

# 3 KEY ELEMENTS YOUR MISSION

STATEMENT SHOULD ANSWER

1

## WHAT

Your statement should outline what your company does. This may be a good you produce or a service you provide to your customers—whatever makes your business run.

2

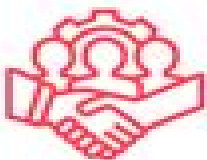

## WHY

Your mission statement should answer why you do what you do. This is the key to your statement. It helps your business stand out, highlighting what sets you apart from the others in your industry. Remember to keep the mission statement short and to the point.

3

## HOW

In last, your mission statement should describe the way in which your company does what it does. Instead of being technical, think of what values go into the core of your business. Maybe your company does it by valuing quality or customer service or being sustainable, or it fosters creativity and innovation.
