Mobster John Cummings, Ernest Volkman, 1991-01 **Goombata** John Cummings, Ernest Volkman, 1992-01-01 The Dapper Don A cocky kid from the streets of East New York he rose to become one of the most feared men in the nation Establishing a power base through brilliant politicking and blood chilling ruthlessness at 45 he took control of America s richest most powerful crime family following the gangland style execution of his predecessor Though the target of almost continuous FBI and police surveillance he has spent little time in prison and has never been convicted of racketeering drug trafficking or murder Prize winning journalists John Cummings and Ernest Volkman s shocking true account of the brutal and meteoric rise of John Johnny Boy Gotti from Brooklyn bone breaker to lord of the Gambino Family a riveting exploration into the the bloody machinery of La Cosa Nostra operating on the dark side of the American dream Mobster John Cummings, 1991-09-26 *Eloquence of Effort* Indar Maharaj, 2017-09-27 The Eloquence of Effort echoes the merits of conscientious toil It provides an insightful look into the benefits of sustained socio economic effort To convincingly argue that dreams are only achievable through mind numbing toil the writer draws heavily from biographical philosophical economic religious historical and scientific data Work is the mission the multiple rewards are the byproducts he argues Moreover the pleasure resides in the effort not the results Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefit of conscientious work is sharply focused The reader is imperceptibly nudged into a higher plane of reality namely purposeful effort regardless of its nature is supremely rewarding The writer forces the realization that regardless of the outcome effort is never wasted Conversely indolence is the bane of progress and the root cause of economic crimes Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence and embraced by vacuous minds craving the most for the least Analysis of biographical data sustains the thesis that industry prolongs life inaction truncates it a finding supported by the second Law of Thermodynamics The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they have given resonance to the arguments contained herein

International Handbook of Violence Research Wilhelm Heitmeyer,John Hagan,2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the

summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedheim Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage [The Decline and Fall of the American Empire](#) Anthony V.
