Kathleen Ragan

Red Wolf Country:

Red Wolf Country Jonathan London,1996 Two red wolves hunt eat and prepare for the birth of their pups **Red Wolves** Meish Goldish,2009-01-01 Was it too late to save the red wolf For hundreds of years these remarkable creatures had roamed freely across North America Yet by the 1960s red wolves were pushed to the brink of extinction by hunting habitat destruction and disease Could scientists and wildlife officials find a way to restore red wolves to the wild In *Red Wolves And Then There Were Almost None* children relive the inspiring and heroic efforts of people who stepped in to save red wolves when all seemed lost Through this true tale of wildlife survival kids discover the bold and creative ideas that Americans and their government have used to protect and care for the country s endangered wildlife *The Secret World of Red Wolves* T. DeLene Beeland,2013-06-10 Red wolves are shy elusive and misunderstood predators Until the 1800s they were common in the longleaf pine savannas and deciduous forests of the southeastern United States However habitat degradation persecution and interbreeding with the coyote nearly annihilated them Today reintroduced red wolves are found only in peninsular northeastern North Carolina within less than 1 percent of their former range In *The Secret World of Red Wolves* nature writer T DeLene Beeland shadows the U S Fish and Wildlife Service s pioneering recovery program over the course of a year to craft an intimate portrait of the red wolf its history and its restoration Her engaging exploration of this top level predator traces the intense effort of conservation personnel to save a species that has slipped to the verge of extinction Beeland weaves together the voices of scientists conservationists and local landowners while posing larger questions about human coexistence with red wolves our understanding of what defines this animal as a distinct species and how climate change may swamp its current habitat *Boys' Life* ,1980-05 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting **Wild Capital** Barbara K. Jones,2019-11-11 In *Wild Capital* Barbara Jones demonstrates that looking at nature through the lens of the marketplace is a surprisingly effective approach to protecting the environment Showing that policy makers and developers rarely associate wild places with monetary values Jones argues that nature can and should be viewed as a capital asset like any other in order for environmental preservation to be a competitive alternative to development Jones describes how the ecosystem services model a tool that connects human well being with the services nature provides can play a critical role in assigning species and their habitats measurable values She uses five highly recognizable animal species moose manatees sharks wolves and bald eagles as examples to show how highly valued charismatic fauna can serve as symbolic representations of entire ecosystems at risk Through an emphasis on branding incentives and ecotourism Jones advocates for channeling the social and economic power of these and other faces of nature to inspire greater environmental awareness and stewardship Contending that many people don t realize how fiscally pragmatic environmental initiatives can be Jones is optimistic that by recognizing the costs of habitat destruction and diminished biodiversity we will make better choices

regarding conservation and development In doing so we can more readily move toward co existence with nature and a sustainable future

Opal's Journey Lionel Gambill,2014-06-05 Refusing to give up their ancestral land and be driven into the newly established reservation several Nez Perce bands led by Chief Joseph White Bird and Looking Glass embarked on a fighting retreat covering four states Washington Idaho Wyoming and Montana with an attempt to reach safety in Canada Along the way the native warriors outwitted the U S Cavalry again and again but eventually surrendered some 40 miles from the Canadian border where Chief Joseph made his famous I will fight no more forever speech About 750 men women children and elderly set out on the march over 100 died in battles and extreme hardship Based on historical facts mostly the story was told through the eyes of a fictitious nine year old white girl Opal who befriends the Nez Perce and goes through the war with them the oppression of the Native Americans was one of the darkest pages in the U S history yet the spirit of these proud people could never be destroyed even in the face of death and exile and material impoverishment Also the spirit of reconciliation prevailed as the peacemaker Chief Joseph eloquently summed up Whenever the white man treats the Indians as they treat each other then we shall have no more wars We shall be all alike brothers of one father and one mother with one sky above us and one country around us and one government for us all Then the Great Spirit Chief who rules above will smile upon this land and send rain to wash out the bloody spots made by brothers hands upon the face of the earth for this time Indian race is waiting and praying I hope that no more groans of wounded men

and women will ever go to the ear of the Great Spirit Chief above and that all people may be one people *Indian Legends of the Pacific Northwest* Ella E. Clark,2023-11-15 This collection of more than one hundred tribal tales culled from the oral tradition of the Indians of Washington and Oregon presents the Indians own stories told for generations around their fires of the mountains lakes and rivers and of the creation of the world and the heavens above Each group of stories is prefaced by a brief factual account of Indian beliefs and of storytelling customs Indian Legends of the Pacific Northwest is a treasure still in print after fifty years This collection of more than one hundred tribal tales culled from the oral tradition of the Indians of Washington and Oregon presents the Indians own stories told for generations around their fires of the mountains lakes and rivers and of the crea *Fearless Girls, Wise Women & Beloved Sisters* Kathleen Ragan,2025-04-25 One hundred great folk tales and fairy tales from all over the world about strong smart brave heroines Dismayed by the predominance of male protagonists in her daughters books Kathleen Ragan set out to collect the stories of our forgotten heroines Gathered from around the world from regions as diverse as sub Saharan Africa and Western Europe from North and South American Indian cultures and New World settlers from Asia and the Middle East these 100 folktale celebrate strong female heroines Fearless Girls Wise Women and Beloved Sisters is for all women who are searching to define who they are to redefine the world and shape their collective sensibility It is for men who want to know more about what it means to be a woman It is for our daughters and our sons so that they can learn to value all kinds of courage courage in battle and the courage of love It is for all of us to help build a more just vision of woman *A to Zoo* Rebecca L. Smith Award and a 2015 Idaho Book Award Honorable Mention from the Idaho Library Association

Endangered Animals Brian Miller, Richard P. Reading, 2000-09-30 Explore the multiple issues that surround species declines and conservation efforts through the only reference source to examine the conflicting conservation issues of 49 endangered species While the causes of endangerment are relatively easy to understand the ultimate or underlying factors are often far more complex and difficult to address An introduction to these issues and how to resolve them is provided in this unique collection of case studies of animal species that have been pushed to the brink of extinction Each case study provides the following information Common name Scientific name Order Family Status Threats Habitat Distribution Natural history Conflicting Issues Future and Prognosis Conservationists are increasingly recognizing that the ultimate causes of extinction are primarily socio economic and political yet biological approaches to recovery continue to dominate More inclusive interdisciplinary conservation programs are explored here to offer better prospects for managing problems and conflicts In addition to the case studies trends and common themes are explored to provide a comprehensive interdisciplinary approach to conservation Students and teachers can explore a wide variety of endangered species programs and the conflicting issues common to recovery efforts which will enable them to evaluate conservation practice and to draw their own conclusions for improvement
