Refugee A Northside View Of Slavery:

The Trials of Anthony Burns Albert J. Von Frank, 1998 Before 1854 most Northerners managed to ignore the distant unpleasantness of slavery But that year an escaped Virginia slave Anthony Burns was captured and brought to trial in Boston and never again could Northerners look the other way This is the story of Burns s trial and of how arising in abolitionist Boston just as the incendiary Kansas Nebraska Act took effect it revolutionized the moral and political climate in Massachusetts and sent shock waves through the nation In a searching cultural analysis Albert J von Frank draws us into the drama and the consequences of the case He introduces the individuals who contended over the fate of the barely literate twenty year old runaway slave figures as famous as Richard Henry Dana Jr the defense attorney as colorful as Thomas Wentworth Higginson and Bronson Alcott who led a mob against the courthouse where Burns was held and as intriguing as Moncure Conway the Virginia born abolitionist who spied on Burns s master The story is one of desperate acts even murder a special deputy slain at the courthouse door but it is also steeped in ideas Von Frank links the deeds and rhetoric surrounding the Burns case to New England Transcendentalism principally that of Ralph Waldo Emerson His book is thus also a study of how ideas relate to social change exemplified in the art and expression of Emerson Henry Thoreau Theodore Parker Bronson Alcott Walt Whitman and others Situated at a politically critical moment with the Whig party collapsing and the Republican arising with provocations and ever hotter rhetoric intensifying regional tensions the case of Anthony Burns appears here as the most important fugitive slave case in American history A stirring work of intellectual and cultural history this book shows how the Burns affair brought slavery home to the people of Boston and brought the nation that much closer to the Civil War

The Slave Narrative Marion Wilson Starling, 1988

Hirelings Jennifer Hull Dorsey, 2011-04-15 In *Hirelings* Jennifer Dorsey recreates the social and economic milieu of Maryland's Eastern Shore at a time when black slavery and black freedom existed side by side She follows a generation of manumitted African Americans and their freeborn children and grandchildren through the process of inventing new identities associations and communities in the early nineteenth century Free Africans and their descendants had lived in Maryland since the seventeenth century but before the American Revolution they were always few in number and lacking in economic resources or political leverage By contrast manumitted and freeborn African Americans in the early republic refashioned the Eastern Shore's economy and society earning their livings as wage laborers while establishing thriving African American communities As free workers in a slave society these African Americans contested the legitimacy of the slave system even while they remained dependent laborers They limited white planters' authority over their time and labor by reuniting their families in autonomous households settling into free black neighborhoods negotiating labor contracts that suited the needs of their households and worshipping in the African Methodist Episcopal Church Some moved to the cities but many others migrated between employers as a strategy for meeting their needs and thwarting employers' control They demonstrated that independent and free African American communities could thrive on their own terms In all of these actions the free black workers of the Eastern Shore played a pivotal role in ongoing debates about the merits of a free labor system
