The Professional School Dean: Meeting the Leadership Challenges Michael J. Austin, Frederick L. Ahearn, Richard A. English, 1997 Although the role of college and university presidents has received considerable attention over the past several decades very little attention has been given to the role of deans This is particularly apparent with respect to deans of professional schools This volume of New Directions for Higher Education begins to fill the void by focusing on the demanding leadership roles assumed by deans of social work law engineering nursing and divinity Although the case illustrations draw primarily on the experiences of deans of social work the contributors to this volume confirm that their deanship experiences are similar to those found in other professional schools This is the 98th issue of New Directions for Higher Education For more on the series please see the Journals and Periodicals page

F. Forest,Kevin Kinser,2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis **Black Administrators in Higher Education** Terence Hicks,Lemuel Watson,2018-08-24 *Black Administrators in Higher Education Autoethnographic Explorations and Personal Narratives* presents to the reader a group of administrators from predominantly white and historically black institutions from both four year and two year institutions Through the lenses of autoethnography and personal narrative studies this extraordinary edited volume by two former deans of education provide the audience with cutting edge research findings on a variety of topics relative to black

administrators working in higher education *The Life Cycle of a Department Chair* John H. Schuh, 2004-07-08 This monograph identifies examines and analyzes selected issues related to the career development of the department chair with a special focus on how colleges and universities can assist faculty in preparing themselves for this role and how chairs can be supported during their term of service Chapters examine how chairs can continue to develop their skills while serving in this leadership role and how they can prepare themselves for academic life after they conclude their administrative duties as chair This is the 126th issue of the Jossey Bass quarterly report series New Directions for Higher Education **Journal of Education for Social Work**, 2007 **Administrative Leadership in Health, Kinesiology, and Leisure Studies** James E. Bryant, 2001 *Understanding the Work and Career Paths of Midlevel Administrators* Linda K. Johnsrud, 2000-10-04 Midlevel administrators constitute a significant force within higher education They play key support roles in the four traditional service areas of the academy administrative academic external and student affairs The goal of this volume of New Directions for Higher Education is to provide profiles and career paths of a variety of midlevel administrators who serve in colleges and universities from cover Competencies for Effective Leadership Ralph A. Gigliotti, 2019-05-28 What makes a leader In this critical time of change for leaders it has become increasingly important to understand the competencies associated with leadership This essential book explores the ways in which Brent Ruben's Leadership Competency Scorecard can be used within an organizational setting *The University of Wisconsin - Renewal to Revolution, 1945-71* E. David Cronon, 1999-08-31 A great university in turbulent times From the deluge of World War II vets on the GI bill through the 1960s radicalism that made national headlines the University of Wisconsin's history has been a part of American history Historians as well as the University's hundreds of thousands of alumni faculty staff and students will welcome this fourth volume covering the University's recent past E David Cronon and John W Jenkins record in lively readable prose a period that began with the influx of returning war veterans more than doubling the University's enrollment in a single year They explore the dark McCarthy era of loyalty oaths and blacklists during the 1950s and detail the actions of University president E B Fred who stood out among American academic leaders for his commitment to principle and fair play The turbulent 1960s which opened with students reporting on their summertime Freedom Ride experiences throughout the American South and ended with the Vietnam War related bombing of Sterling Hall in 1970 are a record of how an era of idealism gave way to one characterized by angry dissent and disorder the rise of women's liberation flower power black power and student power The history concludes with the passage of legislation creating the University of Wisconsin System of campuses in 1971 an action that followed nearly three decades of experiments compromises and political struggles involving several governors *The Department Chair as Transformative Diversity Leader* Edna Chun, Alvin Evans, 2023-07-03 With the imminent demographic shifts in our society and the need to prepare students for citizenship in a global knowledge based society the role of the academic department chair in creating diverse and inclusive learning environments is arguably the most pivotal position in

higher education today In the United States increasing minority student enrollment coupled with the emergence of a minority majority American nation by 2042 demands that academic institutions be responsive to these changing demographics The isolation of the ivory tower is no longer an option This is the first book to address the role of the department chair in diversity and addresses an unmet need by providing a research based systematic approach to diversity leadership in the academic department based upon survey findings and in person interviews The department chair represents the nexus between the faculty and the administration and is positioned uniquely to impact diversity progress Research indicates that more than 80 percent of academic decisions regarding appointment curriculum tenure and promotion classroom pedagogy and student outcomes are made by the department chair in consultation with the faculty This book examines the multidimensional contributions that chairs make in advancing diversity within their departments and institutions in the representation of diverse faculty and staff in tenure and promotion curricular change student learning outcomes and departmental climate The scope and content of the book is not limited to institutions in the United States but is applicable to academic institutions globally in their efforts to address the access and success of increasingly diverse student populations It addresses institutional power structures and the role of the dean in relation to the appointment of chairs and their impact on the success of chairs from non dominant groups including female minority and lesbian gay transgendered individuals who serve in predominantly white male departments Using qualitative and quantitative research methods the book analyzes predominant structural and behavioral barriers that can impede diversity progress within the academic department It then focuses upon the opportunities and challenges chairs face in their collaborative journey with faculty and administration toward inclusive departmental and institutional practices Each chapter provides concrete strategies that chairs can use to strengthen diversity in the academic department Addressed to department chairs deans faculty and administrative leaders in higher education in all Western societies facing demographic change and global challenges this book offers a critical road map to creating the successful academic institutions that will meet the needs of our changing populations *Educational Leadership and Leadership Education in Asia*, 2014

How the Student Credit Hour Shapes Higher Education: The Tie That Binds Jane V. Wellman, 2003-08-21 The student credit hour SCH is truly the coin of the realm within the U S system of higher education Initially designed to translate high school course work it now measures everything from student learning to faculty workload It shapes how time is used and how enrollments are calculated and underpins cost and performance measures This American invention is one of the features that knit together our otherwise disparate system of higher education Yet the rationale for the metric has long since gone unexamined and the measure itself may be perpetuating bad habits that get in the way of institutional change in higher education The chapters in this book deconstruct the SCH credit hour and how it has come to be used in American higher education to examine whether it has become an obstacle to needed change It is a fascinating journey into the sociological evolution of the current organization and

governance of American higher education This is the 122nd issue of the quarterly journal *New Directions for Higher Education* The Launching of Duke University, 1924-1949 Robert Franklin Durden, 1993 In this rich and authoritative history distinguished historian Robert F Durden tells the story of the formation of Duke University beginning with its creation in 1924 as a new institution organized around Trinity College As Durden reveals this narrative belongs first and foremost to Duke University s original President William Preston Few whose visionary leadership successfully launched the building of the first voluntarily supported research university in the South In focusing on Duke University s most formative and critical years its first quarter century Durden commemorates Few s remarkable successes while recognizing the painful realities and uncertainties of a young institution Made possible by a gift from James B Duke the wealthiest member of the family that had underwritten Trinity College since 1890 Duke University was organized with Few as president Few s goal was to turn Duke into a world class institution of higher education and these early years saw the development of much of what we know as Duke University today Drawing on extensive archival material culled over a ten year period Durden discusses the building of the Medical Center the rebuilding of the School of Law the acquisition of the Duke Forest and development of the School of Forestry the nurturing of the Divinity School and the enrichment of the Graduate School of Arts and Sciences It was also during this period as Durden details that such treasures as the Sarah P Duke Gardens were created as well as some near treasures as seen by the failed attempt to start an art museum Although the story of the birth of this University belongs largely to William Preston Few other people figure prominently and are discussed at length Alice Baldwin who led in the establishment of the Woman s College emerges as a fascinating figure as do William H Wannamaker James B Duke William Hanes Ackland Robert L Flowers Justin Miller and Wilburt Cornell Davison among others Although impressive growth occurred in Duke s formative years tensions also arose The need to strike an institutional balance between the twin demands of teaching and research of regional versus national status combined with continual shortages of funds created occasional obstacles The problem of two sets of trustees one for the university and another for the Duke Endowment loomed largest of all As Few himself said during these early years Duke successfully embarked on a long journey for it was not until after World War II that Duke University consolidated the growth begun in the inter war years An important contribution to the history of Southern higher education as well as to Duke University this book will be of great interest to historians alumni and friends of Duke University alike

Embracing the Track of Appearance: An Emotional Symphony within **Professional School Dean Meeting The Leadership Challenges**

In a world taken by monitors and the ceaseless chatter of fast communication, the melodic beauty and psychological symphony developed by the written term often diminish in to the backdrop, eclipsed by the persistent sound and distractions that permeate our lives. Nevertheless, set within the pages of **Professional School Dean Meeting The Leadership Challenges** a charming fictional value brimming with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that charming masterpiece conducts readers on a psychological trip, skillfully unraveling the hidden melodies and profound influence resonating within each cautiously crafted phrase. Within the depths of this emotional examination, we will discover the book is main harmonies, analyze its enthralling writing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
