Ronch, 2003 Change in the culture of long term care and the care of our elders is urgently needed This insightful book lights the way This book will inform you about the theoretical and practical applications of culture change within the institutional long term care setting It examines existing models of positive cultures emphasizing philosophy underpinning and implementation You ll gain a greater understanding of theoretical frameworks for organizational change of the changes that can occur in all members of the long term care community and of culture change in the context of broad organizational experience and cultural competence From the editors This text provides a timely and comprehensive approach to understanding culture change from the perspective of management and business as well as policy and regulatory guidelines and the framework for aging services It will provide the reader with an understanding of the current state of the art in conceptualizing long term care environments that are resident centered and resident directed that respect the individuality of the staff and that are high performance entities The theory and practice of culture change are presented with an eye toward a future where aging people and their families will be both consumers and providers of long term care The first section of Culture Change in Long Term Care explores the cultural values existing in today s long term

care environment that make us desirous of culture change The second section examines existing models and networks of culture change in long term care including the Eden Alternative Wellspring and Pioneer Network Section three brings you to the frontline with case studies from urban suburban and rural facilities facilities with and without unionized staff facilities from various geographic regions of the United States and facilities whose experience ranges from years to a decade Processes challenges and qualitative quantitative findings are included Section four provides international perspectives with practical advice from Australia Sweden and British Columbia The final section of Culture Change in Long Term Care explores the underlying question Is change realistic This section explores the role of state government public policy and the regulatory environment in accomplishing culture change With Culture Change in Long Term Care you ll get a theoretical perspective on culture and culture change as well as quality of life models and case studies that will help you learn if and how such a process is achievable in your institution Make it a part of your professional collection today

Effective Management of Long Term Care Facilities Douglas Singh,2010-02-18 Effective Management of Long Term Care Facilities explores the complex operations of the long term care facility and offers critical skills to current and future nursing home administrators for delivering quality cost effective services The Second Edition has been thoroughly revised and reorganized to offer a more cohesive presentation of the material New chapters that have been added cover the long term care industry long term care policy and supportive case studies that incorporate management and patient care issues

Effective Management of Long-Term Care Facilities Douglas A. Singh,2021-11-10 Effective Management of Long Term Care Facilities Fourth Edition examines the complex operations of the long term care facility and offers critical skills to current and future long term care administrators for delivering quality cost effective services An excellent resource for both new and seasoned long term care managers this logically organized text begins with an understanding of what long term care is and why it s an integral part of the health care delivery system It moves on to explore the legal and regulatory parameters and payment constraints within which long term care facilities must be managed each of the main functional departments that administrators must understand and oversee and effective governance and leadership and management of human resources marketing and quality much of which is unique to nursing home administration The final section of the book offers case studies to simulate situations that the administrator is likely to encounter in practice

Quality of Life in Long-term Care Dorothy H. Coons,Nancy L. Mace,Terry Whyte,1996 Quality of Life in Long Term Care provides long term care professionals and persons responsible for training staff at long term care facilities with guidelines for developing a quality of life that enables elderly persons even those physically or mentally challenged to achieve life satisfaction and to live with dignity Readers learn of concepts and methods for implementing change through staff training a supportive management style the development of appropriate activities and the ongoing evaluation of outcomes While the focus of Quality of Life in Long Term Care is on the psychosocial aspects of long term care Authors Dorothy Coons and Nancy Mace also recognize and emphasize

the need for excellent medical care and a therapeutic physical environment They give administrators very specific examples of ways to develop a quality of life that enables even the very impaired to live with dignity In helping long term care facility administrators and staff trainers the authors show how to support staff development so the staff becomes friends and therapists rather than simply caretakers The training methods presented provide ways to help staff better understand and empathize with elderly residents Readers will find that these effective staff training and management practices help to greatly reduce staff turnover Chapters in Quality of Life in Long Term Care describe facilities which provide individuality opportunities for choice social stimulation and continuity of lifestyle for elderly people who live in retirement homes nursing homes or special dementia units These examples are from facilities which have brought about change despite limitations including financial problems structural restrictions and staffing problems Other topics covered which help long term care facility administration and staff provide a superior quality of life for their residents include criteria for creating a health fostering and therapeutic environment in long term care settings management styles and methods that help staff achieve success specific training topics and methods to help staff understand the needs of the elderly activities and opportunities that can enrich long term care environments an instrument designed to measure quality of life Health care specialists long term care facility administrators nurses occupational activity and recreational therapists designers and developers of special dementia units policy planners in long term care and academicians in gerontology and long term care will refer to Quality of Life in Long Term Care repeatedly as they strive to provide residents with a good quality of life and a nurturing environment

The Culture of Long Term Care J Neil Henderson, Maria D. Vesperi, 1995-08-30 This is the only collection of its kind to offer an inside view of life and work in contemporary nursing homes with the purpose of developing a theory of the culture of long term care The anthropological research in nursing homes presented here produces a seldom seen native view of patients staff and the day to day workings of American nursing homes The use of ethnographic methods penetrates the reality barriers found in industry descriptions muck raking discourse and general societal aversion toward nursing homes The tensions found between and within staff culture and patient culture are explored in terms of adaptations to institutional life in the context of current policy and the larger American ageist culture *Improving the Quality of Long-Term Care* Institute of Medicine, Division of Health Care Services, Committee on Improving Quality in Long-Term Care, 2001-02-27 Among the issues confronting America is long term care for frail older persons and others with chronic conditions and functional limitations that limit their ability to care for themselves Improving the Quality of Long Term Care takes a comprehensive look at the quality of care and quality of life in long term care including nursing homes home health agencies residential care facilities family members and a variety of others This book describes the current state of long term care identifying problem areas and offering recommendations for federal and state policymakers Who uses long term care How have the characteristics of this population changed over time What paths do people follow in long term care The committee

provides the latest information on these and other key questions This book explores strengths and limitations of available data and research literature especially for settings other than nursing homes on methods to measure oversee and improve the quality of long term care The committee makes recommendations on setting and enforcing standards of care strengthening the caregiving workforce reimbursement issues and expanding the knowledge base to guide organizational and individual caregivers in improving the quality of care
