No Medium Craig Dworkin, 2015-01-30 Close readings of ostensibly blank works from unprinted pages to silent music that point to a new understanding of media In *No Medium* Craig Dworkin looks at works that are blank erased clear or silent writing critically and substantively about works for which there would seem to be not only nothing to see but nothing to say Examined closely these ostensibly contentless works of art literature and music point to a new understanding of media and the limits of the artistic object Dworkin considers works predicated on blank sheets of paper from a fictional collection of poems in Jean Cocteau's *Orphée* to the actual publication of a ream of typing paper as a book of poetry he compares Robert Rauschenberg's *Erased De Kooning Drawing* to the artist Nick Thurston's erased copy of Maurice Blanchot's *The Space of Literature* in which only Thurston's marginalia were visible and he scrutinizes the sexual politics of photographic representation and the implications of obscured or obliterated subjects of photographs Reexamining the famous case of John Cage's 4'33" Dworkin links Cage's composition to Rauschenberg's *White Paintings* Ken Friedman's *Zen for Record* and Nam June Paik's *Zen for Film* and other works offering also a guide to further listening that surveys more than 100 scores and recordings of silent music Dworkin argues that we should understand media not as blank base things but as social events and that there is no medium understood in isolation but only and always a plurality of media interpretive activities taking place in socially inscribed space

Colours of Creation Dharmawijaya,2012 *The Poetry of Disturbance* David Bergman,2015-06-30 In *The Poetry of Disturbance* David Bergman argues that post war poetry underwent a significant if subtle shift in emphasis moving from the modernist concern with the poem as a visual text to one that was chiefly oral in nature The resulting change was disturbing especially for those brought up on the principles of high modernism This new stress on orality implied a shift in the economy of the poem away from the austerity of language advocated by Pound and Eliot to a style that conveyed freedom expansiveness and an innovative directness
