Sheridan, Stewart B. Koyiyumptewa, Anton Daughters, Dale S. Brenneman, T. J. Ferguson, Leigh J. Kuwanwisiwma, Leigh Wayne Lomayestewa, 2020-05-12 The second in a two volume series Moquis and Kastiilam Volume II 1680 1781 continues the story of the encounter between the Hopis who the Spaniards called Moquis and the Spaniards who the Hopis called Kastiilam from the Pueblo Revolt in 1680 through the Spanish expeditions in search of a land route to Alta California until about 1781 By comparing and contrasting Spanish documents with Hopi oral traditions the editors present a balanced presentation of a shared past Translations of sixteenth seventeenth and eighteenth century documents written by Spanish explorers colonial officials and Franciscan missionaries tell the perspectives of the European visitors and oral traditions recounted by Hopi elders reveal the Indigenous experience The editors argue that only the Hopi perspective can balance the story recounted in the Spanish documentary record which is biased distorted and incomplete as is the documentary record of any European or Euro American colonial power The only hope of correcting those weaknesses and the enormous silences about the Hopi responses to Spanish missionization and colonization is to record and analyze Hopi oral traditions which have been passed down from generation to generation since 1540 and to give voice to Hopi values and social memories of what was a traumatic period in their past Volume I documented Spanish abuses during missionization which the editors address specifically and directly as the sexual exploitation of Hopi women suppression of Hopi ceremonies and forced labor of Hopi men and women These abuses drove Hopis to the breaking point inspiring a Hopi revitalization that led them to participate in the Pueblo Revolt and to rebuff all subsequent efforts to reestablish Franciscan missions and Spanish control Volume II portrays the Hopi struggle to remain independent at its most effective a mixture of diplomacy negotiation evasion and armed resistance Nonetheless the abuses of Franciscan missionaries the bloodshed of the Pueblo Revolt and the subsequent destruction of the Hopi community of Awat ovi on Antelope Mesa remain historical traumas that still wound Hopi society today      Baby Daddy:

*"Keep the Damned Women Out"* Nancy Weiss Malkiel, 2018-05-29 A groundbreaking history of how elite colleges and universities in America and Britain finally went coed As the tumultuous decade of the 1960s ended a number of very traditional very conservative highly prestigious colleges and universities in the United States and the United Kingdom decided to go coed seemingly all at once in a remarkably brief span of time Coeducation met with fierce resistance As one alumnus put it in a letter to his alma mater Keep the damned women out Focusing on the complexities of institutional decision making this book tells the story of this momentous era in higher education revealing how coeducation was achieved not by organized efforts of women activists but through strategic decisions made by powerful men In America Ivy League schools like Harvard Yale Princeton and Dartmouth began to admit women in Britain several of the men s colleges at Cambridge and Oxford did the same What prompted such fundamental change How was coeducation accomplished in the face of such strong opposition How well was it implemented Nancy Weiss Malkiel explains that elite institutions embarked on coeducation not as a moral imperative but as a self interested means of maintaining a first rate applicant pool She explores the challenges of planning for the academic and non academic lives of newly admitted women and shows how with the exception of Mary Ingraham Bunting at Radcliffe every decision maker leading the charge for coeducation was male Drawing on unprecedented archival research *Keep the Damned Women Out* is a breathtaking work of scholarship that is certain to be the definitive book on the subject

**Four Steeples Over the City Streets** Kyle T. Bulthuis, 2017-04 In the fifty years after the Constitution was signed in 1787 New York City grew from a port town of 30 000 to a metropolis of over half a million residents This rapid development transformed a once tightknit community and its religious experience These effects were felt by Trinity Episcopal Church

which had presented itself as a uniting influence in New York that connected all believers in social unity in the late colonial era. As the city grew larger, more impersonal and socially divided, churches reformed around race and class-based neighborhoods. Trinity's original vision of uniting the community was no longer possible. In *Four Steeples over the City Streets*, Kyle T. Bulthuis examines the histories of four famous church congregations in early Republic New York City: Trinity Episcopal, John Street Methodist, Mother Zion African Methodist, and St. Philip's African Episcopal. To uncover the lived experience of these historical subjects and just how religious experience and social change connected in the dynamic setting of early Republic New York, drawing on a range of primary sources, *Four Steeples over the City Streets* reveals how these city churches responded to these transformations from colonial times to the mid-nineteenth century. Bulthuis also adds new dynamics to the stories of well-known New Yorkers such as John Jay, James Harper, and Sojourner Truth. More importantly, *Four Steeples over the City Streets* connects issues of race, class, and gender, urban studies, and religious experience, revealing how the city shaped these churches and how their respective religious traditions shaped the way they reacted to the city.
