offer unrivaled windows onto the past. In this book Susan Schulten uses maps to explore five centuries of American history from the voyages of European discovery to the digital age. With stunning visual clarity, *A History of America in 100 Maps* showcases the power of cartography to illuminate and complicate our understanding of the past. Gathered primarily from the British Library's incomparable archives and compiled into nine chronological chapters, these one hundred full color maps range from the iconic to the unfamiliar. Each is discussed in terms of its specific features as well as its larger historical significance in a way that conveys a fresh perspective on the past. Some of these maps were made by established cartographers while others were made by unknown individuals such as Cherokee tribal leaders, soldiers on the front, and the first generation of girls to be formally educated. Some were tools of statecraft and diplomacy and others were instruments of social reform or even advertising and entertainment. But when considered together, they demonstrate the many ways that maps both reflect and influence historical change. Audacious in scope and charming in execution, this collection of one hundred full color maps offers an imaginative and visually engaging tour of American history that will show readers a new way of navigating their own worlds.

A Guide to Historical Map Resources for Greater New York Jeffrey A. Kroessler, 1988

500 Portraits Tony Millionaire, 2011-12-15 *500 Portraits* collects for the first time over two decades of portrait work by the beloved and award-winning creator of Drinky Crow's, Maakies, Sock Monkey, and Billy Hazelnuts. Tony Millionaire's gorgeous fountain pen illustrations, which mingle naturalistic detail with strong doses of the fanciful and grotesque, include the famous Bob Dylan, the infamous Abu Ghraib soldier model Lynndie England, the fictional Yoda, the animal kingdom, a cockroach, and everything in between. Literary figures, Hemingway literary characters, Don Quixote, and Sancho Panza, Hollywood legends, Steven

Spielberg comics icons Herg and historical figures Hitler also figure prominently **Fulton Street Transit Center, New York, New York, Section 4(f) Evaluation** ,2004 **Great City Maps** DK,2016-09-06 Journey back in time and take a walk through the historic streets of the world s greatest cities Great City Maps is the companion title to DK s Great Maps and takes a focused look at over 70 gorgeously illustrated historical maps and plans of cities around the globe Dive into the details of each beautiful map and learn about interesting features with visual tours of the maps highlights such as the Old London Bridge of London in 1572 and the orchards of Brooklyn in 1767 New York Cities are centers of civilization and the way their maps portray them reflects their politics religion and culture See how certain cities and cartographic techniques changed over time More than just a bird s eye view this irresistible book tells the tales behind the cities from the hubs of ancient peoples to modern mega cities and profiles the iconic cartographers and artists who created each map Perfect for history geography and cartography enthusiasts and a stunning gift for armchair explorers of all ages Great City Maps is your window into the world s most fascinating cities **Gotham Unbound** Theodore Steinberg,2014 Presents the history of New York City as it was transformed over a four hundred year period by politicians and developers from a Hudson River estuary with rolling hills rivers and forests into the concrete flatland that exists today **Cultural Mapping as Cultural Inquiry** Nancy Duxbury,W.F. Janowitz,Diane Dallal,2013-02-03 Historical Archaeology of New York City is a collection of narratives about people who lived in New York City during the seventeenth eighteenth and nineteenth centuries people whose lives archaeologists have encountered during excavations at sites where these people lived or worked The stories are ethnohistorical or microhistorical studies created using archaeological and documentary data As microhistories they are concerned with particular people living at particular times in the past within the framework of world events The world events framework will

be provided in short introductions to chapters grouped by time periods and themes The foreword by Mary Beaudry and the afterword by LuAnne DeCunzo bookend the individual case studies and add theoretical weight to the volume Historical Archaeology of New York City focuses on specific individual life stories or stories of groups of people as a way to present archaeological theory and research Archaeologists work with material culture artifacts to recreate daily lives and study how culture works this book is an example of how to do this in a way that can attract people interested in history as well as in anthropological theory

Envisioning Landscape Dan Hicks, Laura McAtackney, Graham Fairclough, 2016-06-03 The common feature of landscape archaeology is its diversity of method field location disciplinary influences and contemporary voices The contributors to this volume take advantage of these many strands to investigate landscape archaeology in its multiple forms focusing primarily on the link to heritage the impact on our understanding of temporality and the situated theory that arises out of landscape studies Using examples from New York to Northern Ireland Africa to the Argolid these pieces capture the human significance of material objects in support of a more comprehensive nuanced archaeology

The Desk from Hoboken ML Condiike, 2024-03-05 In a bid to heal from the grief of a personal loss forensic genealogist RaeJean Hunter takes on a straightforward case identify human remains found on a nearby college campus believed to be the 180 year old remains of Mary Rogers a woman who died mysteriously in 1841 and was believed to have been buried in the nearby cemetery that had washed away It should be simple enough a project to get her back in the game Unfortunately it quickly becomes anything but In fact it becomes downright dangerous Someone doesn't want RaeJean to investigate the puzzling death of the woman whose death inspired Edgar Allan Poe's The Mystery of Marie Roget As she follows clues through four states and discovers living family members who both help and hinder her search she quickly realizes that the secrets of Mary Rogers demise were never meant to be exposed What lengths will someone go to keep the truth buried in the past As threats escalate and RaeJean and her family's lives become endangered she's forced to follow every lead and use every skill she has to find the answers she needs before it's too late Using DNA from two famous New England families historical data modern genealogical techniques and a little guidance from a seemingly mystical antique desk RaeJean takes on the cold case despite being given every reason to abandon it After all what truths have been hidden for 180 years that would be worth bribery kidnapping and even murder RaeJean Hunter is about to find out THE DESK FROM HOBOKEN by ML Condiike is a combination of historical fiction forensic genealogy cozy mystery and magical realism If you are a fan of the Lucy Lancaster Genealogy Mysteries by SC Perkins the Sweeney St George Mystery Series by Sarah Stewart Taylor the Jefferson Tate Mystery Series by Steve Robinson or the Torie O Shea Mystery Series by Rett MacPherson then you're sure to enjoy The Desk from Hoboken

DK Eyewitness Travel Guide Top 10 New York City. *The Quarterly Journal of the New York State Historical Association*, 1927. *Preservation in Digital Cartography*, Markus Jobst, 2010-09-17. This book, *Preservation in Digital Cartography: Archiving Aspects*, should give an overview on how to preserve digital cartographic applications and geospatial data in a sustainable way. The intention of this book is to shape the opinion of affected parties and to bring together various disciplines. Therefore, adjacent chapters will generally deal with information technologies, Service Oriented Architectures, cybercartography, reproduction, and historic cartography, which all together can be subsumed in perspective cartographic heritage. The survival of this digital cartographic heritage will base on long term preservation strategies that make use of intensive dissemination on the one hand and sustainable digital archiving methods on the other. This includes a massive development of paradigm that expands from store and save to keep it online. The paradigm store and save is mainly used for analogue masters that consist of stage media like vellum and their visible content. Avoiding the storage degradation from degeneration in climate controlled areas will help to keep the content accessible. In the digital domain, the high interdependency of stage media format, device, and applications leads to the paradigm keep online, which for example describes the migration to new storage devices. In fact, this expansion of paradigm means that the digital domain calls for ongoing actions in order to preserve cartography for a long term.
