Self Assessment Cases In Surgical Imaging:

Self-assessment Cases in Surgical Imaging Chris J. Harvey, 2005 Diagnostic radiology plays a vital role in patient management and all clinicians need to be able to recognize the radiological appearances of many medical conditions Not only are traditional imaging techniques important but newer techniques such as interventional radiology computed tomography magnetic resonance imaging nuclear medicine and ultrasound are increasingly important in clinical practice The interpretation of radiological images is also an integral part of professional examinations within general surgery This book covers all modalities in radiology providing a guide to the principles of plain radiographic film interpretation and an understanding of the roles and limitations of more complex imaging across general surgery The use of contrast agents radiation dosage and guidance on the interpretation of some imaging modalities such as the chest and abdominal radiograph intravenous urogram and barium studies are included The material is presented through the discussion of 101 fully

illustrated cases which take a question and full answer format **Focus on Neuroimaging: Neurology Self-Assessment** Patricio S. Espinosa, Charles D. Smith, 2012-03-28 This innovative case based question and answer study guide to neuroradiology is geared to neurology and neurosurgery residents medical students and resident graduates preparing for the neurology and neuroradiology boards The book presents 101 cases from adult neurology pediatric neurology and neurosurgery practice covering all major neuroradiology topics Each case begins with one or more high resolution images a brief history and questions with answers and detailed explanations on the next page Cases are presented in random order rather than grouped by classification so that readers will approach each case image with no prior clue to the diagnosis The cases questions and answers will also be available on a companion Website *Self Assessment and Review of Gynecology*
