Self Portrait In A Convex Mirror Poems:

Self-Portrait in a Convex Mirror John Ashbery, 1990-01-01 John Ashbery's most renowned collection of poetry. Winner of The Pulitzer Prize, the National Book Award, and the National Book Critics Circle Award. First released in 1975, *Self Portrait in a Convex Mirror* is today regarded as one of the most important collections of poetry published in the last fifty years. Not only in the title poem, which the critic John Russell called one of the finest long poems of our period, but throughout the entire volume, Ashbery reaffirms the poetic power that made him an outstanding figure in contemporary literature. These are poems of breathtaking freshness and adventure in which dazzling orchestrations of language open up whole areas of consciousness no other American poet has ever begun to explore. *The New York Times* *Self-portrait in a Convex Mirror* John

Ashbery, 1982 **A Study Guide for John Ashbery's "Self-Portrait in a Convex Mirror"** Gale, Cengage Learning, 2016 A Study Guide for John Ashbery's *Self Portrait in a Convex Mirror* excerpted from Gale's acclaimed *Poetry for Students*. [on Poems on Paintings](#) John Dixon Hunt, 1980 **John Ashbery and American Poetry** David Herd, 2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing. Presenting the poet in all his forms: avant garde, nostalgic, sublime, and camp, the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion. Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950s New York, the book evaluates his poetry against the aesthetic, literary, and historical backgrounds that have informed it. The story of a brilliant career and a history of the period in which that career has taken shape. *John Ashbery and American Poetry* provides a compelling account of Ashbery's importance to Twentieth Century Literature. POETRY FOR STUDENTS CENGAGE LEARNING. GALE, 2016 **A Portrait of the Indeterminate Self** Jeffrey Allyn Jenkins, Jessica Prinz, 1992 **Witness in the Convex Mirror** Eileen R. Tabios, 2019-05 *Poetry Asian American Studies*. When John Ashbery died in September 2017, all the obituaries noted that he had been a member of the New York School of poets, that his roots were in western New York, and that despite living for a decade in Paris, his career had unfolded

over many decades in the City Ashbery was indeed something of a local poet constantly using references from the places he had lived Lost in the very local memorials however was the fact that Ashbery's work also influenced writers in the Pacific including writers of color Eileen Tabios has taken up Ashbery's influence and engaged in a project of the browning of John Ashbery as she told Tinfish's editor once Using one or two lines at a time from Ashbery's Self Portrait in a Convex Mirror 1976 Tabios inhabits Ashbery's mode while moving our focus of attention many thousands of miles west of New York City Tabios who grew up in the Philippines studied and worked in New York City and has lived in California for many years appropriates Ashbery to her own ends These include cultural appropriation genocide militarism sexual and racial violence art history and many other interests she shared or did not share with the older white male poet WITNESS IN THE CONVEX MIRROR is a tense act of homage one that draws Ashbery away from the region that is most comfortable with him and into a place where the discomfort is palpable but extremely generative *Encyclopedia of the New York School Poets* Terence Diggory, 2009 An A to Z reference to writers of the New York School including John Ashbery who is often considered America's greatest living poet Examines significant movements in literary history and its development through the years **John Ashbery and English Poetry** Ben Hickman, 2012-03-07 A study of how we should read one of America's most important poets Ben Hickman argues that we must attend to Ashbery's radical conception of reading if we are to understand the originality of his writing His study focuses on Ashbery's reading of English poets including Andrew Marvell John Donne William Wordsworth John Clare T S Eliot and W H Auden and examines Ashbery's writing in terms of an aesthetic of inattention Hickman critiques the Americanisation of Ashbery's work as well as common assumptions about his Romanticism his avant garde Modernism and his engagement with the historical present He demonstrates that Ashbery's generosity as a writer is closely tied to his generosity inattention and situatedness as a reader **The Value of Poetry** Eric Falci, 2020-12-03 Eric Falci's The Value of Poetry offers an evaluation and critique of the literary cultural and political value of poetry in the twenty first century Falci claims that some of the most vital significant and enduring human notions have been voiced and held in poems Poems marble civilizations they catch courses of thought tracks of feeling and acts of speech and embed these shapes in language that is in some fashion poised toward the future Falci argues that poetry is a vital medium in addressing and understanding some of the most pressing issues of our time Ranging widely across canonical and contemporary poetry The Value of Poetry shows how poems matter and what poetry offers to readers in the contemporary world **The Ekphrastic Encounter in Contemporary British Poetry and Elsewhere** David Kennedy, 2016-03-23 Examining a wide range of ekphrastic poems David Kennedy argues that contemporary British poets writing out of both mainstream and avant garde traditions challenge established critical models of ekphrasis with work that is more complex than representational or counter representational responses to paintings in museums and galleries Even when the poem appears to be straightforwardly representational it is often selectively so producing a virtual work that doesn't exist in

actuality Poets such as Kelvin Corcoran Peter Hughes and Gillian Clarke Kennedy suggests relish the ekphrastic encounter as one in which word and image become mutually destabilizing Similarly other poets engage with the source artwork as a performance that participates in the ethical realm Showing that the ethical turn in ekphrastic poetry is often powerfully gendered Kennedy also surveys a range of ekphrastic poets from the Renaissance and nineteenth century to trace a tradition of female ekphrastic poetry that includes Pauline Stainer and Frances Presley Kennedy concludes with a critique of ekphrastic exercises in creative writing teaching proposing that ekphrastic writing that takes greater account of performance spectatorship may offer more fruitful models for the classroom than the narrativizing of images

American Poetry after Modernism Albert Gelpi, 2015-03-09 Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich Gelpi argues that a distinctly American poetic tradition was solidified in the later half of the twentieth century thus severing it from British conventions In Gelpi's view what distinguishes the American poetic tradition from the British is that at the heart of the American endeavor is a primary questioning of function and medium The chief paradox in American poetry is the lack of a tradition that requires answering and redefining redefining what it means to be a poet and likewise how the words of a poem create meaning offer insight into reality and answer the ultimate questions of living Through chapters devoted to specific poets Gelpi explores this paradox by providing an original and insightful reading of late twentieth century American poetry

The Academic Avant-Garde Kimberly Quiogue Andrews, 2023-01-10 The surprising story of the relationship between experimental poetry and literary studies In *The Academic Avant Garde* Kimberly Quiogue Andrews makes a provocative case for the radical poetic possibilities of the work of literary scholarship and lays out a foundational theory of literary production in the context of the university In her examination of the cross pollination between the analytic humanities and the craft of poetry writing Andrews tells a bold story about some of today's most innovative literary works This pathbreaking intervention into contemporary American literature and higher education demonstrates that experimental poetry not only reflects nuanced concern about creative writing as a discipline but also uses the critical techniques of scholarship as a cornerstone of poetic practice Structured around the concepts of academic labor such as teaching and methodological work such as theorizing the book traces these practices in the works of authors ranging from Claudia Rankine to John Ashbery providing fresh readings of some of our era's most celebrated and difficult poets

Free Verse Charles O. Hartman, 2014-07-14 To make sense of free verse in theory or in practice the whole study of prosody the function of rhythm in poetry must be revised and rethought Stating this as the issue that poets and critics have faced in the past century Charles Hartman takes up the challenge and develops a theory of prosody that includes the most characteristic forms of twentieth century poetry Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while

presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A Companion to Poetic Genre Erik Martiny, 2011-10-13 A COMPANION TO POETIC GENRE A COMPANION TO POETIC GENRE This eagerly awaited Companion features over 40 contributions from leading academics around the world and offers critical overviews of numerous poetic genres Covering a range of cultural traditions from Britain Ireland North America Japan and the Caribbean among others this valuable collection considers ancient genres such as the elegy the ode the ghazal and the ballad before moving on to Medieval and Renaissance genres originally invented or codified by the Troubadours or poets who followed in their wake The book also approaches genres driven by theme such as the calypso and found poetry Each chapter begins by defining the genre in its initial stages charting historical developments and finally assessing its latest mutations be they structural thematic parodic assimilative or subversive

Experimentalism as Reciprocal Communication in Contemporary American Poetry Elina Siltanen, 2016-10-06 The poems of John Ashbery Lyn Hejinian and Ron Silliman may seem to offer endless small details of expression observation thought and narrative which fail to hang together even from one line to the next But as Elina Siltanen shows here this extraordinary flow of uncoordinated detail can stimulate readers to join the poets in a delightful exploration of ordinary language When readers take a poem in this spirit they actually begin to read as members of a community the community not only of themselves and other readers but also including the poet and other poets plus all the speakers of the language in which the poem is written For all these different parties that language is indeed a shared resource and the way for readers to get started is simply by recalling or imagining some of the numerous kinds of context in which the given poem's words phrases sentences could or could not be successfully used The rewards for such proactive readers are on the one hand a heightened sense of the subtle interweavings of language and life and on the other hand a freshly empowered self confidence The point being that within the community of contemporary experimental poetry poets have no more authority than readers Rejecting older cultural hierarchies they present themselves as teasing out the idiomatic serendipities of their own poems together with their readers
