Gutiérrez, Maeda J. Galinsky, 2017-05-16 This definitive text now revised and expanded has introduced thousands of students and practitioners to the theory and practice of social work with groups. Leading authorities outline major models of group work and address critical issues in planning, implementing, and evaluating interventions. The Handbook describes applications in all the major practice settings: mental health, prevention, child welfare, substance abuse, health care, aging, corrections, and more, as well as organizational and community settings. A strong focus on empowerment, social justice, and diversity is woven throughout. The empirical foundations of group work are reviewed, and innovative research methods are discussed. New to This Edition: Incorporates over a decade of advances in the field. Heightened focus on practitioner-researcher collaboration. Two chapters on substance abuse prevention with youth. Chapters on social justice work, evidence-based practice, offender reentry, intimate partner violence, intergroup dialogue, working with immigrants and refugees, qualitative methods, and intervention research. Major updates on existing topics such as cognitive-behavioral group work, psychoeducational groups, health care settings, and technology-mediated groups. Integrative epilogue that synthesizes key themes. **The International**

Handbook of Art Therapy in Palliative and Bereavement Care Michele Wood, Becky Jacobson, Hannah Cridford, 2019-05-30 The International Handbook of Art Therapy in Palliative and Bereavement Care offers a multicultural and international perspective on how art therapy can be of help to individuals, groups, families, communities, and nations facing death and dying, as well as grief and loss. Over 50 art therapists from around the world write about the transforming power of art therapy in the lives of those facing terminal illness, dementia, loss, and grief. They offer practical descriptions and techniques for working with adults and children to guide professionals, including those new to using art therapy and creative approaches in end-of-life care services. This international handbook is essential reading for arts therapists, social workers, medical personnel, faith leaders, and psychologists interested in a collaborative and accessible approach to working with patients and families affected by loss. *Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts* James Flood, Shirley Brice Heath, Diane Lapp, 2011 The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, a comprehensive overview of research on this topic, extends conceptualizations of literacy to include all of the communicative arts: reading, writing, speaking, listening, viewing, and the visual arts of drama, dance, film, art, video, and computer technology.

Handbook of Matching and Weighting Adjustments for Causal Inference José R. Zubizarreta, Elizabeth A. Stuart, Dylan S. Small, Paul R. Rosenbaum, 2023-04-11 An observational study infers the effects caused by a treatment, policy, program, intervention, or exposure in a context in which randomized experimentation is unethical or impractical. One task in an observational study is to adjust for visible pretreatment differences between the treated and control groups. Multivariate matching and weighting are two modern forms of adjustment. This handbook provides a comprehensive survey of the most recent methods of adjustment by matching, weighting, machine learning, and their combinations. Three additional chapters introduce the steps from association to causation that follow after adjustments.

are complete When used alone matching and weighting do not use outcome information so they are part of the design of an observational study When used in conjunction with models for the outcome matching and weighting may enhance the robustness of model based adjustments The book is for researchers in medicine economics public health psychology epidemiology public program evaluation and statistics who examine evidence of the effects on human beings of treatments policies or exposures
