Routledge Handbook on American Prisons Laurie A. Gould,John J. Brent,2020-11-01 The *Routledge Handbook on American Prisons* is an authoritative volume that provides an overview of the state of U S prisons and synthesizes the research on the many facets of the prison system The

United States is exceptional in its use of incarceration as punishment. It not only has the largest prison population in the world but also the highest per capita incarceration rate. Research and debate about mass incarceration continues to grow with mounting bipartisan agreement on the need for criminal justice reform. Divided into four sections: Prisons, Security Operations and Administration, Types of Offenders and Populations, Living and Dying in Prison, and Release, Reentry and Reform, the volume explores the key issues fundamental to understanding the U.S. prison system, including the characteristics of facilities, inmate risk assessment and classification, prison administration and employment for profit prisons, special populations, overcrowding, prison health care, prison violence, the special circumstances of death row prisoners, collateral consequences of incarceration, prison programming and parole. The final section examines reform efforts and ideas and offers suggestions for future research and attention. With contributions from leading correctional scholars, this book is a valuable resource for scholars with an interest in U.S. prisons and the issues surrounding them. It is structured to serve scholars and graduate students studying corrections, penology, institutional corrections, and other related topics.

Controversial Issues In Prisons Scott, David, Codd, Helen, 2010-05-01. Controversial Issues in Prisons is a textbook designed to explore eight of the most controversial aspects of imprisonment in England and Wales today. It is primarily a book about the people who are sent to prison and what happens to them when inside. Each chapter examines a different dimension of the prison population and draws upon the sociological imagination to make connections between the personal troubles and vulnerabilities of those incarcerated with wider structural divisions which plague the society we live in. The book investigates controversies surrounding the incarceration of people with mental health problems, women, children, foreign nationals, offenders with suicidal ideation, sex offenders, drug takers, and the collateral consequences of incarceration on prisoners' families. Each chapter on these eight substantive topics shares a common structure and answers the following key questions: How have people conceptualised this penal controversy? What does the official data tell us and what are its limitations? What is its historical context? What are the contemporary policies of the Prison Service? Are they legitimate and if not, what are the alternatives? Ultimately, the authors argue that in combination, these controversial issues raise fundamental concerns about the legitimacy of the confinement project and the kind of society in which it is deemed essential. The book concludes with a discussion of why it remains important to make penal controversies visible, challenge penological illiteracy, and provide alternative means of responding to human wrongdoing rooted in the principles of human rights and social justice.
