Yeats](#) Stephen Maxfield Parrish,2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English W B Yeats Like A Concordance to the Poems of Matthew Arnold the first of the Cornell Concordances that are under the general editorship of Professor Parrish this volume was produced on an IBM 704 electronic data processing machine Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words The frequency of every word in Yeats s poems is given and an appendix lists all indexed words in order of frequency The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems *The Ethics of George Eliot's Works* John Crombie Brown,1880 *The loves of Pelleas and Etarre* Zona Gale,2022-08-21 In *The Loves of Pelleas and Etarre* Zona Gale reinterprets the classic Arthurian legend with a focus on the emotional and psychological complexities of love and desire

Through her lyrical prose Gale weaves a narrative that explores themes of longing sacrifice and the ephemeral nature of affection set against a richly imagined medieval landscape The book s style is imbued with vivid imagery and a poignant examination of the human condition positioning it within the early 20th century movement that challenged traditional narratives and sought deeper explorations of character and emotion Zona Gale an acclaimed author and a prominent figure in the early feminist literary movement undoubtedly drew from her own experiences and societal observations when crafting this tale Born in Wisconsin in 1874 she was exposed to the literary movement of her time which encouraged women to voice their own stories Gale s writing often reflects her deep understanding of human emotions and relationships making her a notable figure in literature for her attempts to bridge the gap between romantic idealism and tangible reality Readers seeking a thought provoking exploration of love that eschews conventional tropes will find *The Loves of Pelleas and Ettarre* to be a captivating addition to their literary journey Gale s nuanced understanding of her characters renders this work both timeless and relevant making it a must read for those interested in the intersections of love identity and the intricacies of human connection In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Making Worlds Claudia Breger, 2020-04-14 The twenty first century has witnessed a resurgence of economic inequality racial exclusion and political hatred causing questions of collective identity and belonging to assume new urgency In *Making Worlds* Claudia Breger argues that contemporary European cinema provides ways of thinking about and feeling collectivity that can challenge these political trends Breger offers nuanced readings of major contemporary films such as Michael Haneke's *The White Ribbon* Alejandro González Iñárritu's *Biutiful* Fatih Akın's *The Edge of Heaven* Asghar Farhadi's *A Separation* and Aki Kaurismäki's refugee trilogy as well as works by Jean-Luc Godard and Rainer Werner Fassbinder Through a new model of cinematic worldmaking Breger examines the ways in which these works produce unexpected and destabilizing affects that invite viewers to imagine new connections among individuals or groups These films and their depictions of refugees immigrants and communities do not simply counter dominant political imaginaries of hate and fear with calls for empathy or solidarity Instead they produce layered sensibilities that offer the potential for greater openness to others present past and future claims Drawing on the work of Latour Deleuze and Rancière Breger engages questions of genre and realism along with the legacies of cinematic modernism Offering a rich account of contemporary film *Making Worlds* theorizes the cinematic creation of imaginative spaces in order to find new ways of responding to political hatred
