Self Embodiment Of God:

The Self-Embodiment of God Thomas J. Altizer, 1987-08-14 Traces the interior evolutionary movement of biblical moments and movements of Genesis Exodus Judgement Incarnation and Apocalypse by meditating on speech and silence in the biblical text of the Old Testament or Torah This profoundly moving meditation by a Christian dialectical theologian finds a home in the classical academic literature of Judaism by virtue of the author's emphasis on the search for words to express man's encounter with the living God Jacob Neusner Series Editor in his new preface states that Judaism in the Torah claims to possess these words He considers Altizer's work to be a continuation of the legacy of Abraham Joshua Heschel Originally published by Harper Row in 1977 this edition contains a new introduction by the author **The Self-embodiment of God** Thomas J. J. Altizer, 1977 **The Autism of Gxd** Ruth M. Dunster, 2022-12-02 The Autism of Gxd An Atheological Love Story is truly a love story the story of Ruth Dunster's autistic search for an authentic personal and theological Gxd In this it resembles Augustine's Confessions as a theological autobiography It becomes atheological however as Dunster reckons with what Denys Turner terms The Darkness of God This awareness leads her through the poetry of Medieval mystics to the mythic death of God theology of Thomas J J Altizer The search for faith is nonetheless very real in this strange territory Dunster hears her autistic Gxd speaking in art poetry novels and music and this further leads her into the territory of Literature Theology and the Arts where in Blanchot's words the answer is the poem's absence Indeed Dunster calls the book a strange poem or even a hymn Weaving an autistic mythology out of a rigorous survey of clinical autism this book abounds in challenge and paradox It offers a fascinating view into how an autistic poet becomes a theologian and what more mainstream theologies might learn from this disabled Gxd *Kierkegaard and the Self Before God* Simon D. Podmore, 2011-02 Simon D Podmore claims that becoming a self before God is both a divine gift and an anxious obligation Before we can know God or ourselves we must come to a moment of recognition How this comes to be as well as the terms of such acknowledgment are worked out in Podmore's powerful new reading of Kierkegaard As he gives full consideration to Kierkegaard's writings Podmore explores themes such as despair anxiety melancholy and spiritual trial and how they are broken by the triumph of faith forgiveness and the love of God He confronts the abyss between the self and the divine in order to understand how we can come to know ourselves in relation to a God who is apparently so wholly Other *Sufi Women, Embodiment, and the 'Self'* Jamila Rodrigues, 2022-12-30 This book is an ethnographic case study of Sufi ritual practice and embodied experience amongst female members of the Naqshbandi community Drawing on fieldwork in Cape Town South Africa and Lefke Cyprus 2013 2014 the author examines women's experiences within a particular performance of Sufi tradition The focus is on the ritual named hadra involving the recital of sacred texts music and body movement where the goal is for the individual to reach a state of intimacy with God The volume considers Sufi practice as a form of embodied cultural behavior religious identity and selfhood construction It explains how Muslim women's participation in hadra ritual

life reflects religious and cultural ideas about the body the body's movement and embodied selfhood expression within the ritual experience Sufi Women Ritual Embodiment and the Self engages with studies in Sufism symbolic anthropology ethnography dance and somatic studies Contributing to discussions of religion gender and the body the book will be of interest to scholars from anthropology sociology religious ritual studies Sufism and gender studies and performance studies

Incarnate Earth Matthew Eaton, 2023-03-10 Incarnate Earth reimagines the doctrine of Incarnation by extending the unity between Creator and creation beyond Jesus to the entire world In dialogue with contemporary theologies of deep incarnation and the philosophy of Emmanuel Levinas the author argues that the face of Christ is encountered in the cruciform demand for justice embodied in the creaturely finitude and vulnerability that grounds ethics Central to this vision is a recognition that the religious role functions at the heart of Jesus life the revelation of God and the redemption of the world are performed throughout the physical world irreducible to humanity or one heroic representative of the species Thus the human encounters the divine Christ in and as the face of any vulnerable thing animal vegetal elemental or otherwise not as a transcendent being mediated through humanity The radical nature of this reimagination necessitates renewed discussions of ecological and animal ethics calling for compassionate care for all vulnerable bodies insofar as this is possible It will be of interest to scholars of Christian theology and the philosophy of religion particularly those focused on ecotheology religious naturalism and environmental ethics *Thinking through the Death of God* Lissa McCullough, Brian

Schroeder, 2012-02-01 The leading exponent of the death of God theology of the 1960s Thomas J J Altizer created a media sensation at the time and defined a major new direction in philosophical theology Altizer has continued to refine his thought throughout his career and his systematic theological work has achieved its prime as shown in this collaborative critical response to his thought This book is also the first collection of its kind to appear in nearly thirty years and thus the first to deal with the most sophisticated period of his work A response from Altizer is included along with a comprehensive bibliography of his work **Knowledge of the Self-Revealing God in the Thought of Thomas Forsyth Torrance** John

Douglas Morrison, 2005-02-07 This work examines Thomas Forsyth Torrance's concern for the modern re-entrenchment of dualism as it has negatively affected the Christian faith and the realist knowledge of God in Christ Additionally an analysis is made of Torrance's program to faithfully restore theological thinking theological science and true objectivity out of the Christocentric Trinitarian self-disclosure of God via the modern return to critical realist epistemology in the physical sciences e.g. Einstein Polanyi The study concludes with a critical examination of the adequacy and completeness of Torrance's endeavor the problem of residual dualism in the light of his own theological and redemptive concerns **Divine Revelation**

Susan G. Shumsky, 1996-08-05 INCREASE YOUR SPIRITUAL STRENGTH AWAKEN YOUR HIDDEN POTENTIAL AND FULFILL YOUR DESTINY Sushan Shumsky has taught thousands how to develop a deep spiritual connection within themselves by learning to listen to and trust the still small voice within the voice that embodies the wisdom needed to set a

clear direction in life and make the biggest decisions with peaceful confidence In Divine Revelation she presents her proven techniques for opening your heart mind and spirit to the riches of inner divine contact and for learning how to Augment your innate intuitive abilities Identify the source of intuitive messages and test their authenticity Overcome resistance to divine contact by breaking through ego barriers Attain mastery in the practice of meditation Become self reliant in solving personal problems and charting a course for the future Religious Leadership Sharon Henderson Callahan,2013-06-20 This title tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths *The Ministry of the Word, Vol. 26, No. 09* Witness Lee,2022-12-03 This issue of The Ministry of the Word contains Messages 25 through 32 given during the spring 2022 term of the full time training in Anaheim California as the continuation of the general subject Chapters Five through Eight of Romans the Kernel of the Bible The sixteen messages in this term emphasize Romans 7 and especially chapter 8 The deep divine thought in Romans is that God became man so that in God s complete salvation sinners may be redeemed regenerated sanctified renewed transformed conformed and glorified to become the sons of God who are the same as God in life and nature to be the members of the Body of Christ God sent His Son in the likeness of the flesh of sin and condemned sin in the flesh so that the sinners serpentine beings children of the devil could be reconciled to God and justified by Him in order to receive eternal life and thus become children of God 8 3 16 Jesus Christ our Lord who came out of the seed of David according to the flesh was designated the Son of God in power according to the Spirit of holiness out of the resurrection of the dead 1 3 4 The firstborn Son of God the first God man is the prototype for the production of the many sons the many God men who as members of the Body of Christ are exactly the same as the firstborn Son in life nature and expression 8 14 29 The prototype the firstborn Son of God is in our spirit as the law of the Spirit of life v 2 His main function as the law of the Spirit of life is to shape us to conform us into His image as the firstborn Son of God so that we may become His corporate expression The law of life also functions to constitute us the members of the Body of Christ with all kinds of functions The purpose of God s salvation is to have Christ reproduced in millions of believers so that they may become the members of His Body 12 4 5 Through God s organic salvation carried out by the divine dispensing of the Triune God as life to the tripartite man the children of God are growing in life to become sons of God led by the Spirit The sons of God the many brothers of Christ as the firstborn Son of God are the members of the Body of Christ In order to live in the law of the Spirit of life we need to activate this law within us Loving the Lord with the first love is the first requirement for the law of the Spirit of life to be activated within us We need to love the Lord with the first love the best love which is to give the Lord the preeminence the first place in all things being constrained by His love to regard and take Him as everything in our life To love the Lord with the first love is to have a personal affectionate private

and spiritual relationship with the Lord When we contact this lovely and loving person He will infuse us with Himself as love and He will produce in us the love with which we can love Him Love is the most excellent way for us to be anything or do anything for the building up of the church as the organic Body of Christ Taking heed to the inner sense of the spirit is the second requirement for the law of the Spirit of life to be activated within us The secret of our Christian life that we all must learn is found in Romans 8 6 which is the most important verse in the Bible related to our spiritual experience of Christ as the law of the Spirit of life the mind set on the flesh is death but the mind set on the spirit is life and peace To set the mind on the flesh means to take sides with the flesh to cooperate with the flesh and to stand with the flesh to set the mind on the spirit is to take heed to the spirit to take sides with the spirit to cooperate with the spirit and to stand with the spirit that is to pay attention to our spirit We need to heed this inner sense of life and peace in the spirit The Announcements section at the end of this issue contains a list of upcoming conferences and trainings hosted by Living Stream Ministry and a website link for information related to similar events in Europe

Hass, 2021-09-16 How do we talk meaningfully about the sacred in contexts where conventional religious expression has so often lost its power Inspired by the influential work of David Jasper this important volume builds on his thinking to identify sacrality in a world where the old religious and secular debates have exhausted themselves and theology struggles for a new language in their wake Distinguished writers explore here the idea of

the sacred as one that exists paradoxically in a space that is both possible and impossible profoundly theological on the one hand but also deeply this worldly and irreligious on the other This is a sacredness that is simultaneously present and absent one which encompasses as Jasper himself characterises it the impossible possibility of an absolute vision The book teaches us that the sacred assumes a renewed potency when fully engaged with the creativity that happens across religion literature philosophy and the arts

God in Sound and Silence Danielle Anne Lynch,2018-06-22 Music by its indeterminate levels of meaning poses a necessary challenge to a theology bound up in words Its distinctive nature as temporal and embodied allows a unique point of access to theological understanding Yet music does not exist in a cultural vacuum conveying universal truths but is a part of the complex nature of human lives This understanding of music as theology stems from a conviction that music is a theological means of knowing knowing something indeterminate yet meaningful This is an exploration of the means by which music might say something otherwise unsayable and in doing so allow for an encounter with the mystery of God

Godhead and the Nothing Thomas J. J. Altizer,2003-07-17 An eminent theologian argues that nothingness is necessary in order to fully actualize the Godhead

Brittingham,Christina Smerick,2016-02-19 The body of Christ The body of the anorexic The altered body The mutilated body The Eucharist Canonical Western thought has had an uneasy relationship with the flesh from Plato forward Western philosophy has spent its time dwelling upon ideation perception cognition and recollection and has pursued de facto if not de jure a duality of mind and body that continues to this day Western theology has followed suit either viewing the body as humiliation prison or site of sin However movements in the twentieth century philosophical theological and scientific have all issued challenges to the longstanding tradition These challenges invite us to reconsider long held beliefs about cognition the body and human experience in the world In particular Wesleyan theology and philosophy are called to address our inheritance and to move beyond it This Is My Body provides a collection of essays addressing the body from broadly Wesleyan Christian and philosophical perspectives examining Wesley's engagement with the body embodied epistemologies the body and the Church and the altered body in relation to Christian Scripture reason tradition and experience

[The Ministry of the Word, Vol. 26, No. 03](#) Various Authors,2023-03-03 This issue of The Ministry of the Word contains the first eight of the sixteen messages given during the fall 2021 term of the full time training in Anaheim California The general subject of this series of messages is Chapters Five through Eight of Romans the Kernel of the Bible These first eight messages and the subsequent eight messages published in an upcoming issue will focus on Romans 5 and 6 This general subject will then be continued in the messages of the spring 2022 term and will focus on Romans 7 and 8 The life and death form two contrasting lines in chapters 5 through 8 showing that man is at the center of a triangular situation between God and Satan that is between life and death The tree of life and the tree of knowledge the tree of death issue in two lines the line of life and the line of death that run through the entire Bible and consummate in the book of Revelation The line of life begins with the tree of life in Genesis 2 and issues in the New Jerusalem in Revelation 22

as the city of the water of life with the tree of life the light of life and the glory of life Similarly the line of death begins with the tree of the knowledge of good and evil in Genesis 2 and ends with the lake of fire in Revelation 20 The kernel of the Bible is that Christ has been revealed into us as life and that we live have our being and exist by Christ as the divine life God put us into Christ with the desire that we would be transformed and conformed to the image of His Son so that we might be thoroughly one with Christ In this way we are built up together as the living Body of Christ to contain and express Christ for the Father s glory and for our glorification in Christ Romans 5 reveals that the result of our justification is the full enjoyment of God in Christ as our life

D. G. Leahy and the Thinking Now Occurring Lissa McCullough, Elliot R.

Wolfson, 2021-09-01 This book offers a critical introduction to the work of American philosopher D G Leahy 1937 2014 Leahy s fundamental thinking can be characterized as an absolute creativity in which all creating is live a happening occurring now that manifests a supersaturated polyontological actuality that is essentially created by the logic that characterizes it Leahy leaves behind the categorial presuppositions of modern thought eclipsing both Cartesian and Hegelian subjectivities and introducing instead an essentially new form of thinking founded in a nondual logic of creation The new thinking delineates the absolute unicity of existence as a creative interactivity beyond all traditional dichotomies such as one vs many unity vs plurality identity vs change a fully digitized actuality that is nothing but newness which inherently implies nothing but change Through this new form of thinking change itself is revealed to be the very essence of reality and mind Any reader looking for a quantum leap beyond the thrall of modern and postmodern fixations is invited to hear and apprehend this new thinking that refuses to be conditioned by paradigms categories species genera walls bridges boundaries or abstractions an essentially free thinking that embodies creative novelty itself

Humanism and the Humanities in the Twenty-first Century William S. Haney, Peter Malekin, 2001 The book raises questions about the underlying paradigms of contemporary learning and social thinking including the nature of consciousness and the mind the purpose and conduct of education the role of science and scientific methodologies the place of art and literature or relationship to the environment our concepts of spirituality our attitudes to the past and also what we are doing to our own future
