Elferen,2009 Mystical Love in the German Baroque Theology Poetry Music identifies the cultural and devotional conventions underlying expressions of mystical love in poetry and music of the German baroque It sheds new light on the seemingly erotic overtones in settings of the Song of Songs and dialogues between Christ and the faithful soul in late 17th and early 18th century cantatas by Heinrich Sch tz Dieterich Buxtehude and Johann Sebastian Bach While these compositions have been interpreted solely as a secularizing tendency within devotional music of the baroque period Isabella van Elferen demonstrates that they need to be viewed instead as intensifications of the sacred Based on a wide selection of previously unedited or translated 17th and 18th century sources van Elferen describes the history and development of baroque poetic and musical love discourses from Sch tz s early works through Buxtehude s cantatas and Bach s cantatas and Passions This long and multilayered discursive history of these compositions considers the love poetry of Petrarch European reception of petrarchan imagery and traditions its effect on the madrigal in Germany and the role of Catholic medieval mystics in baroque Lutheranism Van Elferen shows that Bach s compositional technique based on the emotional characteristics of text and music rather than on the depiction of single words allows the musical expression of mystical love to correspond closely to contemporary literary and theological conceptions of this affect *Where He Leads Me* Joyce Ann Roush Boren,2011-11 A collection of poems in which God has taken the author s anxious moments and forced her mind and hand to make sense of them in the form of poetry He has inspired her driven her taught her and even given her lines and images to help her focus on what He would have her write They tell a very real story of the person she has become and are meant to be a testimony to the power of God in the life of a rebellious sinner Her journey has been both exhausting and exhilarating but it will be worth the effort if other lives are blessed and inspired High Talk Robert Snukal,1973-06-28 Snukal takes Yeats most ambitious philosophical poems and situates them in the British romantic tradition inaugurated by Coleridge s and Wordsworth s theories of the imagination and the European philosophical tradition of idealism inaugurated by Kant and Hegel **Many Ways of Love** Elena Belias,2010 Title of my book is Many Ways Of Love This Poetry book will contain Poems of many ways of love This is my second poetry book published These poems were Inspired by people in life who have experienced love in many different ways From Long lasting love to short term love affairs too fantasy love From friends to people I ve never met only seen walking by holding hands looking into one another s eyes Too other s who experience ups and downs in love where they had to say good bye Also desires of wanting to be loved even for the moment of wondering if Inspirations of couples who I know that are still in a loving relationship True Love always inspires me I ve also turned the negative to a positive showing that We all learn from those we meet in life although they may not be who we expect But have shared our lives with them Life holds many experiences too learn from some good and some not so good They have inspired me to write of both Some Are of my own learning s which I get to express as well come out of my dreams Is about a guy who appears in my dreams but not in reality One who we all some How have a fantasy man or woman who we wish would come out to reality Whisper it is a
