 ,1948      Moby-Dick, Or The Whale Herman Melville,G. Thomas Tanselle,1988-09 In Moby Dick Melville set out to write a  
 mighty book on a mighty theme The editors of this critical text affirm that he succeeded Nevertheless their prolonged  
 examination of the novel reveals textual flaws and anomalies that help to explain Melville s fears that his great work was in  
 some ways a hash or a botch A lengthy historical note also gives a fresh account of Melville s earlier literary career and his  
 working conditions as he wrote it also analyzes the book s contemporary reception and outlines how it finally achieved fame  
 Other sections review theories of the book s genesis detail the circumstances of its publication and present documents  
 closely relating to the story This scholarly edition is based on collations of both editions published during Melville s lifetime it  
 adopts 185 revisions and corrections from the English edition and incorporates 237 emendations by the series editors This is

 the continents from South and North America through Europe and Asia The collection presents critical perspectives on the  
 enduring and complex relationships between words and music as these are expressed in progressive rock and metal The book
