None Came Home The War Dogs Of Vietnam:

None Came Home John E. O'Donnell, 2001 Chasing Dabner is about the journey Mr Elliott has taken while researching the life and times of Dabner Wansley Elliott His central focus is the story about his great grandfather s unbelievable decision to traverse across the United States to the California Gold Rush during the most exciting and demanding period in American History Yet the underlying story is his family s triumph against terrible odds to stay together and beat those odds

American Dionysia Steven Johnston, 2015-05-12 *American Dionysia* reveals that classic and contemporary resources of tragedy can counter the violence inherent in democracy

The Dogs of War Lisa Rogak, 2011-10-25 Reveals the amazing range of jobs that dogs in the military now perform Rogak examines the dogs training and equipment and sets the record straight on those rumors of titanium teeth A must read for animal lovers everywhere

Animals and War Ryan Hediger, 2012-11-01 *Animals and War* is the first collection of essays to explore its important yet neglected topic Scholars from sociology history anthropology and literary and cultural studies investigate the presence of animals in human wars The essays analyze a wide range of phenomena including the new militarization of bees zoo animals during war war dogs Finish horses in World War II Canadian war literature and the effort to memorialize nonhuman war animals Although animals are often forced to participate in human wars their presence also signals human vulnerability and dependence Several chapters demonstrate that in the frequently horrible circumstances of war powerful sympathies nonetheless flourish between humans and animals *Animals and War* thus exposes the often paradoxical contours of human animal relationships

Combat-Wounded Dogs Sunita Apte, 2009-08-01 From the front lines of battle to the recovery process at home *Combat Wounded Dogs* shines a spotlight on real life dog heroes that have been injured while serving their country during wartime Kids will discover the role dogs play in the military and learn how they are treated when harmed in the line of duty Readers will also learn about a new hospital that recently opened at Lackland Air Force Base in San Antonio Texas that treats dogs with combat wounds The inspiring narratives in this title are sure to touch every dog lover
