Selections from Walt Whitman and Emily Dickinson Walt Whitman, 1998 Selections from Walt Whitman and
Emily Dickinson Walt Whitman, 1990 Walt Whitman, Emily Dickinson Hershel Parker, 1998 Selections from Walt
Whitman and Emily Dickinson Walt Whitman, 1998 The Norton Anthology of American Literature Nina Baym, 1994

A Place for Humility Christine Gerhardt, 2014-09-01 Emily Dickinson and Walt Whitman are widely acknowledged as two of America's foremost nature poets primarily due to their explorations of natural phenomena as evocative symbols for cultural developments individual experiences and poetry itself Yet for all their metaphorical suggestiveness Dickinson's and Whitman's poems about the natural world neither preclude nor erase nature's relevance as an actual living environment In their respective poetic projects the earth matters both figuratively as a realm of the imagination and also as the physical ground that is profoundly affected by human action This double perspective and the ways in which it intersects with their formal innovations points beyond their traditional status as curiously disparate icons of American nature poetry That both of them not only approach nature as an important subject in its own right but also address human nature relationships in ethical terms invests their work with important environmental overtones Dickinson and Whitman developed their environmentally suggestive poetics at roughly the same historical moment at a time when a major shift was occurring in American culture s view and understanding of the natural world Just as they were achieving poetic maturity the dominant view of wilderness was beginning to shift from obstacle or exploitable resource to an endangered treasure in need of conservation and preservation A Place for Humility examines Dickinson's and Whitman's poetry in conjunction with this important change in American environmental perception exploring the links between their poetic projects within the context of developing nineteenth century environmental thought Christine Gerhardt argues that each author's poetry participates in this shift in different but related ways and that their involvement with their culture s growing environmental sensibilities constitutes an important connection between their disparate poetic projects. There may be few direct links between Dickinson s letter to the World and Whitman's language experiment but via a web of environmentally oriented discourses their poetry engages in a cultural conversation about the natural world and the possibilities and limitations of writing about it a conversation in which their thematic and formal choices meet on a surprising number of levels Three Great American Poets: Whitman, Dickinson, Frost Walt Whitman, Emily Dickinson, Robert Frost, 2001 Whitman's & Dickinson's Contemporaries Robert A. Bain, 1996 Emily Dickinson and Walt Whitman were not the poetic stars of their day only a few friends knew that Dickinson wrote and Whitman's following was minuscule if influential But the contemporaries who eclipsed

these major poets now have largely disappeared from our literary landscape In this distinctive anthology Robert Bain gathers together thirteen other scholars to re present the poetry of these former luminaries allowing readers to rediscover them reconstruct the poetic contexts of their age and better understand why Whitman and Dickinson now overshadow other poets of their time Arranged chronologically according to the birth dates of the poets this anthology introduces each poet s work providing biographical information and discussing the major forms and themes of the work Each introduction places the poet in a literary and historical context with Whitman and Dickinson and provides a bibliography of secondary sources This remarkable book recovers a part of our literary heritage that has been lost Whitman & Dickinson Éric Athenot, Cristanne Miller, 2017 Whitman Dickinson is the first collection to bring together original essays by European and North American scholars directly linking the poetry and ideas of Walt Whitman and Emily Dickinson The essays present intersections between these great figures across several fields of study rehearsing well established topics from new perspectives opening entirely new areas of investigation and providing new information about Whitman's and Dickinson's lives work and reception Essays included in this book cover the topics of mentoring influence on each poet religion the Civil War phenomenology the environment humor poetic structures of language and Whitman's and Dickinson's twentieth and twenty first century reception including prolonged engagement with Adrienne Rich's response to this strange uncoupled couple of poets who stand at the beginning of an American national poetic Contributors Include Marina Camboni Andrew Dorkin Vincent Dussol Betsy Erkkil Ed Folsom Christine Gerhardt Jay Grossman Jennifer Leader Marianne Noble C cile The Selection From the Russell Sage Foundation , Roudeau Shira Wolosky Teaching English in the Block Dan Walker, Jr, Jeff Newton, Joe Strzepk, 2013-10-18 Provides detailed instructional strategies sample lesson plans and sample assessments which can be adapted in your classroom to help create better readers and more effective writers **Advanced Creative Nonfiction** Sean Prentiss, Jessica Hendry Nelson, 2021-07-29 Advanced Creative Nonfiction A Writers Guide and Anthology offers expert instruction on writing creative nonfiction in any form including memoir lyric essay travel writing and more while taking an expansive approach to fit a rapidly evolving literary art form From a history of creative nonfiction related ethical concerns and new approaches to revision and publishing this book offers innovative strategies and ideas beyond what s traditionally covered Advanced Creative Nonfiction A Writers Guide and Anthology also includes An anthology of contemporary creative nonfiction by some of today s most inventive and celebrated writers Advanced explorations into the craft of creative nonfiction across forms In depth discussion of truth ethics and memory Practical advice on revision editing research and publishing Writing prompts and exercises throughout the textbook A companion website is also available for the book at http www bloomsburyonlineresources com advanced creative nonfiction Whitman's Drift Matt Cohen, 2017-07-01 The American nineteenth century witnessed a media explosion unprecedented in human history New communications technologies seemed to be everywhere offering opportunities and threats that seem powerfully familiar to us

as we experience today s digital revolution Walt Whitman s poetry reveled in the potentials of his time See the many cylinder d steam printing press he wrote See the electric telegraph stretching across the Continent from the Western Sea to Manhattan Still as the budding poet learned books neither sell themselves nor move themselves without an efficient set of connections to get books to readers the democratic media saturated future Whitman imagined would have remained warehoused Whitman's works sometimes ran through the many cylinder d steam printing press and were carried in bulk on the strong and guick locomotive Yet during his career his publications did not follow a progressive path toward mass production and distribution Even at the end of his life in the 1890s as his fame was growing the poet was selling copies of his latest works by hand to visitors at his small house in Camden New Jersey Mass media and centralization were only one part of the rich media world that Whitman embraced Whitman's Drift asks how the many options for distributing books and newspapers shaped the way writers wrote and readers read Writers like Whitman spoke to the imagination inspired by media transformations by calling attention to connectedness to how literature not only moves us emotionally but moves around in the world among people and places Studying that literature and how it circulated can help us understand not just how to read Whitman's works and times but how to understand what is happening to our imaginations now in the midst of the twenty first century media explosion Bakhtin and the Social Moorings of Poetry Donald Wesling, 2003-07 This book rescues Bakhtin from his overstatements concerning poetry and gives the theoretical and practical basis for reading poems with the help of Bakhtin's categories of utterance heteroglossia and dialogue In addition through this rescue the book offers a modest but strong foundation for a reading of poetry and indeed of all literary texts where a clash of social positions is fought out on the territory of the utterance To find a believable poetics of social forms is the order of the day and Donald Wesling's admiring and yet skeptical revision of Bakhtin will be part of the explanation we need Jacket **Consensus** Joseph Csicsila, 2004-08-17 Canons by Consensus is first systematic analysis of American literature textbooks used by college instructors in the last century Forum ,1982 Writing the Nation: A Concise Introduction to American Literature 1865 to Present Amy Berke, Robert Bleil, Jordan Cofer, Doug Davis, 2023-12-26 Writing the Nation A Concise Introduction to American Literature 1865 to Present offers an expansive journey through the transformative eras of American literary tradition This anthology unites a multitude of voices to explore overarching themes such as identity freedom and cultural evolution Through an artful blend of styles ranging from realism and modernism to postmodernism this collection provides a sweeping overview of the dynamic literary landscape following the Civil War Noteworthy works span diverse genres shedding light on the shifting American experience and inviting readers into a profound dialogue with the past and present Curated by Amy Berke Robert Bleil Jordan Cofer and Doug Davis this anthology brings together some of the most compelling voices in American literature These editors have skillfully encapsulated the rich diversity of authors who have helped shape the nation s narrative reflecting historical moments and cultural shifts Engaging with movements like the

Harlem Renaissance and post war modernism the collection reflects a tapestry of experiences and ideologies capturing the evolution of American literary identity This anthology is an indispensable resource for readers eager to explore the myriad perspectives that define American literature Its comprehensive array of voices provides a detailed examination of America s cultural and literary milestones Students educators and literary enthusiasts alike will find this collection invaluable for its ability to foster understanding and appreciation of the profound and varied dialogues that have shaped American narrative from 1865 to the present Writing the Nation stands as a testament to the enduring power of literature to mirror and critique the evolving American experience The Oxford Book of American Poetry David Lehman, John Brehm, 2006-04-03 Here is the eagerly awaited new edition of The Oxford Book of American Poetry brought completely up to date and dramatically expanded by poet David Lehman It is a rich capacious volume featuring the work of more than 200 poets almost three times as many as the 1976 edition With a succinct and often witty head note introducing each author it is certain to become the definitive anthology of American poetry for our time Lehman has gathered together all the works one would expect to find in a landmark collection of American poetry from Whitman's Crossing Brooklyn Ferry to Stevens's The Idea of Order at Key West and from Eliot's The Waste Land to Ashbery's Self Portrait in a Convex Mirror But equally important the editor has significantly expanded the range of the anthology The book includes not only writers born since the previous edition but also many fine poets overlooked in earlier editions or little known in the past but highly deserving of attention The anthology confers legitimacy on the Objectivist poets the so called Proletariat poets of the 1930s famous poets who fell into neglect or were the victims of critical backlash Edna St Vincent Millay poets whose true worth has only become clear with the passing of time Weldon Kees Among poets missing from Richard Ellmann's 1976 volume but published here are W H Auden Charles Bukowski Donald Justice Carolyn Kizer Kenneth Koch Stanley Kunitz Emma Lazarus Mina Loy Howard Moss Lorine Niedecker George Oppen James Schuyler Elinor Wylie and Louis Zukosky Many more women are represented outstanding poets such as Josephine Jacobsen Josephine Miles May Swenson Numerous African American poets receive their due and unexpected figures such as the musicians Bob Dylan Patti Smith and Robert Johnson have a place in this important work This stunning collection redefines the great canon of American poetry from its origins in the 17th century right up to the present It is a must have anthology for anyone interested in American literature and a book that is sure to be consulted debated and treasured for years to come Catalog ... University of Illinois at Chicago. Undergraduate Division, 1973
