Reflections From A Psychologist An Autobiography:

Reflections from a Psychologist A. Keith Barton, 2002-10-01 The author minces few words in describing his early childhood and reasons for becoming a psychologist This book should resonate with the boomers who are now in their fifties and approaching retirement The extensive training in becoming a clinical psychologist is described in highly defined visual sequences that follow the author through college graduate school internship and postdoctoral training Patient stories bring the reader inside the therapist's office to listen to the remarkable people brave enough to come to therapy to seek meaning and stability in their lives A touching account of one psychologist's struggle to address the two most important questions of our existence who are we and why are we here **Reflections From A Psychologist** Alton Barton, 2002-10-17

Psychologists on the March James H. Capshaw, 1999-01-13 Why are there so many psychologists in America today Psychologists on the March seeks to answer this question through historical analysis of the middle years of this century The book argues that the Second World War exerted a profound influence on the shape and structure of the field transforming it from a small academic subject into an enormous mental health profession It provides a case study of the interaction of scientific expertise and professional practice in the construction of a modern discipline *A History of Modern Psychology* Duane Schultz, 2013-10-02 A History of Modern Psychology 3rd Edition discusses the development and decline of schools of thought in modern psychology The book presents the continuing refinement of the tools techniques and methods of psychology in order to achieve increased precision and objectivity Chapters focus on relevant topics such as the role of history in understanding the diversity and divisiveness of contemporary psychology the impact of physics on the cognitive revolution and humanistic psychology the influence of mechanism on Descartes's thinking and the evolution of the third force humanistic psychology Undergraduate students of psychology and related fields will find the book invaluable in their pursuit of knowledge [Pioneering Paths in the Study of Families](#) Gary W Peterson, Suzanne Steinmetz, 2014-03-18 Meet the men and women whose groundbreaking work elevated the field of family studies In *Pioneering Paths in the Study of Families The Lives and Careers of Family Scholars* you'll find 40 autobiographies written by leading scholars in sociology family studies psychology and child development Their fascinating stories demonstrate how their family experiences educational opportunities and occupational endeavors not only shaped the disciplines they chose but also shaped the theoretical perspectives they utilized and the topics they researched From the editors These autobiographies document the experiences of scholars from the early twentieth century to the present The descriptions of early influences on their education of their graduate school experiences and of their academic career paths provides a wealth of valuable material Since four of these scholars have died and a number are in their eighties or older these histories provide rich case studies on factors that influence the decision to go to college get married pursue an advanced degree make specific occupational choices and investigate certain topics These autobiographies also detail the barriers that early women scholars in the social sciences

Autobiography and the Psychological Study of Religious Lives Jacob Adrianus Belzen, 2008 This volume positions itself on the cutting edge of two fields in psychology that enjoy rapidly increasing attention both the study of human lives and some core domains of such lives as religion and spirituality are high on the agenda of current research and teaching Biographies and autobiographies are being approached in new ways and have become central to the study of human lives as an object of research and a preferred method for obtaining unique data about subjective human experiences Ever since the beginning of the psychology of religion autobiographies have also been pointed out as an important source of information about psychic processes involved in religiosity In this volume a number of leading theoreticians and researchers from Europe and the USA try to bring them back to this field by drawing on new insights and latest developments in psychological theory

Clinical Psychology Since 1917 Donald K. Routh, 2013-11-21 This book is dedicated to my wife Marion W Routh In her way she has been informally involved in clinical psychology organizations for as many years as I have She has also served for many years as the first reader of almost all manuscripts I have written including the one for this book I can always depend on her to tell me straight out what she thinks When she found out I was writing this book she was afraid that the mass of detailed factual information I was gathering would be dull to read Therefore when I actually started writing I laid aside all notes and just told the story in a way that flowed as freely as possible I went back later to fill in the documentation and to correct factual errors that had crept in When she looked over the first draft of the book her comment was It is not as boring as I thought it would be Her frankness is so dependable that I knew from these words that there was hope but that I had my work cut out for me in the revision process By the middle of the second draft she grudgingly had to admit that she was getting hooked on the book and kept asking where the next chapter was
