## **Selling Illusions The Cult Of Multiculturalism In Canada:**

*Selling Illusions* Neil Bissoondath, 1994 Since he immigrated to Canada two decades ago Neil Bissoondath has consistently refused the role of the ethnic and sought to avoid the burden of hyphenation a burden that would label him as an East Indian Trinidadian Canadian living in Quebec Bissoondath argues that the policy of multiculturalism with its emphasis on the former or ancestral homeland and its insistence that There is more important than Here discourages the full loyalty of Canada's citizens Through the 1971 Multiculturalism Act Canada has sought to order its population into a cultural mosaic of diversity and tolerance Seeking to preserve the heritage of Canada's many peoples the policy nevertheless creates unease on many levels transforming people into political tools and turning historical distinctions into stereotyped commodities It encourages exoticism highlighting the differences that divide Canadians rather than the similarities that unite them *Selling Illusions* is Neil Bissoondath's personal exploration of a politically motivated public policy with profound private ramifications a policy flawed from its inception but implemented with all the political zeal of a true believer *Selling Illusions* Neil Bissoondath, 2009

**Multiculturalism in Canada** Hugh Donald Forbes, 2019-10-12 Multiculturalism is often thought to be defined by its commitment to diversity inclusivity sensitivity and tolerance but these established values sometimes require contrary

practices of homogenization exclusion insensitivity and intolerance Multiculturalism in Canada clarifies what multiculturalism is by relating it to more basic principles of equality freedom recognition authenticity and openness Forbes places both official Canadian multiculturalism and Quebec s semi official interculturalism in their historical and constitutional setting examines their relations to liberal democratic core values and outlines a variety of practical measures that would make Canada a more open country and a better illustration of what a commitment to egalitarian cultural pluralism now means Consisting of a series of connected essays including careful considerations of the works of Will Kymlicka and Charles Taylor this book provides the first comprehensive account of multiculturalism in Canada Bringing Culture Back In Michael Böss,2015-09-30 Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies *Language in Canada* John Edwards,1998-07-09 *Language in Canada* provides an up to date account of the linguistic and cultural situation in Canada primarily from a sociolinguistic perspective The strong central theme connecting language with group and identity will offer insights into the current linguistic and cultural tension in Canada The book provides comprehensive accounts of the original charter languages French and English as well as the aboriginal and immigrant varieties which now contribute to the overall picture It explains how they came into contact and sometimes into conflict and looks at the many ways in which they weave themselves through and around the Canadian social fabric The public policy issues particularly official bilingualism and educational policy and language are also given extensive coverage Non specialists as well as linguists will find in this volume a companion to *Language in Australia* *Language in the USA* and *Language in the British Isles* an indispensable guide and reference to the linguistic heritage of Canada *Canada from the Outside in / Le Canada Vu D'ailleurs* Pierre Anctil,Zilá Bernd,2006 Selected papers presented at the International Council for Canadian Studies biennial conference held May 25 27 2005 *Reshaping the Mosaic* Ninette Kelley,Jeffrey G. Reitz,Michael J. Trebilcock,2025-04-30 Immigration remains a cornerstone of national policy although it has undergone significant transformations across economic family and refugee admission streams in the past two decades *Reshaping the Mosaic* offers an insightful exploration of Canada s immigration policy ranging from its historical roots to contemporary developments The book examines the growth in permanent and temporary immigration to Canada It explores changes in selection criteria and evaluates their impact on key policy objectives contributing to Canadian economic

prosperity facilitating family reunification providing refuge for those fleeing persecution and enabling the integration of immigrants and their descendants into Canadian society The book sheds light on the legal political economic and social paradoxes inherent in Canadian immigration policy highlighting shifts in exclusion powers deportation practices settlement support and citizenship rules as well as their implications for Canadian ideals of multiculturalism fairness and integration It documents the lack of transparency and informed public engagement in policy formation and the implications this lack may have on maintaining public confidence and ensuring that immigration policies align with the national interests Driven by a conviction that the contemporary changes in immigration policy need to be examined in a comprehensive and inclusive way Reshaping the Mosaic looks at recent shifts and their implications for society and offers invaluable insights for policymakers scholars and stakeholders aiming to assist the development of a new immigration policy framework
