Mobilising Modernity The Nuclear Movement

Ingolfur Bluhdorn, Ian Welsh

Mobilising Modernity The Nuclear Movement:

Mobilising Modernity Ian Welsh, 2003-09-02 During the nuclear heyday of the post war years advocates of atomic power promised cheap electricity and a prosperous future From the present however this promise seems tarnished by accidents leaks and a lack of public confidence Mobilising Modernity traces this journey from confidence in technology to the anxieties of the Risk Society questioning a number of conventional wisdoms en route Paying close attention to social political and policy aspects throughout this book considers the nuclear moment from global collaborative project at Los Alamos to fragmented bitterly competing projects the atomic science movement s use of symbolic resources to win national ascendancy the implications of secrecy and the establishment of quasi commercial organisations within the nuclear industry This fascinating study also argues for the ongoing importance of the non violent direct action groups that flourished during the 1970s showing their continuing influence on today s new social movements Welsh concludes by considering the implications of this historically based account for contemporary issues of risk and trust on current policy making **The Police and the**

Expansion of Public Order Law in Britain, 1829-2014 Iain Channing, 2015-05-15 Incidences of public disorder and the manner in which they have been suppressed have repeatedly ignited debate on the role of policing the effectiveness of current legislation and the implications for human rights and civil liberties These same issues have reverberated throughout British history and have frequently resulted in the enactment of new legislation that reactively aimed to counter the specific concern of that era This book offers a detailed analysis of the expansion of public order law in the context of the historical and political developments in British society The correlation of key historical events and the enactment of consequent legislation is a key theme that resonates throughout the book and demonstrates the expanding influence of the law on public assemblies and protest which has continued to criminalise and prohibit certain social behaviours Crucial movements in Britain s social and political history who have all engaged in or have provoked public disorder are examined in the book Other incidents of riot and disorder such as the Featherstone Riot 1893 the Battle of Cable Street 1936 the Inner City Riots 1980s and the UK riots 2011 are also covered By positioning legal developments within their historical context the book demonstrates the ebb and flow between the prominence of the competing demands of the liberties of free expression and assembly on the one hand and the protection of the general public and property on the other This book is essential reading for academics and students in the fields of criminology history and law New Genetics, New Identities Paul Atkinson, Peter

Glasner, Helen Greenslade, 2006-12-15 Genetic advocacy groups science and biovalue creating political economies of hope Carlos Novas Patients as public in ethics debates interpreting the role of patient organizations in democracy Annemiek Nelis Gerard de Vries and Rob Hagendijk From scraps and fragments to whole organisms molecular biology clinical research and post genomic bodies Susan E Kelly Fashioning flesh inclusion exclusivity and the potential of genomics Fiona O Neill Mapping origins race and relatedness in population genetics and genetic genealogy Catherine Nash The Meanings of a

Disaster Karena Kalmbach,2020-12-07 The disaster at the Chernobyl nuclear power plant was an event of obviously transnational significance not only in the airborne particulates it deposited across the Northern hemisphere but in the political and social repercussions it set off well beyond the Soviet bloc Focusing on the cases of Great Britain and France this innovative study explores the discourses and narratives that arose in the wake of the incident among both state and nonstate actors It gives a thorough account of the stereotypes framings and othering strategies that shaped Western European nations responses to the disaster and of their efforts to come to terms with its long term consequences up to the present day The Blackwell Companion to Social Movements David A. Snow,Sarah A. Soule,Hanspeter Kriesi,2008-04-15 The Blackwell Companion to Social Movements is a compilation of original state of the art essays by internationally recognized scholars on an array of topics in the field of social movement studies Contains original state of the art essays by internationally recognized scholars Covers a wide array of topics in the field of social movement studies Features a valuable introduction by the editors which maps the field and helps situate the study of social movements within other disciplines Includes coverage of historical political and cultural contexts leadership organizational dynamics social networks and participation consequences and outcomes and case studies of major social movements Offers the most comprehensive discussion of social movements available *Social Movements: The Key Concepts* Graeme Chesters,Ian Welsh,2010-10-04 Social Movements The Key Concepts provides an insightful contemporary introduction to some of the frequently encountered terms and groups that are central to the study of collective action and social and political activism Following an A Z format the entries defined and discussed are drawn from the following areas the old social movements of the nineteenth century the new social movements of the 1960s and 1970s the rise of contemporary network movements Key American European and global social movements are addressed with each entry related to contemporary developments and emergent tendencies within the field Including helpful references for further study this concise and up to date guide is of relevance for those studying a range of disciplines including sociology politics cultural studies and human geography **Routledge International Encyclopedia of Women** Cheris Kramarae,Dale Spender,2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women s issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women s studies to create the new standard work for anyone who needs information on women related subjects **Beyond Transnationalism** Sonja Levsen,Kiran Klaus Patel,2023-05-22 This book is a collection of case studies that provides fresh insights into the history of political activism in Europe s long 1970s It covers the full spectrum of such groups from the far left to the neofascist right and from the various parts of Europe including East and West The chapters in this book push the

boundaries of our knowledge with regard to transnational spaces For many political activists at the time identifying with a transnational or global protest movement provided both legitimacy for their claims and stood for the promise of sweeping change Existing research has often reproduced such perceptions This book goes beyond such an approach by distinguishing between different forms of transnational spaces More specifically it recognizes important differences between imagined spaces of solidarity and belonging spaces of knowledge circulation and spaces of social experience and political action Each chapter uses this new framework and analyses the interrelationship and significance of each of these three spaces Beyond Transnationalism will be of particular interest to historians political scientists and educators The chapters in this book were originally published as a special issue of *European Review of History*

The International Handbook of Political Ecology Raymond L Bryant, 2015-08-28 The International Handbook of Political Ecology features chapters by leading scholars from around the world in a unique collection exploring the multi disciplinary field of political ecology This landmark volume canvasses key developments topics iss *The Politics of Unsustainability* Ingolfur Bluhdorn, Ian Welsh, 2013-10-18 Two decades after its launch by the UN Brundtland Commission the paradigm of sustainability seems to have reached its limits Whilst the concept figures more prominently in public debate and policy making than ever before the ecological footprint of advanced liberal consumer societies continues to grow and the forceful economic development of countries such as China and India reinforces concerns that the world is moving further away from rather than closer towards the ideal of sustainability Given the proven failure of ecological modernisation strategies to secure sustainability the traditional question How may our established lifestyles and socio economic practices be made more sustainable needs to be supplemented by a second equally important question How do advanced modern consumer democracies try and manage to sustain what is known to be unsustainable Put differently traditional research into the politics of sustainability needs to be supplemented by a new line of research into the politics of unsustainability Exploring the recent transformation of eco political discourses and a variety of ways in which the unfolding paradox of sustaining the unsustainable is being managed the present volume pioneers this new research agenda This book was previously published as a special issue of *Environmental Politics*

Routledge Handbook of Climate Change and Society Constance Lever-Tracy, 2010-07-12 As the time scales of natural change accelerate and converge with those of society Routledge Handbook of Climate Change and Society takes the reader into largely uncharted territory in its exploration of anthropogenic climate change Current material is used to highlight the global impact of this issue and the necessity for multidisciplinary and global social science research and teaching to address the problem The book is multidisciplinary and worldwide in scope with contributors spanning specialisms including agro forestry economics environmentalism ethics human geography international relations law politics psychology sociology and theology Their global knowledge is reflected in the content of the text which encompasses chapters on American European and Chinese policies case studies of responses to disasters and of the new technological and lifestyle

alternatives that are being adopted and the negotiations leading up to the Copenhagen conference alongside a preface assessing its outcomes Starting with an initial analysis by a leading climatologist key issues discussed in the text include recent findings of natural scientists social causation and vulnerability media and public recognition or scepticism and the merits and difficulties of actions seeking to mitigate and adapt This accessible volume utilizes a wealth of case studies explains technical terms and minimises the use of acronyms associated with the subject making it an essential text for advanced undergraduates postgraduate students and researchers in the social sciences

Environment and Democracy in the Czech Republic Adam Fagan, 2004-01-01 the book's contents will appeal to academics working within the fields of environmental politics or central and east European studies as well as to political or social scientists with an interest in SMO development David Benson Environmental Politics *Environment and Democracy in the Czech Republic* is a succinct well written and scrupulously researched book Sean Hanley Europe Asia Studies this book provides a well researched survey of the development of the environmental movement in the Czech Republic and of its role in relation to the democratic transition process For scholars and students looking at environmental politics in Central and Eastern Europe it provides a wealth of information that will be useful in conducting comparative studies Alberto Costi European Environment Fagan has written a well researched analysis of the evolving role and status of Czech EMOs since the overthrow of communism John M Kramer Slavic Review This volume presents an original study of the development of the environmental movement in the Czech Republic particularly in relation to the democratic transition process It offers a broad historical analysis of the evolution of the movement through the 1990s to the present day and presents rich case studies on a number of environmental organisations The detailed empirical work reveals interesting insights into the character of contemporary Czech politics and the difficulties faced by the environmental movement This is a well researched and well written piece of work which will make a valuable contribution to the existing literature James Meadowcroft University of Sheffield UK Since a handful of environmental activists helped to bring down the communist regime in Czechoslovakia the arena of environmental politics has offered a valuable lens on the transition process providing a unique insight into the contradictory and highly contingent relationship between democratisation and neo liberalism *Environment and Democracy in the Czech Republic* offers a radical perspective on the democratisation process revealing the extent to which the consolidation of a politically efficacious and diverse civil society is far more complex than the earlier generation of commentators acknowledged The environmental movement has not flourished under political democracy its radical activists have been marginalized and targeted by the state their ideologies and strategies compromised and their critical voice silenced Yet the book concludes that whilst the mainstream environmental movement has become institutionalised and appears incapable of representing community interests the environmental issue retains the capacity to mobilise this time against the neo liberal agenda of the democratic government This definitive account of the evolution of the Czech environmental movement since 1990 offers a radical

evaluation of the institutions and practice of political democracy and challenges some of the certainties of social movement theory Although focused on the Czech Republic the book will undoubtedly contribute to a better understanding of the role of environmental movements within contemporary politics throughout the world It will be welcomed by political and social scientists with an interest in Central and Eastern Europe and academics and students with an interest in environmental politics

A Companion to Europe Since 1945 Klaus Larres,2014-01-07 A Companion to Europe Since 1945 provides a stimulating guide to numerous important developments which have influenced the political economic social and cultural character of Europe during and since the Cold War Includes 22 original essays by an international team of expert scholars Examines the social intellectual economic cultural and political changes that took place throughout Europe in the Cold War and Post Cold War periods Discusses a wide range of topics including the Single Market European American relations family life and employment globalization consumption political parties European decolonization European identity security and defence policies and Europe s fight against international terrorism Presents Europe in a broad geographical conception to give equal weighting to developments in the Eastern and Western European states

The Legacy of Nuclear Power Andrew Blowers,2016-09-13 Nuclear energy leaves behind an infinitely dangerous legacy of radioactive wastes in places that are remote and polluted landscapes of risk Four of these places Hanford USA where the plutonium for the first atomic bombs was made Sellafield where the UK s nuclear legacy is concentrated and controversial La Hague the heart of the French nuclear industry and Gorleben the focal point of nuclear resistance in Germany provide the narratives for this unique account of the legacy of nuclear power The Legacy of Nuclear Power takes a historical and geographical perspective going back to the origins of these places and the ever changing relationship between local communities and the nuclear industry The case studies are based on a variety of academic and policy sources and on conversations with a vast array of people over many years Each story is mediated through an original theoretical framework focused on the concept of peripheral communities developing through changing discourses of nuclear energy This interdisciplinary book brings together social political and ethical themes to produce a work that tells not just a story but also provides profound insights into how the nuclear legacy should be managed in the future The book is designed to be enjoyed by academics policy makers and professionals interested in energy environmental planning and politics and by a wider group of stakeholders and the public concerned about our nuclear legacy

International Encyclopedia of Environmental Politics John Barry,E. Gene Frankland,2014-02-25 Why care about the environment Is the earth s climate really changing for the worse What are CFCs exactly And who or what is the WTO What are the causes of environmental problems Who are the main actors and what are the main ideas and issues in international environmental politics Which countries have the best worst environmental record and policies The International Encyclopedia of Environmental Politics is the essential reference source to enable all those with an interest in the politics of the environment particularly students and academics working within political science to answer these questions and to

explore many other related topics in international environmental politics It will be welcomed as an essential teaching resource and a trusty companion to independent study Written by a team of international experts the Encyclopedia is vital for fact checking provides authoritative initial orientation to a particular topic or issue and will serve as a solid starting point for wider explanation With over 300 fully cross referenced entries many of which are followed with suggestions for further reading the Encyclopedia includes Country and regional entries with country entries giving a concise overview of the history main actors issues and policies related to its environmental politics Normative and ethical dimensions of environmental politics from animal rights social and global justice to deep ecology Environmental movements organizations struggles and actors from local to international levels Issues in international environmental politics such as global warming biodiversity trade and the environment Prominent individuals historical and current who have inspired or been actively involved in international environmental politics such as Mahatma Gandhi Petra Kelly Vandana Shiva and Aldo Leopold Central topics and issues in environmental politics such as global warming globalization wildlife preservation eco taxes energy production and consumption sustainable development and the World Trade Organisation

British Nuclear Culture Jonathan Hogg, 2016-01-28 The advent of the atomic bomb the social and cultural impact of nuclear science and the history of the British nuclear state after 1945 is a complex and contested story British Nuclear Culture is an important survey that offers a new interpretation of the nuclear century by tracing the tensions between official and unofficial nuclear narratives in British culture In this book Jonathan Hogg argues that nuclear culture was a pervasive and persistent aspect of British life particularly in the years following 1945 This idea is illustrated through detailed analysis of various primary source materials such as newspaper articles government files fictional texts film music and oral testimonies The book introduces unfamiliar sources to students of nuclear and cold war history and offers in depth and critical reflections on the expanding historiography in this area of research Chronologically arranged British Nuclear Culture reflects upon and returns to a number of key themes throughout including nuclear anxiety government policy civil defence nukespeak and nuclear subjectivity individual experience protest and resistance and the influence of the British nuclear state on everyday life The book contains illustrations individual case studies a select bibliography a timeline and a list of helpful online resources for students of nuclear history

Complexity and Social Movements Graeme Chesters, Ian Welsh, 2006-11-22 Fusing two key concerns of contemporary sociology globalization and its discontents and the complexity turn in social theory authors Chesters and Welsh utilize complexity theory to analyze the shifting constellation of social movement networks that constitute opposition to neo liberal globalization They explore how seemingly chaotic and highly differentiated social actors interacting globally through computer mediated communications face to face gatherings and protests constitute a multitude not easily grasped through established models of social and political change Drawing upon extensive empirical research and utilizing concepts drawn from the natural and social sciences this book suggests a framework for understanding mobilization

identity formation and information flows in global social movements operating within complex societies It suggests that this movement of movements exhibits an emergent order on the edge of chaos a turbulence that is recasting political agency in the twenty first century **Changing anarchism** Jonathan Purkis,James Bowen,2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The massive protests against globalisation in recent years have re awoken interest in anarchism Changing anarchism sets out to reposition anarchist theory and practice by documenting contemporary anarchist practice and providing a viable analytical framework for understanding it The contributions here from both academics and activists raise challenging and sometimes provocative questions about the complex nature of power and resistance to it The areas covered include sexuality and identity psychological dependency on technology libertarian education religion and spirituality protest tactics mental health and artistic expression and the ongoing metaphorical wars against drugs and terror This collection epitomises the rich diversity that exists within contemporary anarchism as well as demonstrating its ongoing relevance as a sociological tool Economic Efficiency-democratic Empowerment Ingolfur Blühdorn,Uwe Jun,2007-01-01 Democratic procedures are often inefficient efficient structures tend to be undemocratic Focusing on Germany and Great Britain as case studies this book explores the meaning and compatibility of efficiency and democracy in the project of modernizing advanced consumer democracies

Sociological Theory and the Environment Riley E. Dunlap,2002 Sociological Theory and the Environment is a comprehensive survey and assessment of sociological theories of the relations between societies and their natural biophysical environment This book touches on and addresses virtually all of the major perspectives focal points and debates in environmental sociology today classical and twentieth century social theories macro micro linkage issues globalization and development reflexive modernization ecological modernization vs limits viewpoints modernity and post modernity risk society constructionalism realism environmental movements identities consumption and environment cultural sociologies of the environment and so on At the same time the book aims to go beyond an inventory of environmental sociological theory Sociological Theory and the Environment stresses how new ground can be broken in the articulation of environmental sociology with major classical and contemporary sociological theories

Mobilising Modernity The Nuclear Movement Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mobilising Modernity The Nuclear Movement has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mobilising Modernity The Nuclear Movement has opened up a world of possibilities. Downloading Mobilising Modernity The Nuclear Movement provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mobilising Modernity The Nuclear Movement has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mobilising Modernity The Nuclear Movement. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mobilising Modernity The Nuclear Movement. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mobilising Modernity The Nuclear Movement, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mobilising Modernity The Nuclear Movement has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mobilising Modernity The Nuclear Movement Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mobilising Modernity The Nuclear Movement is one of the best book in our library for free trial. We provide copy of Mobilising Modernity The Nuclear Movement in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Mobilising Modernity The Nuclear Movement. Where to download Mobilising Modernity The Nuclear Movement online for free? Are you looking for Mobilising Modernity The Nuclear Movement PDF? This is definitely going to save you time and cash in something you should think about.
