Selected Works of Mao Tse-Tung Zedong Mao, 1961 **Mao Tse-Tung's Theory of Dialectic** F.Y.K. Soo, 2012-12-06 The year 1979 ushered in a new phase in China s long and continuous revolution Currently this new phase is being symbolically referred to by the Chinese leaders themselves as the New Long March a continuation of the legendary and historical Long March in terms of modernization which comprises the Four Modernizations Agriculture Industry Science and Technology and Military Defense Such an all encompassing attempt at modernization may appear to some at least to be something new or may indicate a radical shift in her policy But upon closer examination this decision seems only to reflect an historical continuity in terms of the two major long term goals of the Chinese Revolution national independence and modernization or industrialization The former would make China strong the latter wealthy For ever since the Opium War in 1840 and throughout the Revolutions of 1911 and 1949 China has always pursued these two revolutionary goals though with different emphases at different times This has been especially true during the past three decades as this twofold goal has dictated all of China s important policies both domestic and foreign In other words while the concrete policies may have appeared to be lacking in unity at times they have been formulated with the specific intent of achieving national

independence and modernization From this perspective the New Long March marks the passage of post Mao China beyond the transition of succession toward the continued pursuit of the same revolutionary goals Selected Works of Mao Tse-Tung Mao Tse-Tung,2014-05-18 Selected Works of Mao Tse Tung Volume IV focuses on the views of Mao Tse Tung on communism revolution civil war and patriotism The volume first ponders on China s policy following victory in the war of resistance against Japan and the response of Mao Tse Tung on Chiang Kai shek s meddling with the surrender of Japanese forces and his plans for a counter revolutionary civil war The publication also takes a look at the role of rent reduction and production on the defense of liberated areas and the policy for work in the liberated areas The book examines Mao Tse Tung s call for his comrades to rise in arms against the leadership of Chiang Kai shek particularly taking note of the support that Chiang Kai shek is getting from the United States The text also elaborates on the concept of operations for the Liaohsi Shenyang and Huai hai campaigns strengthening the party committee system and the demand to include punishment for Japanese and Kuomintang war criminals The volume is a dependable source of data for readers interested in the views of Mao Tse Tung on communism revolution civil war and patriotism Collections of United States Joint Publications Research Service Translations in the Social Sciences Emanating from Communist China United States.
