outcast fueled his career as an essayist and a dramatist writing absurdist plays as social commentary His involvement during the Prague Spring and his leadership of Charter 77 his unflagging belief in the power of the powerless and his galvanizing personality catapulted Havel into a pivotal role as the leader of the Velvet Revolution in 1989 Although Havel was a courageous visionary he was also a man of great contradictions wracked with doubt and self criticism But he always remained true to himself This smart and exciting biography is both inspiring and filled with lessons for our time Walter Isaacson Havel was one of the most important intellectual troublemaking statesmen of his time a nonconformist determined to live in truth who questioned the system his countrymen and himself constantly No one is better suited than Michael Zantovsky to describe interpret and analyze this moral giant A brilliantly informed intellectual and political history Madeleine Albright Entertaining intimate and moving Zantovsky's voice that of a natural storyteller with an eye for the memorable anecdote a mischievous wit an easy intelligence and keen sense of balance and fairness is so engaging Paul Wilson The New York Review of Books

A History of Modern Political Thought in East Central Europe Balázs Trencsenyi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, 2018-11-10 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918-1968 OUP 2018 Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes It continues with mapping the exile communities and domestic dissidents critical engagement with the local democratic and anti democratic traditions as well as with global trends Rather than achieving the coveted end of history however the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike Thus instead of a comfortable conclusion pointing to the European integration of most of these countries the book closes with a reflection on the fragility of democracy in this part of the world and beyond

White Heat Brenda Wineapple, 2009-12-01 White Heat is the first book to portray the remarkable relationship between America's most beloved poet and the fiery abolitionist who first brought her work to the public As the Civil War raged an unlikely friendship was born between the reclusive poet Emily Dickinson and Thomas Wentworth Higginson a literary figure who ran guns to Kansas and commanded the first Union regiment of black soldiers When Dickinson sent Higginson four of her poems he realized he had encountered a wholly original genius their intense correspondence continued for the next quarter century In White Heat Brenda Wineapple tells an extraordinary story about poetry politics and love one that sheds new light on her subjects and on the roiling America they shared **The Bloomsbury Handbook to Cold War Literary**

Cultures Greg Barnhisel, 2022-06-30 Adopting a unique historical approach to its subject and with a particular focus on the institutions involved in the creation dissemination and reception of literature this handbook surveys the way in which the Cold War shaped literature and literary production and how literature affected the course of the Cold War To do so in addition to more traditional sources it uses institutions like MFA programs university literature departments book review sections of newspapers publishing houses non governmental cultural agencies libraries and literary magazines as a way to understand works of the period differently Broad in both their geographical range and the range of writers they cover the book's essays examine works of mainstream American literary fiction from writers such as Roth Updike and Faulkner as well as moving beyond the U S and the U K to detail how writers and readers from countries including but not limited to Taiwan Japan Uganda South Africa India Cuba the USSR and the Czech Republic engaged with and contributed to Anglo American literary texts and institutions **Museum Mediations** Barbara K. Fisher, 2006-01-24 This interdisciplinary study

participates in the ongoing critical conversation about postwar American poetry and visual culture while advancing that field into the arena of the museum Turning to contemporary poems about the visual arts that foreground and interrogate a museum setting the book demonstrates the particular importance of the museum as a cultural site that is both inspiration and provocation for poets The study uniquely bridges the dual canon in contemporary poetry and calls the lyric avant garde distinction into question by analyzing museum sponsored anthologies as well as poems by John Ashbery Richard Howard

Kenneth Koch Kathleen Fraser Cole Swensen Anne Carson and others Through these case studies of poets with diverse affiliations the author shows that the boom in ekphrasis in the past 20 years is not only an aesthetic but a critical phenomenon a way that poets have come to terms with the critical dilemmas of our moment Highlighting the importance of poets peripheral vision awareness of the institutional conditions that frame encounters with art the author contend that a museum visit becomes a forum for questioning oppositions that have preoccupied literary criticism for the past 50 years homage and innovation modernism and postmodernism subjectivity and collectivity The study shows that ekphrasis becomes a strategy for negotiating these impasses a mode of political inquiry a meditation on canonization a venue for comic appraisal of institutionalization and a means of site specific feminist revision in a vital synthesis of critique perspicacity and pleasure

Capitalism on Edge Albena Azmanova, 2020-01-14 The wake of the financial crisis has inspired hopes for dramatic change and stirred visions of capitalism's terminal collapse Yet capitalism is not on its deathbed utopia is not in our future and revolution is not in the cards In *Capitalism on Edge* Albena Azmanova demonstrates that radical progressive change is still attainable but it must come from an unexpected direction Azmanova's new critique of capitalism focuses on the competitive pursuit of profit rather than on forms of ownership and patterns of wealth distribution She contends that neoliberal capitalism has mutated into a new form precarity capitalism marked by the emergence of a precarious multitude Widespread economic insecurity ails the 99 percent across differences in income education and professional occupation it is the underlying cause of such diverse hardships as work related stress and chronic unemployment In response Azmanova calls for forging a broad alliance of strange bedfellows whose discontent would challenge not only capitalism's unfair outcomes but also the drive for profit at its core To achieve this synthesis progressive forces need to go beyond the old ideological certitudes of on the left fighting inequality and on the right increasing competition Azmanova details reforms that would enable a dramatic transformation of the current system without a revolutionary break An iconoclastic critique of left orthodoxy *Capitalism on Edge* confronts the intellectual and political impasses of our time to discern a new path of emancipation
